My Mom is a Fob-Teresa Wu

2011-01-04 Fob (noun)-
derived from the acronym
F.O.B. ("fresh off the boat")

Does your mom still make Peking duck instead of turkey on Thanksgiving, own a giant cleaver, or take twenty-four more napkins than she needs at Chipotle? Your mom may be a fob. Through their hit blog "My Mom Is a Fob," Teresa and Serena Wu have seized ownership of this formerly derogatory term, applying it instead to the heartfelt, hilarious, and thoroughly unique ways that Asian mothers adapt to American culture, from the perspective of those who love them most: their children.

Through texts, emails, phone calls, and more, My Mom Is a Fob showcases the stories of a community of Asian-American kids who know exactly what it's like to be on the receiving end of that amazing, unconditional, and sometimes misspelled love. It's about those Asian mothers who refuse to get in the car without their sun-protective arm sheaths, the ones who send us passive-aggressive text messages "from the dog" in hopes that we'll call home, and email us unsolicited advice about everything from homosexuality to constipation. In these pages you'll find solace in the fact that thousands of moms out there are as painfully nosy, unintentionally hilarious, and endearingly fobby as yours is. Concise Oxford Companion to the English Language-Thomas Burns McArthur 2005 Providing a single-volume source of information about the English language, this text takes in language examples from Cockney to Creole across a historical range from Chaucer to Chomsky. Chica and the English Teacher-Sharon Kay Johnson 2011-12-29 Betty, a retired high school English teacher, witnesses a triple murder committed by a Mafia kingpin in Birmingham, Alabama of all places! Shes on the run for her life in the witness protection program. The killer is obsessed with finding her and so is Birmingham's Detective Bailey not to mention the rival Mafia family who want to exert their own revenge on the killer. The chase is on from the Deep South to Naples to New York City. Betty changes from a lonely, withdrawn older woman into a self-confident force that's to be reckoned with by all those who meet her. The Word-Isaac E. Mozeson 2000 This landmark dictionary proves that English words can be traced back to the universal, original language, Biblical Hebrew. Genesis II supports a 'Mother Tongue' thesis, and the Bible also claims that Adam named the animals. This may seem difficult to accept, but then why do the translations of the following animals' names: Skunk, Gopher, Giraffe and Horse actually have

corresponding meanings in Biblical Hebrew, such as: Stinker, Digger, Neck and Plower? The book features overwhelming data suggesting that the roots of all human words are universal, and that words have related synonyms and antonyms that must have been intelligently designed (perhaps by the designer of life himself!) The current hypothesis that language evolved from grunting apemen may seem like the flat earth theory after reading this book. The 22,000 English-Hebrew links provide surprising evidence, and open new worlds of understanding, once we consider that all of these similar words could not be coincidences.

Breaking the Mother-Son Dynamic-John Lee 2015-08-04 Therapists and the general public are familiar with the terms "(s)mothering," "helicopter moms," and "boomerang sons" because they have been popularized in films like *Monster in Law*, *Cyrus* and *Failure to Launch*—but what makes for humorous fodder onscreen depicts a troubling issue that's being played out for

real in therapists' offices, bedrooms, and divorce courts across the nation: an epidemic of men who are enmeshed in unhealthy, energy-sucking, and emasculating relationships with their mothers. Even though these men are grown and living away from Mom, her influence has left them unable to fully commit or to fully love, and they are plagued with anger issues, indecisiveness, depression, or toxic stress. In *Breaking the Mother-Son Dynamic*, John Lee takes an eye-opening look at how a mother's love or lack thereof impacts a son's life choices and life partner or lovers. Perhaps you are one of these men (or maybe you recognize these behaviors in the man you love). Do you hold back, swallow, or bottle up things you wish you could say to your mother for fear it would upset or "kill" her? Did you grow up hearing negative things about men, masculinity, being a male, and how you shouldn't be like 'the rest of them'? Does your mother, or did she, fail to respect your boundaries as a child, adolescent, or adult? Does your mother keep

referring to you as her "baby" or her "little boy" even after you became an adult? If you answered "yes" to any of these questions, you may be caught in an unhealthy mother-son dynamic that is negatively affecting key areas of your life. Several years ago, John Lee wrote what came to be the most authoritative book on why men run from relationships, *The Flying Boy: Healing the Wounded Man*. Here, he visits the mother-son relationship and gently but assertively shows men how to separate from the mother energy that has a massive pull on their hearts and souls, no matter how young or old they may be. In a work that is a combination of memoir, self-help psychology, recovery and personal growth, he discovers: why a relationship of 50-50 responsibility doesn't work, and what does work; how men can stop "sonning" mothers, lovers, and wives; why one must learn his or her own "rhythm of closeness"; how to be really present to those we love and to life itself; and much, much more. Using case studies, personal stories, and assessments, the book helps men release any anger

and grief toward their mothers and teaches them how to take responsibility for their adult selves; most importantly, Lee provides an understanding of what healthy adults should—and shouldn't—expect from each other. Lee shows wives and girlfriends how to stop being their man's surrogate mother and shows well-meaning mothers how certain behaviors may perpetuate an unhealthy cycle and how to better relate to their sons in healthier ways. By helping mothers and sons identify this dynamic and providing them with the tools to dismantle it, this book will change lives. For anyone who is ready to make a clean, clear, and guilt-free separation from the kind of (s)mothering and "sonning" that just hasn't worked, John Lee will show them the way. The Desk Standard Dictionary of the English Language, Designed to Give the Orthography, Pronunciation, Meaning, and Etymology of about 83,000 Words and Phrases in the Speech and Literature of the English-speaking Peoples-James Champlin Fernald 1922 Something Rotten-Alan M.

Gratz 2009-01-08 Denmark, Tennessee, stinks. The smell hits Horatio Wilkes the moment he pulls into town to visit his best friend, Hamilton Prince. And it's not just the paper plant and the polluted river that's stinking up Denmark: Hamilton's father has been poisoned and the killer is still at large. Why? Because nobody believes that Rex Prince was murdered. Nobody except Horatio and Hamilton. Now they need to find the killer, but it won't be easy. It seems like everyone in Denmark is a suspect. Motive, means, opportunity--they all have them. But who among them has committed murder most foul?

Manly Meals and Mom's
Home Cooking-Jessamyn
Neuhaus 2012-04-01 From
the first edition of The Fannie
Farmer Cookbook to the latest
works by today's celebrity
chefs, cookbooks reflect more
than just passing culinary
fads. As historical artifacts,
they offer a unique
perspective on the cultures
that produced them. In Manly
Meals and Mom's Home
Cooking, Jessamyn Neuhaus
offers a perceptive and
piquant analysis of the tone
and content of American
cookbooks published between
the 1790s and the 1960s,
adroitly uncovering the
cultural assumptions and
anxietiesâ€”particularly about
women and

domesticityâ€”they contain.
Neuhaus's in-depth survey of
these cookbooks questions the
supposedly straightforward
lessons about food
preparation they imparted.
While she finds that
cookbooks aimed to make
readersâ€”mainly white,
middle-class womenâ€”into
effective, modern-age
homemakers who saw joy, not
drudgery, in their domestic
tasks, she notes that the
phenomenal popularity of Peg
Bracken's 1960 cookbook, *The
I Hate to Cook Book*, attests
to the limitations of this kind
of indoctrination. At the same
time, she explores the
proliferation of bachelor
cookbooks aimed at "the man
in the kitchen" and the biases
they display about male and
female abilities, tastes, and
responsibilities. Neuhaus also
addresses the impact of World
War II rationing on homefront
cuisine; the introduction of
new culinary technologies,
gourmet sensibilities, and
ethnic foods into American
kitchens; and developments in
the cookbook industry since
the 1960s. More than a
history of the cookbook,
*Manly Meals and Mom's
Home Cooking* provides an

absorbing and enlightening
account of gender and food in
modern America.
