Biotechnological and Medical Themes in Science Fiction-Domna Pastourmatzi 2002
Ribofunk-Paul Di Filippo 2014-04-01 Tackling genetic engineering, "Di Filippo's effervescent prose can provoke both hilarity and haunting reflections on our species' possible fate" (Publishers Weekly). Ribofunk contains eleven masterful and surprising works of imagination. In all of them, biology is the science that drives the engine of life and of story: the Protein Police patrol for renegade gene-splicers; part-human sea creatures live in the Great Lakes and clean up toxic spills; a river has become sentient; there is a bodyguard who is part wolverine and a thrill-seeker climbs a skyscraper and gets stuck, literally.

The Mamba Mentality-Kobe Bryant 2018-10-23 The Mamba Mentality: How I Play is Kobe Bryant's personal perspective of his life and career on the basketball court and his exceptional, insightful style of playing the game—a fitting legacy from the late Los Angeles Laker superstar. In the wake of his retirement from professional basketball, Kobe "The Black Mamba" Bryant decided to share his vast knowledge and understanding of the game to take readers on an unprecedented journey to the core of the legendary "Mamba mentality." Citing an obligation and an opportunity to teach young players, hardcore fans, and devoted students of the game how to play it "the right way," The Mamba Mentality takes us inside the mind of one of the most intelligent, analytical, and creative basketball players ever. In his own words, Bryant reveals his famously detailed approach and the steps he took to prepare mentally and physically to not just succeed at the game, but to excel. Readers will learn how Bryant studied an opponent, how he channeled his passion for the game, how he played through injuries. They'll also get fascinating granular detail as he breaks down specific plays and match-ups from throughout his career. Bryant's detailed accounts are paired with stunning photographs by the Hall of Fame photographer Andrew D. Bernstein. Bernstein, long the Lakers and NBA official photographer, captured Bryant's very first NBA photo in 1996 and his last in 2016—and hundreds of thousands in between, the record of a unique, twenty-year relationship between one athlete and one photographer. The combination of Bryant's narrative and Bernstein's photos make The Mamba Mentality an unprecedented look behind the curtain at the career of one of the world's most celebrated and fascinating athletes.

Business in Russia- 1998
An Anthology of Modern Irish Poetry-Wes Davis 2010 Never before has there been a single-volume anthology of modern Irish poetry so significant and groundbreaking as An Anthology of Modern Irish Poetry. Collected here is a comprehensive representation of Irish poetic achievement in the twentieth and twenty-first centuries, from poets such as Austin Clarke and Samuel Beckett who were writing while Yeats and Joyce were still living; to those who came of age in the turbulent 60s as sectarian violence escalated, including Seamus Heaney and Michael Longley; to a new generation of Irish writers, represented by such diverse, interesting voices as David Wheatley (born 1970) and Sinéad Morrissey (born 1972).Scholar and editor Wes Davis has chosen work by more than fifty leading modern and contemporary Irish poets. Each poet is represented by a generous number of poems (there are nearly 800 poems in the anthology). The editor's selection includes work by world-renowned poets, including a couple of Nobel Prize winners, as well as work by poets whose careers may be less well known to the general public; by poets writing in English; and by several working in the Irish language (Gaelic selections appear in translation). Accompanying the selections are a general introduction that provides a historical overview, informative short essays on each poet, and helpful notes—all prepared by the editor.
