A Mediterranean Love Story-Joan Pla 2014-10-31 A Mediterranean Love Story is a teenagers' love story during a dictatorship epoch where the relationships between children were nearly impossible out of the official engagement. A story where the class hatred, the sexual repression, the freedom, the political persecution, the women's liberation, or simply the natural love, live together, in front of the sensitive presence of the landscape, the wish of escaping from home towards distant countries. All that is lived by two teenagers, Sergi and Maria, who were not ready for a so socially conditioned life, like that one of the 60th, while the Beatles sang about freedom... Joan Pla is a teacher and a Catalan writer. He studied Economic Sciences in Barcelona and Teaching Studies. He has written about adventures, fiction, love, thriller, mystery stories and tales for children, young and old people. His first novel, A mediterranean love story, is a bestseller from the 80s. He has written a second part: Only the sea will speak to us of love. He has received a great amount of literary awards and public recognitions. Amongst his important novels he emphasizes The violinist of Paris, The Pharaoh's island, The time doesn't go by in Montmartre, and fifty more...

Petros-Joan H. Parks 2014-02 After the great destruction which obliterated the palace cultures of Minos, Ugarit, and many cities along the Mediterranean coast, the trade routes that connected the late Bronze age cities were disrupted. Part 3 continues the stories of the descendents of Thutmose, the founding Egyptian artist. Little Petros grows into a man who loves adventures and the life of traveling. He comes upon the nomadic Bedouin and their cherished war-mares and loses his heart to them. He cannot live with them for he owes duty to his kin. He and his brothers are sent to Egypt to purchase gems, gold and linen and discover if the old trade routes remain. They come upon an Arabian war-mare, and her companions; a girl disguised as a boy and a man who might be her father who are also on their way to Egypt. Nothing is as it appears, and surrounded by old animosities, old grudges, and old feuds, the three brothers barely escape Egypt with their lives. They are pursued to their new home by distant kin and old grudges. Petros grows into his manhood, discovers in himself the ability to innovate in an uncertain and changing world, forges new friendships and embarks on a tender love story.

Curiosity-Joan Thomas 2011-02-01 Award-winning novelist Joan Thomas blends fact and fiction, passion and science in this stunning novel set in 19th-century Lyme Regis, England — the seaside town that is the setting of both The French Lieutenant's Woman and Jane Austen's Persuasion. More than 40 years before the publication of The Origin of Species, 12-year-old Mary Anning, a cabinet-maker's daughter, found the first intact skeleton of a prehistoric dolphin-like creature, and spent a year chipping it from the soft cliffs near Lyme Regis. This was only the first of many important discoveries made by this incredible woman, perhaps the most important paleontologist of her day. Henry de la Beche was the son of a gentry family, owners of a slave-worked estate in Jamaica where he spent his childhood. As an adolescent back in England, he ran away from military college, and soon found himself living with his elegant, cynical mother in Lyme Regis, where he pursued his passion for drawing and painting the landscapes and fossils of the area. One morning on an expedition to see an extraordinary discovery — a giant fossil — he meets a young woman unlike anyone he has ever met... From the Hardcover edition.

Dear Joan-Joan Charles 2011-04-01 Dear Joan comprises a unique series of letters between a young airman, Tony Ross, and Joan Charles, a girl whom he met briefly in England before he was posted to the Mediterranean during the Second World War. Through these letters, the book traces the development of their relationship from friendship to long-lasting love. With the enthusiasm of youth, Tony and Joan share their dreams of an ideal life in a reconstructed, post-Second World War Britain. Joan's letters reveal the problems of daily life in wartime Britain and give an insight into her voluntary work for the Fire Guard, the land army and the Red Cross, and the bureaucracy she encounters in her job with the Civil Service. Meanwhile, Tony describes the challenges of life in the desert, his increasing responsibilities in the RAF and his experiences in the numerous countries he visits throughout the Middle East. Dear Joan is a touching account of how Tony's and Joan's love began with a chance wartime encounter and quickly blossomed through letters exchanged throughout the Second World War, across the miles that separated them.

Journey to Destiny-Edwin C. Briggs 2010-12 Journey To Destiny is the love story of two men, whose relationship spanned forty four years. As life partners, they shared an expedition of discovery; travel, financial success and failure, hardship, illness, tragedy, happiness, indiscretions and infidelities, but most of all, love. Respected for who they were, rather than what they were, their challenges were faced without prejudice or malice. Although Journey To Destiny is in many aspects an insight into the gay lifestyle, more importantly, it dissects the humor, adventure, heartache, devotion and commitment sustained during five decades. With unrelenting candor, the book is an intimate portrait into the reality of bi-polar disorder, Alzheimer's Disease, cancer, heart and lung disease; endured amidst happiness and heartbreak.

The Pirate-Joan Fallon 2019-11-26 Set in 11th century Málaga, 'The Pirate' is the second book in The City of Dreams trilogy. This fast moving and exciting historical novel takes the reader into the medieval world of the merchants and seafarers who sail along the western coast of the Mediterranean, and the pirates who terrorise them. Early one morning, the ambitious pirate captain, al-Awar, makes a lightning raid on the shipyard in Málaga and kidnaps Bakr, a master shipbuilder, and two of his workmen. Before anyone can do anything about it, they have disappeared. No-one has any idea why the pirates have taken them or where they have gone, but everyone agrees that only one of two fates await them: death or slavery. When Bakr's wife receives the news, she is heartbroken but refuses to listen to those who say there is little hope of ever finding her husband alive. Instead she is determined to discover where the pirates have taken him. With the entire Mediterranean to hide in, finding the kidnapped men seems to be an impossible task, but she refuses to give up and motivates her family and friends to search for him. At the heart of this novel is the tender love story of Aisha and Bakr's deep feelings for each other. It is the thought of her that helps to keep him alive while he is in captivity with little prospect of ever seeing his home and family again, and it is her love for him that gives her the strength to never give up hope of bringing him home.

Roumeli-Patrick Leigh Fermor 2011-10-12 Get lost in northern Greece with one of the greatest travel writers of the 20th century as he travels to monasteries, among shepherds, and throughout the hills, mountains, and rugged coastline of this enchanted land. Roumeli is not to be found on present-day maps. It is the name once given to northern Greece—stretching from the Bosporus to the Adriatic and from Macedonia to the Gulf of Corinth, a name that evokes a world where the present is inseparably bound up with the past. Roumeli describes Patrick Leigh Fermor's wanderings in and around this mysterious and yet very real region. He takes us with him among Sarakatsan shepherds, to the monasteries of Meteora and the villages of Krakora, and on a mission to track down a pair of Byron's slippers at Missolonghi. As he does, he brings to light the inherent conflicts of the Greek inheritance—the tenuous links to the classical and Byzantine heritage, the legacy of Ottoman domination—along with an underlying, even older world, traces of which Leigh Fermor finds in the hills and mountains and along stretches of barely explored coast. Roumeli is a companion volume to Patrick Leigh Fermor's famous Mani: Travels in the Southern Peloponnese.

Dalentini 2013-06-20 It's the beginning of the new millennium and Tony Mascelle, the CEO of a struggling Internet startup, is desperately trying to keep his young company alive in the midst of the economic chaos following the bursting of the Internet Bubble. He thought that he was living through the most difficult time in his life, until one morning when he wakes up to discover a new world that, by comparison, makes his former trials and tribulations seem absurdly mundane. An unsettling dream, a flash in an open window across the street, a visit from a mysterious federal agent; and a beautiful and enigmatic woman, begins his introduction to his family's 400 year old secret. A secret that has claimed kings, kingdoms, and even presidents. Now, he discovers that his family's dark and turbulent past is about to collide with his present, in a series of events that will threaten not only his life, but the lives of countless millions. The Covenant of Malta is an epic family saga that spans centuries, taking the reader on a breathtaking ride from an historic siege at a massive citadel, located on a pivotal island outpost in the distant reaches of the Eastern Mediterranean, to a small beach cottage in a sleepy summer community on New York's Fire Island, where Tony Mascelle is forced to take a stand against an enemy who intends to thrust a dagger into the heart of America, beginning with a blade that will arrive from the sky, in the worst terrorist attack in history.
