Aberdeen Stories-Steven C. Stoker 2001-08-07 Enjoy these stand-alone short stories about a boy growing up in an Idaho farm town in mid-century. See how that town influenced its younger citizens and prepared them for life outside of its influence. Enjoy the humor, love and attitude that could only have come from small-town America during an era that is no more. It was a time before animals had rights-before anything political was correct-and before thick skins became thin. It was a time of slide rules, hula-hoops, and church keys. It was a time when candy bars were big and the national debt was small. It was a time when first date, first kiss, and first time occurred on three different nights. Close your eyes and pick a story or read them in order. Jog your memory or make a new one. It doesn't matter. These stories will move you!

Ivy Aberdeen's Letter to the World-Ashley Herring Blake 2018-03-06 A Stonewall Children's & Young Adult Honor Book! In the wake of a destructive tornado, one girl develops feelings for another in this stunning, tender novel about emerging identity, perfect for fans of The Thing About Jellyfish. When a tornado rips through town, twelve-year-old Ivy Aberdeen's house is destroyed and her family of five is displaced. Ivy feels invisible and ignored in the aftermath of the storm--and what's worse, her notebook filled with secret drawings of girls holding hands has gone missing. Mysteriously, Ivy's drawings begin to reappear in her locker with notes from someone telling her to open up about her identity. Ivy thinks--and hopes--that this someone might be her classmate, another girl for whom Ivy has begun to develop a crush. Will Ivy find the strength and courage to follow her true feelings? Jack Webster's Aberdeen-Jack Webster 2007 Aberdeen has had its fair share of attention from historians down the centuries, but in this fresh look at the story, Jack Webster condenses the knowledge and wisdom of past research and his own experience. He observes the city's dramatic transformation in the 20th century, from an economy based on farming, fishing, textiles and granite to a Golden Age that outshone them all. Who could have guessed that the Granite City would take on an international reputation as the oil capital of Western Europe? This thoroughly readable book highlights the people who have left their mark on Aberdeen, from Robert the Bruce to Willie Miller, from Isaac Benzie and Raggie Morrison to Cocky Hunter and Ma Cameron. It brings fascinating tales of war and peace and covers everything from school and university to the history of sport, cinema and theatre, stretching from Lille Langtry to Harry Gordon and Scotland the What?
