Stranger-Jorge Ramos 2018-02-27 "There are times when I feel like a stranger in this country. I am not complaining and it's not for lack of opportunity. But it is something of a disappointment. I never would have imagined that after having spent thirty five years in the United States I would still be a stranger to so many. But that's how it is". Jorge Ramos, an Emmy award-winning journalist, Univision's longtime anchorman and widely considered the "voice of the voiceless" within the Latino community, was forcefully removed from an Iowa press conference in 2015 by then-candidate Donald Trump after trying to ask about his plans on immigration. In this personal manifesto, Ramos sets out to examine what it means to be a Latino immigrant, or just an immigrant, in present-day America. Using current research and statistics, with a journalist's nose for a story, and interweaving his own personal experience, Ramos shows us the changing face of America while also trying to find an explanation for why he, and millions of others, still feel like strangers in this country. "It is precisely this pattern of confrontation... that has won Ramos the trust of so many Hispanics. They know that in many countries south of the United States, direct questions can provoke not simply a loss of access but also a loss of life." --Marcela Valdes, The New York Times

The Wind from the East-Almudena Grandes 2011-01-04 Internationally celebrated author Almudena Grandes has produced her finest work yet with The Wind from the East, a blend of two narratives set alternately in Madrid and an Andalusian town by the sea. Sara Gómes Morales,given up at birth to be raised by her wealthy godmother,is betrayed on her sixteenth birthday when she is forced to leave her godmother's home and return to live in poverty with her estranged parents. Tortured by resentment and the loneliness of belonging to neither place,she finds solace as an adult only when she moves to the coastal town. Parallel to Sara's story is the story of Juan and Damian Olmedo, brothers in love with the same woman. One night an argument incited by jealousy leads Damian to stumble down a flight ofstairs and fall to his death. Suspected ofmurdering his younger brother, Juan flees to the same village that served as Sara's escape. Deftly engaging, The Wind from the Eastis an epic tale of love and redemption. Almudena Grandes' writing has been compared to the work of classic and contemporary voices such as the Brontë sisters and Isabel Allende.

Language Hacking Spanish-Benny Lewis 2017-03-28 It's true that some people spend years studying Spanish before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking

'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.
