The Memory Police-Yoko Ogawa 2020-07-28 Finalist for the International Booker Prize and the National Book Award  
A haunting Orwellian novel about the terrors of state surveillance, from the acclaimed author of The Housekeeper and the Professor. On an unnamed island, objects are disappearing: first hats, then ribbons, birds, roses. . . . Most of the inhabitants are

oblivious to these changes, while those few able to recall the lost objects live in fear of the draconian Memory Police, who are committed to ensuring that what has disappeared remains forgotten. When a young writer discovers that her editor is in danger, she concocts a plan to hide him beneath her floorboards, and together they cling to her writing as the last way of preserving the past. home to call their own—with him?

*The Memory Book*-Lara Avery 2016-07-05 They tell me that my memory will never be the same, that I'll start forgetting things. At first just a little, and then a lot. So I'm writing to remember. Sammie McCoy is a girl with a plan: graduate at the top of her class and get out of her small town as soon as possible. Nothing will stand in her way--not even the rare genetic disorder the doctors say will slowly steal her memories and then her health. So the memory book is born: a journal written to Sammie's future self, so she can remember everything from where she stashed her study guides to just how great it feels to have a best friend again. It's where she'll record every perfect detail of her first date with longtime-crush Stuart, a gifted young writer home for the summer. And where she'll admit how much she's missed her childhood friend Cooper, and the ridiculous lengths he will go to make her laugh. The memory book will ensure Sammie never forgets the most important parts of her life--the people who have

broken her heart, those who have mended it--and most of all, that if she's going to die, she's going to die living. This moving and remarkable novel introduces an inspiring character you're sure to remember, long after the last page.

Space, Gender, and Memory in Middle English Romance- Jan Shaw 2016-08-29 This book offers a much-needed consideration of Melusine within medieval and contemporary theories of space, memory, and gender. The Middle English Melusine offers a particularly rich source for such a study, as it presents the story of a powerful fairy/human woman who desires a full human life—and death—within a literary tradition that is more friendly to women's agency than its continental counterparts. After establishing a "textual habitus of wonder," Jan Shaw explores the tale in relation to a range of Middle English traditions including love and marriage, the spatial practices of women, the operation of individual and collective memory, and the legacies of patrimony.

Melusine emerges as a complex figure, representing a multifaceted feminine subject that furthers our understanding of Middle English women's sense of self in the world.

Only a Memory Away- Madeline St. Claire 2011-07-15 A dark, mysterious stranger...even to himself Judd Maxwell had no memories. No past. He had nothing to call his own—except a recurring nightmare that left him sweat drenched and shaken...and certain that his nightly terrors would come true. Social worker Karen Thomas was assigned to help "John Doe" regain his memory, but nothing about Judd Maxwell added up. Every clue she uncovered to his past resulted in another question. The only sure thing was that she was falling in love with a stranger.... Judd asked Karen for just one night of rapture, but his constant fear remained: when his memory returned, would the nightmare of doubt end, or had he unwittingly put her life—and his—in jeopardy? Memory and Migration-Julia Creet 2014-02-24 Memory plays an integral part in how individuals and societies construct their identity. While memory is usually considered in the context of a stable, unchanging environment, this collection of essays explores the effects of immigration, forced expulsions, exile, banishment, and war on individual and collective memory. The ways in which memory affects cultural representation and historical understanding across generations is examined through case studies and theoretical approaches that underscore its mutability. Memory and Migration is a truly interdisciplinary book featuring the work of leading scholars from a variety of fields across the globe. The essays are collaborative, successfully responding to the central theme and expanding upon the findings of individual authors. A groundbreaking contribution to an emerging field of study, Memory and Migration provides valuable insight into the connections between memory, place, and displacement.

The Making of the English

Gardener-Margaret Willes 2011-08-30 The people and publications at the root of a national obsession Complete Works, Reprinted Entire from the Last English Edition-Mrs. Hemans 1852 Quintus Claudius, Volume 1 (of 2) (English Edition)-Ernst Eckstein It was in Rome itself, in the sublime solemnity of the Colosseum, among the ruins of the palaces of the Caesars and crumbling pillars of the temples of the gods, that the first dreamy outlines rose before my fancy of the figures here offered to the reader's contemplation. Each visit added strength to the mysterious impulse, to conjure up from their tombs these shadows of a mighty past, and afterwards, at home, where the throng of impressions sorted and grouped themselves at leisure, my impulse ripened to fulfilment. I will not pause here to dwell on the fact, that the period of Imperial rule in Rome bears, in its whole aspect, a stronger resemblance to the XIXth century than perhaps any other epoch before the Reformation; for, without reference to this internal

affinity, we should be justified in using it for the purpose of Romance simply by the fact, that hardly another period has ever been equally full of the stirring conflict of purely human interest, and of dramatic contrasts in thought, feeling and purpose. I must be permitted to add a word as to the notes. I purposely avoided disturbing the reader of the story by references in the text, and indeed the narrative is perfectly intelligible without any explanation. The notes, in short, are not intended as explanatory, but merely to instruct the reader, and complete the picture; they also supply the sources, and give the evidence on which I have drawn. From this point of view they may have some interest for the general public, unfamiliar with the authorities.

its sweeping, passionate conclusion. In *Fall of Giants* and *Winter of the World*, Ken Follett followed the fortunes of five international families—American, German, Russian, English, and Welsh—as they made their way through the twentieth century. Now they come to one of the most tumultuous eras of all: the 1960s through the 1980s, from civil rights, assassinations, mass political movements, and Vietnam to the Berlin Wall, the Cuban Missile Crisis, presidential impeachment, revolution—and rock and roll. East German teacher Rebecca Hoffmann discovers she's been spied on by the Stasi for years and commits an impulsive act that will affect her family for the rest of their lives. . . . George Jakes, the child of a mixed-race couple, bypasses a corporate law career to join Robert F. Kennedy's Justice Department and finds himself in the middle of not only the seminal events of the civil rights battle but a much more personal battle of his own. . . . Memory and Forgetting in English Renaissance Drama-Garrett A. Sullivan 2005-09-29 Engaging debates over the nature of subjectivity in early modern England, this fascinating and original study examines sixteenth- and seventeenth-century conceptions of memory and forgetting, and their importance to the drama and

culture of the time. Garrett A. Sullivan, Jr discusses memory and forgetting as categories in terms of which a variety of behaviours - from seeking salvation to pursuing vengeance to succumbing to desire - are conceptualized. Drawing upon a range of literary and non-literary discourses, represented by treatises on the passions, sermons, anti-theatrical tracts, epic poems and more, Shakespeare, Marlowe and Webster stage 'self-recollection' and, more commonly, 'self-forgetting', the latter providing a powerful model for dramatic subjectivity. Focusing on works such as Macbeth, Hamlet, Dr Faustus and The Duchess of Malfi, Sullivan reveals memory and forgetting to be dynamic cultural forces central to early modern understandings of embodiment, selfhood and social practice.
