A Matter of Time: Vol. 1-Mary Calmes 2011-07-18 Jory Keyes leads a normal life as an architect's assistant until he is witness to a brutal murder. Though initially saved by police Detective Sam Kage, Jory refuses protective custody—he has a life he loves that he won't give up no matter who is after him. But Jory's life is in real jeopardy, especially after he agrees to testify about what he saw. While dealing with attempts on his life, well-meaning friends who want to see him happy, an overly protective boss, and a slowly unfolding mystery that is much more sinister than he could ever imagine, the young gay man finds himself getting involved with Sam, the conflicted and closeted detective. And though Jory may survive the danger, he may not survive a broken heart.

A Matter of Time: Vol. 2-Mary Calmes 2011-07-18 Three years ago, Jory Harcourt changed his name and shut the door on a past full of pain, only to emerge stronger on the other side. He has a new career, a great working partner, and a satisfying life—except for the hole in his chest left behind when police Detective Sam Kage walked out with his heart. Now Sam's back and he knows what he wants... and what he wants is Jory. Jory, who doesn't know if he can survive another break up or losing Sam to his dangerous job, resists returning to the arms of the only man he has ever truly loved. But when a serial killer with a score to settle targets Jory, he will have to decide if love is worth the danger as he tries to solve the case and keep Sam safe.

Until the End of Time-Brian Greene 2020-02-18 From the world-renowned physicist and best-selling author of *The Elegant Universe* comes this captivating exploration of deep time and humanity's search for purpose. *Until the End of Time* is Brian Greene's breathtaking new exploration of the cosmos and our quest to understand it. Greene takes us on a journey across time, from our most refined understanding of the universe's beginning, to the closest science can take us to the very end. He explores how life and mind emerged from the initial chaos, and how our minds, in coming to understand their own impermanence, seek in different ways to give meaning to experience: in narrative, myth, religion, creative expression, science, the quest for truth, and our longing for the eternal. Through a series of nested stories that explain distinct but interwoven layers of reality—from quantum mechanics to consciousness to black holes—Greene provides us with a clearer sense of how we came to be, a finer picture of where we are now, and a firmer understanding of where we are headed. With this grand tour of the universe, beginning to end, Brian Greene allows us all to grasp and appreciate our fleeting but utterly exquisite moment in the cosmos.

A Matter of Honor-Larry Auerbach 2019-02-18 Set in 1877, in New Mexico Territory, former Union sniper Jonah Berryman is presently working as a bounty hunter who is known for bringing his man in alive, but Jonah is here on personal business and is hunting someone on his own time. He has some unfinished business with a doctor who saved his life but left his cousin to die. He has been looking for this doctor ever since the War ended, but not knowing what the doctor looked like has been a big problem. Now he is here

in the town of Willow Springs because someone sent him a wire saying the man was here. But as soon as he arrived in town someone started shooting at him. Now he is the middle of another war, and Jonah can't tell which side is which...or even who is one what side. All he knows for sure is that he is in the middle. As the lead continues to fly his way, Jonah realizes someone has set him up to be the next casualty of their own private war. He has to figure out who it is that is behind all of this, if he has any hope of getting out of town alive. And he still has to find out who put him in the middle of this and why.

Starfire Vol. 2: A Matter of Time-Amanda Conner 2017-01-31 Even Starfire isn't immune to an old flame. Just when the golden-skinned alien warrior princess thought she'd settled in to her new life in Florida's sunny Key West—even if that new life did involve battling deadly enemies every now and then—along comes the ex that she, and the rest of the world, thought was dead: Dick Grayson, formerly known as Nightwing! In a quest to save his secret identity, he faked his own death and went underground, working as a superspy rather than a superhero. Now Dick's back in town to help Kori take down the sinister Soren Hook. Will sparks fly between these two tremendously good-looking heroes? And when Starfire and her friends take an impromptu road trip to clear their heads, what craziness will they return to in Key West—if they even return at all? Find out in *STARFIRE VOL. 2: A MATTER OF TIME*, from the creative team of Amanda Conner, Jimmy Palmiotti, Elsa Charretier and Emanuela Lupacchino—a smart, sexy, rollicking romp that puts the orange in Florida! Collects *STARFIRE #7-12*.

The Sheikh's Christmas Baby-Leslie North 2016-12-19 Their passionate affair ended in heartbreak when he left without warning. When he returns unexpectedly, can their heat melt away the hurt of the past? Kashif Shadid has always craved adventure. With one last chance to win the Iditarod dog sled race before assuming his role as Sheikh, he's returned to the Alaskan wilderness to train at a legendary sled dog farm. But returning means coming face to face with Kristy Cohen, the woman who captured his attention years ago. He's thrilled once again by her icy beauty, but her farm is facing financial ruin. Kashif's eager to take control, however, getting her to agree with his plans may be a challenge. Kristy Cohen works hard to keep her sled dog farm afloat while raising her young daughter. Faced with declining revenues and a changing climate, Kristy's struggling, but she's not willing to turn her back on her business model. When Kashif Shadid shows up out of the blue pushing her to make changes, Kristy's response is as cold as the Alaskan snow. She fell for tall, handsome Kashif once before. After four years without a word from him, she won't be making that mistake again. This time, Kristy's guarding more than just her heart. With her farm and her daughter to consider, can she ever risk taking a chance on Kashif again?

A Matter of Principle-Kris Tualla 2010-12 Watch all the Hansen Series book trailers here: <http://www.youtube.com/user/ktualla/videos> 4 STARS!!! This riveting novel shows that dirty politics have been around for a long time. The story is quite emotional, with plenty of action, and the characters have many serious problems, yet they also share much love and a fair amount of laughter. The time period is depicted quite realistically. It is helpful to have read the previous books featuring these characters. -Romantic Times Book Reviews January 2011 ***** St. Louis, Missouri 1821 Nicolas Hansen has returned from Norway determined to change the world. But when he runs for State Legislator in the brand-new state of Missouri, the enemies he made over the past two years aren't about to step quietly aside. Sydney has made enemies of her own, both by marrying Nicolas and by practicing midwifery. When a newspaper reporter makes it his goal to destroy them, Nicolas must rethink his path once again. But this time, it's a matter of principle. ***** Tualla has hit her stride in this, the third installment of the Nicolas & Sydney series. With the story revolving around Nicolas' bid for a seat on the Missouri State Legislature in 1822, Tualla takes us on a wild ride of crooked politics, moral deceit, haunting pasts and the love that sees the two main characters through it all. The pace is quick and the unanswered questions keep you moving to the next page to discover the decision made or the truth revealed. The ending is satisfying, but uncertain till the final pages. But it is the characters that will draw you in. Be sure to read the first two books, *A Woman of Choice* and *A Prince of Norway*, to appreciate the entire back story for this tale. -Gerald Thomson A tale that embraces the heart with a fierce, emotional grasp and doesn't let go. "A Matter of Principle" takes you to a time when men are true heroes, women

show true strength, and true love lasts forever." -Kerri Nelson Best-Selling Author of "Miss Taken" Characters that live and breathe - off the pages and into your heart. -Amber Scott Best-Selling author of "Irish Moon" ABOUT THE HANSEN SERIES: In Historical Romances, there are countless "kilted warrior" stories... It's time for a new breed of heroes! Big, blond, buff and beautiful, with eyes the colors of seawater and the untamable blood of their Viking ancestors flowing through their veins. Do you feel it? The Hansen Men of Arendal, Norway with stories from 1354 following the Black Death through the 1840's American west are just such heroes. Come along and discover why: "Norway IS the New Scotland!"

A Matter of Faith-Duke Woodrick 2017-04-17 Who killed Sandra Brown?Ella Mae Martin knows, but will anyone believe her?Ella Mae Martin got a quick look at the other side after suffering cardiac failure. But that's all it was. A glimpse of heaven, where she comes in contact with an angelic figure, a little boy, and his dog. The angelic figure tells her she hasn't completed her mission and must return to earth. But before she reenters her body she takes a slight detour, one just long enough to witness a serial killer's latest killing. After waking up in the hospital's morgue, she tracks down her doctor and explains to him what she saw while she was out of her body. That's when she realizes that she's the only one who can identify the killer. Game Ender-B. James Patterson 2015-03-09 Raven West is starting over. She's a ship's captain without a ship. She's broke, and because she's beautiful, few investors take her seriously. However, she's not without resources: a cool head, a sharp mind, and a steady gun make all the difference. Want of money drives her to take work as a freelance security agent for a team of scientists. They need her to protect their plans and equipment, though it may already be too late. Part of that technology—plans to a weapon of insurmountable power—has already fallen into the wrong hands. Raven must infiltrate the weapon itself and sabotage key components. To get the job done, she must elude the weapon's security and escape detection, even as the forces of several governments align against her. Coming out of this alive will require the help of her brother Gideon, his guns, and every bit of luck she's never had. But there's no choice. If she's ever going to get a ship to call her own she first has to keep the universe from blowing up.

Nearly Mended (Nearly #2)-Devon Ashley 2014-04-15 Megan Whitaker desperately wants to forget what the Malone brothers have done to her over the past two years - the haunting images and sensations still plaguing her thoughts and dreams - but she can't. Charles may be dead, but Zander isn't. I'll bring you back to me. She wants to believe she's safe with Nick in their secluded new home, but it doesn't keep her from looking over her shoulder, jumping over unexpected sounds, carrying a concealed weapon or even preparing for the worst. Because she fears the time is near. Nick Ellis has seen a change in his long, lost love. Battered emotionally and physically, Megan spends her days at self-defense classes and researching things that'll never allow her to let go of the past. And he feels guilty even wanting her to, because he knows that heathen will return, it's only a matter of time. And when he does, Nick knows he will do everything possible to save her, even if it means taking another shot to the heart. But for Megan, there is no escaping the world of sex trafficking, nor the band of men who continually aid one another to keep it thriving. And as her nightmarish world encroaches on reality, Megan soon realizes there are far worse evils to fear than the sadistic man who haunts her dreams. New Adult Romantic Suspense / Dark Realistic Fiction Recommended for 17+ for mature and disturbing situations, language and sexual content.

Lawrence 2014-06-15 1st Place Gold Award in the 2015 Feathered Quill Book Program for Science Fiction/Fantasy! Finalist in the 2014 Book Pipeline Contest! Travel to the future - it will only cost you everyone you love. Attacked and injected with a drug which slows his metabolism to a fraction of normal, Martin James becomes an unwilling time traveler who hurtles through the years. His children grow up, his wife grows older, and his only hope is finding the people who injected him in the first place- not an easy task when one day for Martin lasts four years. And while Martin James strives to find a cure before everyone he loves is gone, others are uncertain if his journey can be stopped at all. W. Lawrence weaves a dystopian future filled with the best and worst of humanity, highlights the blessings and curses of technology, and pushes the limits of faith and hopelessness. Above all, Syncing Forward is a tale of one man's love for his family, and their devotion to saving him from being lost forever. Zompc Survivor-Ben Reeder 2015-07-24 Dave Stewart has survived the inferno of Kansas City and come out the other side. To the rest of the world his fate is uncertain, and by now even Agent Keyes knows better than to assume he's dead. As Keyes and his rogue DHS agents continue their search for him, Dave knows that Plan A, as usual, won't work. His only chance is to keep moving until he can find a safe way to make contact with Nate Reid and figure out his next move. As Dave's odyssey across a zombie infested America continues, he encounters the best and the worst in his fellow survivors. He will find new allies, learn more about the true nature of the Asura virus, and his role in even bigger designs than he ever imagined. But, in a land filled with enemies both living and dead, is all the skill, wit and courage in the world enough to help him survive? Or will this be Dave Stewart's last journey?

Loving Jade-Roya Carmen 2017-05-23 I never thought I'd be able to leave Michael, but I finally worked up the courage. I'm not sure where I'm heading but I feel safe here with the Riverstones. This place is lovely and serene. There is so much beauty and love here.Yet, I still don't feel free - I know Michael will find me. It's just a matter of time.Love is the last thing I'm looking for, but Flynn is such a beautiful man, inside and out. He makes me believe that I can be stronger, that I can be fierce. He believes he can fix me with equine therapy but he has no clue how much damage has been done.Yet, somehow, he manages to get through to me. With patience, love and understanding, he slowly peels off the hard layers of self-doubt and fear that have held me captive all these years.Just as I finally start to get stronger, Michael tracks me down and sends us all into turmoil, and threatens not only me but the family I've come to love.Author's note:Loving Jade contains explicit sexual scenes and some coarse language, and is intended for a mature audience. Loving Jade also contains scenes of domestic abuse and violence which could be a trigger for some. The central theme of the story, however, is female empowerment and self-love. Equine therapy plays a large role in this story as I wanted to share this wonderful form of therapy with my readers.Loving Jade is the last book in The Riverstone Series, and can be enjoyed as a standalone. However, if one intends to read all three books, it is best to read them in chronological order to avoid spoilers.

Piece of Cake-Mary Calmes 2015-08-12 After years of domestic partnership, Jory and Sam are finally going to make it official. Should be a piece of cake, right?

The Search for the Meaning of Space, Time, and Matter-Kai Woehler 2009-02-23 The book gives a comprehensive introduction for interested general readers, into the development and structure of concepts, ideas and theory formation about the elementary building blocks of matter, the forces with which these particles interact and about the fundamental nature of space itself. Einsteins theory of the cosmos and the recent discovery of the

presence of a dark energy which leads to an accelerated expansion of cosmic space, provide the background for the most astonishing recent developments in the search for the origin of space and matter. The String-Theory revolution has led to the notion that nature may not follow one unique set of laws to build worlds, but that innumerable many possible universes may exist, that worlds may be emerging and disappearing like biological species and that our existence may be extraordinarily rare and therefore precious. An introduction to the concept of emergence in self-organizing systems is given to make the connection to the idea that Emergence may be the inherent creative property of space and matter at the quantum level.

The Confessions of Caliban and Other Stories-Nigel Sellars 2002-11-01 From the depths of outer space to the tight spaces of the inner mind, the short stories in this collection range from the confessions of a Shakespearian monster, to the rantings of a serial killer who exists outside time and space, and to the bemused thoughts of a man whose world is literally falling apart around him. Moving from the humorous The World, the Flesh, and Maxwell Harrison to the horrific Melissa's Bear and the

cautionary Priorities, the Confession of Caliban and Other Stories seeks to go beyond the average science fiction or fantasy story and explore human experiences in a variety of writing styles, from the traditional to the experimental. Whether you come away with a smirk, a smile, or a decided chill up your spine, you will find these short stories an unforgettable experience.

The Existence and Attributes of God (Vol. 1&2)-Stephen Charnock 2020-04-10 The Existence and Attributes of God in 2 volumes is a series of discourses and lectures delivered by the great Stephen Charnock to the members of his congregation at Crosby Hall. Charnock discusses, in a logical flow of thoughts, the existence of God, and the untenability of maintaining an atheistic worldview. Unfortunately, however, the Discourses were cut short by Charnock's death in 1680.

A History of the Warfare of Science with Theology in Christendom, Vol. II (in Two Volumes)-Andrew D. White 2010-01-01 The battle between science and religion in American popular life is as old as America itself. By the late 19th century, it had reached a fever pitch, culminating in the two-volume 1896 work A History of the Warfare of Science with Theology in Christendom. The result of thirty years of research by historian and educator ANDREW DICKSON WHITE (1832-1918), a founder of Cornell University, this is White's attack on intellectually stifling religious dogma and his explication of the "conflict thesis" of outright warfare between science and religion. While scholars today generally see the situation as more nuanced, the conflict thesis remains a popular metaphor in the mind of the general public, and White's work continues to speak to us today. H.L. Mencken called this "one of the noblest monuments of American scholarship," and it will fascinate anyone who is troubled by the ongoing influence by religious authorities into secular science. In Volume II, White looks at the shift "from miracles to medicine," "from demonic possession to insanity," and other modern transformations of humanity's understanding of the world and ourselves.

Science of Synthesis: Houben-Weyl Methods of Molecular Transformations Vol. 2-Tsuneo Imamoto 2014-05-14 Science of Synthesis provides a critical review of the synthetic methodology developed from the early 1800s to date for the entire field of organic and organometallic chemistry. As the only resource providing full-text descriptions of organic transformations and synthetic methods as well as experimental procedures, Science of Synthesis is therefore a unique chemical information tool. Over 1000 world-renowned experts have chosen the most important molecular transformations for a class of organic compounds and elaborated on their scope and limitations. The systematic, logical and consistent organization of the synthetic methods for each functional group enables users to quickly find out which methods are useful for a particular synthesis and which are not. Effective and practical experimental procedures can be implemented quickly and easily in the lab. // The content of this e-book was originally published in October 2002.

Abraham Lincoln: Speeches and Writings Vol. 1 1832-1858 (LOA #45)-Abraham Lincoln 1989-10-01 Abraham Lincoln measured the promise—and cost—of American freedom in lucid and extraordinarily moving prose, famous for its native wit, simple dignity of expressions, and peculiarly

American flavor. This volume, with its companion, Abraham Lincoln: Speeches and Writing 1859-1865, comprises the most comprehensive selection ever published. over 240 speeches, letters, and drafts take Lincoln from rural law practice to national prominence, and chart his emergence as

an eloquent antislavery advocate and defender of the constitution. included are the complete Lincoln-Douglas debates, perhaps the most famous confrontation in American political history.
