A Misc. Eden-Lamar Neal 2015-07-14 On his birthday, Adam has his party, gifts, cake, and he is surrounded by his loved ones. Although, he experiences the normality of celebrating his special day, he never has complacency since it is his very first memory. This leads him to believe his mother is a Goddess who created him. After a life-changing event, Adam not only must come to terms with what happened but also with what his mother really is or isn't. For him, the lines separating reality and fantasy, what's real and what's fake, the logical and illogical have

been blurred. With his friends, Shaina, a temperamental actress, the zombie fearing Noel, and Roselle, a girl who believes she is a superhero named The Bird, Adam pursues happiness. Along the way, he finds himself in peculiar situations where he ends up solving mysteries, hunting ghosts, and meeting Jesus.
The Miscellaneous Writings-... Macaulay 1860
Elizabeth Singer Rowe and the Development of the English Novel-Paula R. Bakscheider 2013-03-29 Elizabeth Singer Rowe and the Development of the English Novel is the first in-depth study of Rowe's prose fiction. A four-volume collection of her work was a bestseller for a hundred years after its publication, but today Rowe is a largely unrecognized figure in the history of the novel. Although her poetry was appreciated by poets such as Alexander Pope for its metrical craftsmanship, beauty, and imagery, by the time of her death in 1737 she was better known for her fiction. According to Paula R. Bakscheider, Rowe's major focus in her novels was on creating characters who were seeking a harmonious, contented life, often in the face of considerable social pressure. This quest would become the plotline in a large number of works in the second half of the eighteenth century, and it continues to be a major theme today in novels by women. Bakscheider relates Rowe's work to popular fiction written by earlier writers as well as by her contemporaries. Rowe had a lasting influence on major movements, including the politeness (or gentility) movement, the reading revolution, and the Bluestocking society. The author reveals new information about each of these movements, and Elizabeth Singer Rowe emerges as an important innovator. Her influence resulted in new types of novel writing, philosophies, and lifestyles for women. Bakscheider looks to archival materials, literary analysis, biographical evidence, and a configuration of cultural and feminist theories to prove her groundbreaking argument.
