A Memorial of the Town of Hampstead, New Hampshire- 1899

American Literary Gazette and Publishers' Circular- 1866

The Ghosts of Guerrilla Memory-Matthew Christopher Hulbert 2016-10-15 The Civil War tends to be remembered as a vast sequence of battles, with a turning point at Gettysburg and a culmination at Appomattox. But in the guerrilla theater, the conflict was a vast sequence of home invasions, local traumas, and social degeneration that did not necessarily end in 1865. This book chronicles the history of "guerrilla memory," the collision of the Civil War memory "industry" with the somber realities of irregular warfare in the borderlands of Missouri and Kansas.

In the first accounting of its kind, Matthew Christopher Hulbert's book analyzes the cultural politics behind how Americans have remembered, misremembered, and re-remembered guerrilla warfare in political rhetoric, historical scholarship, literature, and film and at reunions and on the stage. By probing how memories of the guerrilla war were intentionally designed, created, silenced, updated, and even destroyed, Hulbert ultimately reveals a continent-wide story in which Confederate bushwhackers—pariahs of the eastern struggle over slavery—were transformed into the vanguards of American imperialism in the West.
