The Donut-Michael Krondl 2014-06-01 The love for the donut in the United States is longstanding and deep-rooted. Gourmet donut shops have popped up in trendy neighborhoods across the country and high-end restaurants are serving trios of donuts for dessert, while Dunkin' Donuts, Krispy Kreme, and Tim Hortons have amassed a devoted following. In this captivating guide to the delectable dessert, culinary historian, chef, and donut lover Michael Krondl has put together an entertaining social history of the donut throughout the ages and from around the world. Among the interesting facts Krondl brings up are the donut's surprising role, not only as a traditional prelude to Lent, but in Hanukkah and Ramadan as well; the serving of donuts to American doughboys in the trenches of World War I; and the delivery by Red Cross Clubmobiles of essential comforts of home to World War II soldiers such as music, movies, magazines and—what else?—donut machines. Mindful that the information might have readers itching to run to their nearest bakery, Krondl also offers a baker's dozen of international donut recipes—with accompanying color photos—including those for Chocolate-Glazed Bismarcks with Marshmallow Filling, Nutella Bombolcini, Frittelle di Carnevale, and Dulce de Leche Raised Donuts with a Salty Caramel Glaze, among others.

A Waist Is a Terrible Thing to Mind-Karen Linamen 2010-04-13 Get to Know the New, Improved, Imperfect You! The architects of pop culture have never been the leading authorities on what is best for you. So turn your back on the lies that you are not thin enough, not successful enough, and not glamorous enough! Physical perfection is not the goal. Instead, let Karen Scalf Linamen take you on a journey from a limiting and unhealthy body-image to a life of feeling good about yourself—body included. When you learn the secrets in A Waist Is a Terrible Thing to Mind you can change what you crave, what you eat, how you think, and ultimately how you live. Along with Karen's trademark humor, you'll find practical, common-sense tools to help you accept who you are today and take the steps that will make you the person you were created to be. Along the way, you'll enjoy the new, improved, imperfect you! From the Trade Paperback edition.

The Mobile Mind Shift-Ted Schadler 2014-06-24 Mobile has reprogrammed your customers' brains. Your customers now turn to their smartphones for everything. What's tomorrow's weather? Is the flight on time? Where's the nearest store, and is this product cheaper there? Whatever the question, the answer is on the phone. This Pavlovian response is the mobile mind shift — the expectation that I can get what I want, anytime, in my immediate context. Your new battleground for customers is this mobile moment — the instant in which your customer is seeking an answer. If you're there for them, they'll love you; if you're not, you'll lose their business. Both entrepreneurial companies like Dropbox and huge corporations like Nestlé are winning in that mobile moment. Are you? Based on 200 interviews with entrepreneurs and major companies across the globe, The Mobile Mind Shift is the first book to explain how you can exploit mobile moments. You'll learn how to: • Find your customer's most powerful mobile moments with a mobile moment audit. • Master the IDEA Cycle, the business discipline for exploiting mobile. Align your business and technology teams in four steps: Identify, Design, Engineer, Analyze. • Manufacture mobile moments as Krispy Kreme does — it sends a push notification when hot doughnuts are ready near you. Result: 500,000 app downloads, followed by a double-digit increase in same-store sales. • Turn one-time product sales into ongoing services and engagement, as the Nest thermostat does. And master new business models, as Philips and Uber do. Find ways to charge more and create indelible customer loyalty. • Transform your technology into systems of engagement. Engineer your business and technology systems to meet the ever-expanding demands of mobile. It's how Dish Network not only increased the efficiency of its installers but also created new on-the-spot upsell opportunities. Mobile is rapidly shifting your customers into a new way of thinking. You'll need your own mobile mind shift to respond.

Ebony- 1996-01 EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

Come with Me-Helen Schulman 2018-11-27 A San Francisco Chronicle Best Book of the Year, A New York Times Book Review Editors' Choice, A New York Post Best Book of the Week Recommended by Vogue, The San Francisco Chronicle, The Skimm, The BBC, Southern Living, Pure Wow, Hey Alma, Esquire, EW, Refinery 29, Bust, and Read It or Weep "Mind-blowingly brilliant.... Provocative, profound and yes, a little unsettling, Come With Me is about how technology breaks apart and then reconfigures a family, and though it has hints of sci-fi, it's so beautifully grounded in reality that it seems to breathe. Although it takes place over just three days, what's so fascinating is that so many lives, and many possibilities, are lived through it. Truly, it's a novel like its own multiverse." — San Francisco Chronicle From Helen Schulman, the acclaimed author of the New York Times bestseller This Beautiful Life, comes another "gripping, potent, and blisteringly well-written story of family, dilemma, and consequence" (Elizabeth Gilbert)—a mind-bending novel set in Silicon Valley that challenges our modern constructs of attachment and love, purpose and fate. "What do you want to know?" Amy Reed works part-time as a PR person for a tech start-up, run by her college roommate's nineteen-year-old son, in Palo Alto, California. Donny is a baby genius, a junior at Stanford in his spare time. His play for fortune is an algorithm that may allow people access to their "multiverses"—all the planes on which their alternative life choices can be played out simultaneously—to see how the decisions they've made have shaped their lives. Donny wants Amy to be his guinea pig. And even as she questions Donny's theories and motives, Amy finds herself unable to resist the lure of the road(s) not taken. Who would she be if she had made different choices, loved different people? Where would she be now? Amy's husband, Dan—an unemployed, perhaps unemployable, print journalist—accepts a dare of his own, accompanying a seductive, award-winning photographer named Maryam on a trip to Fukushima, the Japanese city devastated by tsunami and meltdown. Collaborating with Maryam, Dan feeds a renewed sense of excitement and possibility he hasn't felt with his wife in a long time. But when crisis hits at home, the extent of Dan's betrayal is exposed and, as Amy contemplates alternative lives, the couple must confront whether the distances between them in the here and now are irreconcilable. Taking place over three non-consecutive but vitally important days for Amy, Dan, and their three sons, Come with Me is searing, entertaining, and unexpected—a dark comedy that is ultimately both a deeply romantic love story and a vivid tapestry of modern life.

My Eyes Are Up Here-Laura Zimmermann 2020-06-23 My Eyes Are Up Here is a razor-sharp debut about a girl struggling to rediscover her sense of self in the year after her boy decided to change all the rules. If Greer Walsh could only live inside her head, life would be easier. She'd be able to focus on excelling at math or negotiating peace talks between her best friend and ... everyone else. She wouldn't spend any time worrying about being the only Kennedy High student whose breasts are bigger than her head. But you can't play volleyball inside your head. Or go to the pool. Or have confusingly date-like encounters with the charming new boy. You need an actual body for all of those things. And Greer is entirely uncomfortable in hers. Hilarious and heartbreakingly honest, My Eyes Are Up Here is a story of awkwardness and ferocity, of imaginary butterflies and rock-solid friends. It's the story of a girl finding her way out of her oversized sweatshirt and back into the real world.

Esquire- 1998

The Weekly Japan Digest- 2002

The Stylist Takes Manhattan-Rosie Nixon 2019-09-03 Amber Green is back! The sequel to Rosie Nixon's fun-filled debut follows Amber as she tries to see if she has what it takes to be a stylist in the fashion capital of the world: New York City. She'll take a bite out of the Big Apple's fashion scene—if it doesn't eat her alive first... London stylist Amber Green has rebounded nicely since escaping the clutches of a Hollywood boss from hell. She's got a dream job designing windows for Selfridges's and her dream man in sweetly sexy boyfriend, Rob. In short, Amber loves her life and wouldn't change a thing. But when Rob is hired to produce a reality series about the iconic Angel Wear lingerie fashion show, he breaks the news that he's moving to New York...and invites Amber along on the adventure. Ensnared in a Williamsburg sardine tin and in touch with a hotshot agent who advises she boost her social media presence, Amber hits Instagram hard, posting unintentional gossip fuel that culminates in pics of a mysterious new acquaintance who turns out to be a scandal unto himself. Between nightmarish gigs (baby photo shoots, anyone?) and styling a free-spirited starlet who seems allergic to clothing, Amber doesn't know if she's on the brink of a big break or a breakdown. That is, until a career-making opportunity falls to her lap—and with it, the truth about real friends vs. cheap knockoffs.

Ebony- 1995-11

The Donut Book-Sally Levitt Steinberg 2004-01-01 The Atkins Diet? Phooey! The South Beach Diet? Feh! What Americans really want to eat is something deep-fried and sugar-packed. . . hence our undying love affair with the beloved donut. And if anybody knows donuts, it's Sally Levitt Steinberg, America's Donut Princess. As a member of America's royal donut dynasty (her grandfather, Adolph Levitt, invented the donut-making machine), she knows more about this sweet indulgence than anyone else. The Donut Book is the product of Sally's personal charm and life-long, in-depth donut scholarship. She covers high points in donut history: the arrival of the first donuts in America with the Dutch settlers in the 17th century, and the donut in World War I, when it became the favorite nosh of the boys in the trenches. She celebrates donut-loving celebrities, from Admiral Byrd to Bill Clinton, as well as some of the most gifted donut bakers on the planet. She visits the campus of Dunkin' Donuts University and reveals the secret that makes Krispy Kreme donuts irresistible. And she identifies the most popular donut in America (glazed) and the runner-up (chocolate). Then there are the recipes: 29 mouth-watering, soul-satisfying ways to achieve the ultimate sugar rush, from New Orleans beignets to Portuguese malasadas, from Boston crèmes to Alain Ducasse's upscale Donut. And for donut lovers who are willing to hit the road to find their favorite confection, the book comes with an illustrated Donut Lover's Guide to bakeries that serve up the lightest, fluffiest, best dressed, and tastiest donuts.

The Hacking of the American Mind-Robert H. Lustig 2017-09-12 "Explores how industry has manipulated our most deep-seated survival instincts."—David Perlmutter, MD, Author, #1 New York Times bestseller, Grain Brain and Brain Maker The New York Times–bestselling author of Fat Chance reveals the corporate scheme to sell pleasure, driving the international epidemic of addiction, depression, and chronic disease. While researching the toxic and addictive properties of sugar for his New York Times bestseller Fat Chance, Robert Lustig made an alarming discovery—our pursuit of happiness is being subverted by a culture of addiction and depression from which we may never recover. Dopamine is the "reward" neurotransmitter that tells our brains we want more; yet every substance or behavior that releases dopamine in the extreme leads to addiction. Serotonin is the "contentment" neurotransmitter that tells our brains we don't need any more; yet its deficiency leads to depression. Ideally, both are in optimal supply. Yet dopamine evolved to overwhelm serotonin—because our ancestors were more likely to survive if they were constantly motivated—with the result that constant desire can chemically destroy our ability to feel happiness, while sending us down the slippery slope to addiction. In the last forty years, government legislation and subsidies have promoted ever-available temptation (sugar, drugs, social media, porn) combined with constant stress (work, home, money, internet), with the end result of an unprecedented epidemic of addiction, anxiety, depression, and chronic disease. And with the advent of neuromarketing, corporate America has successfully imprisoned us in an endless loop of desire and consumption from which there is no obvious escape. With his customary wit and incisiveness, Lustig not only reveals the science that drives these states of mind, he points his finger directly at the corporations that helped create this mess, and the government actors who facilitated it, and he offers solutions we can all use in the pursuit of happiness, even in the face of overwhelming opposition. Always fearless and provocative, Lustig marshals a call to action, with seminal implications for our health, our well-being, and our culture.

Lovemarks-Kevin Roberts 2005-12-01 "Ideas move mountains, especially in turbulent times. Lovemarks is the product of the fertile-iconoclast mind of Kevin Roberts, CEO Worldwide of Saatchi & Saatchi. Roberts argues vociferously, and with a ton of data to support him, that traditional branding practices have become stultified. What's needed are customer Love affairs. Roberts lays out his grand scheme for mystery, magic, sensuality, and the like in his gloriously designed book Lovemarks." —Tom Peters Tom Peters, one of the most influential business thinkers of all time, described the first edition of Lovemarks: the future beyond brands as "brilliant." He also announced it as the "Best Business Book" published in the first five years of this century. Now translated into fourteen languages, with more than 150,000 copies in print, Lovemarks is back in a revised edition featuring a new chapter on the peculiarly human experience of shopping. The new chapter, "Diamonds in the Mine," is an insightful collection of ideas for producers and consumers, for owners of small stores and operators of superstores. So forget making lists! Shopping, says Kevin Roberts, is an emotional event. With this as a starting point, he looks at the history of shopping and how it has changed so dramatically over the last ten years. Using the Lovemark elements of Mystery, Sensuality, and Intimacy, Roberts delves into the secrets of success that can be used to create the ultimate shopping experience. Elle- 1998-11

The Silent Revolution in Cancer and AIDS Medicine-Heinrich Kremer 2012-09-10 Examining all the major research data since the 1940s, this book challenges two orthodox medical models: HIV as the cause of AIDS, and random genetic mutations as the cause of cancer. Based on the recent findings from Evolutionary Biology and Nitric Oxide research, it presents a fundamentally new understanding of the human cell, its double genome split between the cell nucleus and the mitochondria, and the role of energy production and signal modulation for immune reactions and carcinogenesis. Finally, it explains the concept of a new Cell Symbiosis Therapy® for the treatment of all chronic diseases, including cancer. Now available in English for the first time, this book is a must-read for doctors, patients and anyone following the cutting edge of biology and immunology. With the blasting open of such doors of knowledge, the medical world will never again be the same. Heinrich Kremer, MD, Medical Director Emeritus was, from 1968-1975, head of social therapy for addicts, sexual offenders and people with personality disorders at the Berlin Telgion which was the pilot project for the reform of the German penal system. In 1988 he resigned as medical director of a model clinic specializing in youth drug addiction due to differences on medical ethics regarding the HIV test and AIDS therapy. From 1993-1999 as collaborating member of the Study Group for Nutrition and Immunity (Bern) he investigated together with Prof. Alfred Hässig the mechanisms occurring in AIDS defining illnesses and in cancer. Since the publication of this book in German in 2001 he has been in demand as a lecturer on the treatment of chronic diseases, working today as senior consultant in a growing medical network for Cell Symbiosis Therapy®.

Business Review Weekly- 2003

Book Life- 2017-03-15 Keep a record of the books you love, the books you want to read, and so much more! Book Life: A Reader's Journal is filled with places for you to record everything about the books you read to help you remember them for years to come. The compact size is perfect for tucking into a bag or purse and taking along wherever your literary journey leads. You'll even find pages featuring places for booklovers to visit, including literary pilgrimages and iconic bookstores. Jot down passages that inspired you on the

quotes page and keep track of the books you borrow and loan out. Book lists containing prize winning books and authors, including The Modern Library 100 best twentieth-century novels and nonfiction; the National Book Award for fiction and nonfiction; the Pulitzer Prize for fiction and nonfiction; the Man Booker Prize; the Nobel Prize in Literature; the New York Public Library's most borrowed books; Oprah's Book Club; Oprah's Book Club 2.0, will help you discover new reading materials to put on your wish list. This journal, beautifully illustrated by artist Lisa Perrin, is the perfect tool to keep your thoughts and titles organized and is a great keepsake to share with friends.

Daily Labor Report- 1999

Plain Heathen Mischief-Martin Clark 2007-12-18 Of The Many Aspects of Mobile Home Living, Martin Clark's first novel, the New York Times Book Review wrote, "Like Nick Hornby in High Fidelity and Thomas McGuane in Nothing But Blue Skies, Clark has produced an oddly stirring portrait of a man in existential disarray." Which-noted Malcolm Jones in Newsweek—"made me laugh so hard I fell off the sofa." Plain Heathen Mischief ups the existential ante, as Joel King, a defrocked Baptist minister, finds life even more bedeviling once he's served six months for a career-ending crime he might not even have committed. Now his incommunicado wife wants a divorce, the teenage vixen of his disgrace is suing him for a cool \$5 million, a fresh start in Montana offers no hope for ex-cons of any religious persuasion, and the refuge provided by his sister turns as nasty as his parole officer. Talk about a crisis of faith. On the upside, a solicitous member of Joel's former congregation invites him into a scam that could yield some desperately needed cash, and soon the down-on-his-luck preacher is involved with a flock of charming con men, crooked lawyers, and conniving youth. In a feat of bravura storytelling, Martin Clark ranges from the cross to the double cross, from Virginia to Las Vegas, from jail cells to trout streams, as he follows his Job-like hero through dubious choices and high-dollar insurance hustles to a redemption that no reader could possibly predict. Wildly imaginative, at times comic, at times profoundly sobering, and even more audacious than his wonderfully idiosyncratic debut, Plain Heathen Mischief is a spiritual revelation of the first order.

The May Queen-Andrea N. Richesin 2006-03-23 If recent bestsellers such as The Bitch in the House and Midlife Crisis at Thirty serve as any indication of how women are experiencing their thirties, who can blame women embarking upon this decade in their life for panicking? Yet, as the contributors to this thoughtful and inspiring book attest, it doesn't have to be so scary. In The May Queen, a wide array of women-including bestselling author Jennifer Weiner and star of the hit independent film Kissing Jessica Stein Heather Juergensen-describe the conflicting emotions they've felt in response to the "anything is possible" message women of their generation receive. And yet, all of the women featured in this book have found their thirties to be a time of great opportunity-a period in their lives in which they're taking the time to consider what they have lost, what they have gained, and what they still need to learn. This book gives a powerful voice to a new generation of women beginning to make its mark on the world.

Time Out London-Ronnie Haydon 2004 This is an indispensable handbook for any visitor to the city. There is information on where to stay, where to shop and what to do - day and night, as well as critical guides to the numerous sights and a complete listing of all its entertainments.

Purple Cow-Seth Godin 2005-01-27 You're either a Purple Cow or you're not. You're either remarkable or invisible. Make your choice. What do Apple, Starbucks, Dyson and Pret a Manger have in common? How do they achieve spectacular growth, leaving behind former tried-and-true brands to gasp their last? The old checklist of P's used by marketers - Pricing, Promotion, Publicity - aren't working anymore. The golden age of advertising is over. It's time to add a new P - the Purple Cow. Purple Cow describes something phenomenal, something counterintuitive and exciting and flat-out unbelievable. In his new bestseller, Seth Godin urges you to put a Purple Cow into everything you build, and everything you do, to create something truly noticeable. It's a manifesto for anyone who wants to help create products and services that are worth marketing in the first place.

New York- 2004-10

Traffic World- 2002

Good Habits, Bad Habits-Wendy Wood 2019-10-01 A landmark book about how we form habits, and what we can do with this knowledge to make positive change We spend a shocking 43 percent of our day doing things without thinking about them. That means that almost half of our actions aren't conscious choices but the result of our non-conscious mind nudging our body to act along learned behaviors. How we respond to the people around us; the way we conduct ourselves in a meeting; what we buy; when and how we exercise, eat, and drink—a truly remarkable number of things we do every day, regardless of their complexity, operate outside of our awareness. We do them automatically. We do them by habit. And yet, whenever we want to change something about ourselves, we rely on willpower. We keep turning to our conscious selves, hoping that our determination and intention will be enough to effect positive change. And that is why almost all of us fail. But what if you could harness the extraordinary power of your unconscious mind, which already determines so much of what you do, to truly reach your goals? Wendy Wood draws on three decades of original research to explain the fascinating science of how we form habits, and offers the key to unlocking our habitual mind in order to make the changes we seek. A potent mix of neuroscience, case studies, and experiments conducted in her lab, Good Habits, Bad Habits is a comprehensive, accessible, and above all deeply practical book that will change the way you think about almost every aspect of your life. By explaining how our brains are wired to respond to rewards, receive cues from our surroundings, and shut down when faced with too much friction, Wood skillfully dissects habit formation, demonstrating how we can take advantage of this knowledge to form better habits. Her clear and incisive work shows why willpower alone is woefully inadequate when we're working toward building the life we truly want, and offers real hope for those who want to make positive change.

Caligari's Heirs-Steffen Hantke 2007 Caligari's Heirs: The German Cinema of Fear after 1945 is a collection of essays that provides analyses of a variety of German horror films from the first postwar years to the present. The essays in this collection focus on individual films and directors and takes on larger historical issues - from the Nazis in postwar years to the heavy toll of German reunification. To round out this captivating work, Steffen Hantke also includes interviews with Jörg Buttgeriet, Robert Sigl, and Nico Hoffmann, contemporary German horror film directors working in both cinema and television.

This Boy-Lauren Myracle 2020-04-14 Lauren Myracle brings her signature frank, funny, and insightful writing to this novel of a teenage boy's coming-of-age. Paul Walden is not an alpha lobster, the hypermasculine crustacean king who intimidates the other male lobsters, beds all the lady lobsters, and "wins" at life. At least not according to the ego-bursting feedback he's given in his freshman seminar. But Paul finds a funny, faithful friend in Roby Smalls, and maybe -- oh god, please -- he's beginning to catch the interest of smart, beautiful Natalia Gutierrez. Cruising through high school as a sauced-out, rap-loving beta lobster suits Paul fine, and if life ever gets him down? Smoke a little weed, crunch a few pills. . . it's all good. But in the treacherous currents of teenage culture, it's easy to get pulled under. With perfect frankness, Lauren Myracle lays bare the life of one boy as he navigates friendship, love, loss, and addiction. It's life at its most ordinary and most unforgettable.

Cicero-Elizabeth Rawson 1983

The Crimson Bull- 1947

London-Lesley McCave 2006 Thoroughly updated, this essential guide covers the best this fabulous city has to offer, from hotels and restaurants to shopping, sights, and the thriving club scene. The book details the city's major attractions as well as little-known gems that even some Londoners don't know about. Insiders advice helps travelers make the most of quick visits, while maps and guided walks keep them from getting lost.

Salt Sugar Fat-Michael Moss 2013-02-26 From a Pulitzer Prize-winning investigative reporter at The New York Times comes the troubling story of the rise of the processed food industry -- and how it used salt, sugar, and fat to addict us. Salt Sugar Fat is a journey into the highly secretive world of the processed food giants, and the story of how they have deployed these three essential ingredients, over the past five decades, to dominate the North American diet. This is an eye-opening book that demonstrates how the makers of these foods have chosen, time and again, to double down on their efforts to increase consumption and profits, gambling that consumers and regulators would never figure them out. With meticulous original reporting, access to confidential files and memos, and numerous sources from deep inside the industry, it shows how these companies have pushed ahead, despite their own misgivings (never aired publicly). Salt Sugar Fat is the story of how we got here, and it will hold the food giants accountable for the social costs that keep climbing even as some of the industry's own say, "Enough already."

Copycat Dessert Cookbook-J. R. Stevens 2017-06-08 Recreate some of your favorite American restaurant and branded desserts from Hostess, Starbucks, Panera Bread, TGI Fridays, and more. Planning for the Internal Audit Function-J. Efrim Boritz 1983 This book deals with planning and coordinating internal audit activities. Its appeal may range outside the internal auditing profession. Management, external auditors, academicians, and students may be interested in the issues and concepts discussed here. This publication attempts to provide materials of interest to these diverse audiences; consequently, there are portions of this study that may fall outside the areas of interest of any given group. The information herein is sufficiently comprehensive and rich so that the different parties may delve into preferred topics.

Casino Journal- 2001

Pattern Recognition-William Gibson 2004-06-24 One of the most influential and imaginative sci-fi writers turns his attention to London - with dazzling results. 'Part-detective story, part-cultural snapshot . . . all bound by Gibson's pin-sharp prose' Arena _____Cayce Pollard owes her living to her pathological sensitivity to logos. In London to consult for the world's coolest ad agency, she finds herself catapulted, via her addiction to a mysterious body of fragmentary film footage, uploaded to the Web by a shadowy auteur, into a global quest for this unknown "garage Kubrick". Cayce becomes involved with an eccentric hacker, a vengeful ad executive, a defrocked mathematician, a Tokyo Otaku-coven known as Eye of the Dragon and, eventually, the elusive Kubrick himself. William Gibson's novel is about the eternal mystery of London, the coolest sneakers in the world, and life in (the former) USSR. _____'A compelling, humane story with a sympathetic heroine searching for meaning and consolation in a post-everything world' Daily Telegraph 'A big novel, full of bold ideas . . . races along like an expert thriller' GQ 'It's dialogue and characterization will amaze you. A wonderfully detailed, reckless journey of espionage and lies' USA Today 'Electric, profound. Gibson's descriptions of Tokyo, Russia and London are surreally spot-on' Financial Times

Vegan 100-Gaz Oakley 2018-01-25 Tempted to try your hand at vegan food but don't know where to start? Or even just to make meat-free Monday a regular thing? Long gone are the days of vegan food being dull and worthy: Vegan 100 is bold, vibrant and gorgeous. Going vegan was the best decision Gaz Oakley ever made. Gaz, aka Avant-Garde Vegan, was once a meat eater and often didn't feel well. Overnight, he decided to go vegan for the health benefits, for his love of animals and to do his part in looking after the planet. He found that, as a trained chef, it was surprisingly easy to get big tastes and colours into vegan dishes without compromise, and he also noticed an improvement in the way he felt. The emphasis in Gaz's 100 amazing vegan recipes is first and foremost on FLAVOUR. From Kentucky Fried Chick'n and Fillet "Steak" Wellington to Chocolate Tart and Summer Berry Mousse Cake, it's all incredible-tasting food that just happens to be vegan. Delectable, beautiful and packed with dishes that are good for you, this is like no other vegan cookbook.

Bet Me-Jennifer Crusie 2008-12-30 Unlikely lovers Min Dobbs and Cal Morrissy agree not to pursue a relationship after one date, but they are thrown together again as they deal with a jealous ex-boyfriend, a determined psychologist, and a bizarrely intelligent cat.

The Spectator- 2006

Colors of Hope-Shawn Wood 2018-01-29 Imagine being so attuned to the working of God that you not only see miracles-you become a miracle! Are you ready for God's intervention in your messy, mundane, and seemingly hopeless circumstances? Then prepare yourself for miracles to be more than just stories from the distant past, but your present reality as well. Shawn Wood, lead pastor of Freedom Church, dives deep into seven of Jesus' miracles to reveal how you can make room in your mind and life for a divine move of God. While you think you're waiting on God, He may be waiting on you! In this book, you'll learn: - What prep work is needed before you can receive a miracle - Why you shouldn't get caught up in the "how" - How to upgrade from mat living to mat ministry - What's in store when you stop focusing on life's storms - Where to turn and what to look for when life becomes messy - How to keep pain and disappointment from bringing you down - Why spiritual passivity won't get you anywhere PLUS workbook sections will help you advance to the front lines of what God wants to do for and with you! Pick up your copy of Colors of Hope today and get ready for your life to intersect with God's power and plan in extraordinary ways!

Skinny Women Are Evil-Mo'Nique 2004-04-06 Challenging America's confusing standard of beauty, a humorous look at life from the perspective of a large woman shares her own experiences as well as her thoughts on eating, sex, dating, exercise, and other topics.
