The Rise and Fall of the Irish Franciscan Monasteries, and Memoirs of the Irish Hierarchy in the Seventeenth Century-Charles Patrick Meehan 1869

Saint Patrick Apostle of Ireland: A Memoir of his Life and Mission-James Henthorn Todd D.D. THE AUTHOR feels that some apology is required for having occupied in this volume so large a space with merely introductory matter. But Irish history is so little known, that it became necessary to explain at considerable length certain customs or usages of the antient Church

of Ireland, which by some writers have been greatly misunderstood, and by others concealed or kept out of view. It was important to make it clear that those usages were not of the nature of heretical or schismatical irregularities, nor all of them, strictly speaking, peculiar to Ireland. Some of them were the result of the insulated position of the country, combined with the social condition of the people under the government of their aboriginal chieftains; some of them were antient customs, which continued to exist in Ireland long after they had been abolished elsewhere; and some had been abolished elsewhere for reasons which did not apply to Ireland. Aeterna Press

The Global Dimensions of Irish Identity-Cian T. McMahon 2015-04-13 Though Ireland is a relatively small island on the northeastern fringe of the Atlantic, 70 million people worldwide--including some 45 million in the United States--claim it as their ancestral home. In this wide-ranging, ambitious book, Cian T. McMahon explores the nineteenth-century roots of this transnational identity. Between 1840 and 1880, 4.5 million people left Ireland to start new lives abroad. Using primary sources from Ireland, Australia, and the United States, McMahon demonstrates how this exodus shaped a

distinctive sense of nationalism. By doggedly remaining loyal to both their old and new homes, he argues, the Irish helped broaden the modern parameters of citizenship and identity. From insurrection in Ireland to exile in Australia to military service during the American Civil War, McMahon's narrative revolves around a group of rebels known as Young Ireland. They and their fellow Irish used weekly newspapers to construct and express an international identity tailored to the fluctuating world in which they found themselves. Understanding their experience sheds light on our contemporary debates over immigration, race, and globalization.
