I Saw Mommy Biting Santa Claus-Matt Mogk 2013-10-01 I Saw Mommy Biting Santa Claus is a new spin on a holiday classic that tells the story of a suburban zombie outbreak and the little boy who knows just what to do. When Johnny finds out that his mother has turned into a zombie and has attacked Santa Claus, he knows that it's up to him to put the living dead (back) to rest. While the chaos spreads from the mall to the Christmas parade, Johnny finds his friends Glenn, Barb, and Ben, and they devise a plan to not only protect themselves—and their dog—but to make sure to get to Grandma's house before the zombies take over town. While they've planned for the worst, nothing could prepare them for watching jolly old Saint Nick get devoured by mindless zombies. This clever take on a Christmas tradition is right up the alley of anyone who ever wondered what would happen if a zombie outbreak took place during the holiday season. I Saw Mommy Biting Santa Claus is a beautifully gory tale that's sure to become a classic for fans of the holidays and the living dead.

A Little Book for Christmas-Cyrus Townsend Brady Passes childhood, and I look down the nearer years. There rise before me remembrances of Christmas Days on storm-tossed seas, where waves beat upon the ice-bound ship. I recall again the bitter touch of water-warping winter, of drifts of snow, of wind-swept plains. In the gamut of my remembrance I am once more in the poor, mean, lonely little sanctuary out on the prairie, with a handful of Christians, mostly women, gathered together in the freezing, draughty building. In later years I worship in the great cathedral church, ablaze with lights, verdant and fragrant with the evergreen pines, echoing with joyful carols and celestial harmonies. My recollections are of contrasts like those of life—joy and sadness, poverty and ease. And the pictures are full of faces, many of which may be seen no more by earthly vision. I miss the clasp of vanished hands, I crave the sound of voices stilled. As we old and older grow, there is a note of sadness in our glee. Whether we will or not we must twine the cypress with the holly. The recollection of each passing year brings deeper regret. How many have gone from those circles that we recall when we were children? How many little feet that pattered upon the stair on Christmas morning now tread softer paths and walk in broader ways; sisters and brothers who used to come back from the far countries to the old home—alas, they cannot come from the farther country in which they now are, and perhaps, saddest thought of all, we would not wish them to come again. How many, with whom we joined hands around the Christmas tree, have gone? Circles are broken, families are separated, loved ones are lost, but the old world sweeps on. Others come to take our places. As we stood at the knee of some unforgotten mother, so other children stand. As we listened to the story of the Christ Child from the lips of some grey old father, so other children listen and we ourselves perchance are fathers or mothers too. Other groups come to us for the deathless story. Little heads which recall vanished halcyon days of youth bend around another younger mother. Smaller hands than ours write letters to Santa Claus and bear the story, the sweetest story ever told, of the Baby who came to Mary and through her to all the daughters and sons of women on that winter night on the Bethlehem hills.

Life As a Mommy-Cathy Spigarelli 2006-04 "Do You Feel Isolated as a Mom?" You've heard, "No man is an island," but did you know that, "No mom is an island," either? Through twelve years of parenting, Cathy Spigarelli has learned moms need other moms, for advice, reassurance, suggestions, and camaraderie. In her book, "Life as a Mommy," moms find just such support. Every day for a year, Cathy wrote about life with her three, young children. The 365 compact entries have a girlfriend-to-girlfriend, conversational tone and can be read in minutes, without guilt. "Life as a Mommy" provides a window into the daily life of a mom, revealing her triumphs and struggles, her joy and laughter, and her dilemmas and concerns. The book gently advises, provides insights, and offers suggestions to fellow moms. You will laugh, you will cry, and you will wonder, as Cathy does, about this incredibly difficult, incredibly joyous thing called motherhood. Cathy Spigarelli didn't start out dreaming of being a mommy. Instead, she began a career as an engineer. She married and then completed a master's degree. With a brand new degree and a brand new baby, Cathy found herself at a turning point. Setting aside career ambitions, she became a full-time mommy. For twelve years, Cathy has been a stay-at-home mom. Every day for an entire year, she captured her thoughts, feelings, and concerns about daily life as a mom. She wrote while locked in the bathroom, at stoplights, and in the preschool parking lot. She lives with her husband (who wonders why he isn't mentioned in the book more often) and her three lively children (who wonder why mommy writes about them) in Indianapolis, Indiana. In this book, you will find that, as a mom, you do not walk alone. We journey through motherhood together. Won't you join me?

The Cursing Mommy's Book of Days-Ian Frazier 2012-10-02 Based on his widely read columns for The New Yorker, Ian Frazier's uproarious first novel, The Cursing Mommy's Book of Days, centers on a profoundly memorable character, sprung from an impressively fertile imagination. Structured as a daybook of sorts, the book follows the Cursing Mommy—beleaguered wife of Larry and mother of two boys, twelve and eight—as she tries (more or less) valiantly to offer tips on how to do various tasks around the home, only to end up on the ground, cursing, surrounded by broken glass. Her voice is somewhere between Phyllis Diller's and Sylvia Plath's: a hilariously desperate housewife with a taste for swearing and large glasses of red wine, who speaks to the frustrations of everyday life. Frazier has demonstrated an astonishing ability to operate with ease in a variety of registers: from On the Rez, an investigation into the lives of modern day Oglala Sioux written with a mix of humor, compassion, and imagination, to Dating Your Mom, a sidesplitting collection of humorous essays that imagines, among other things, how and why you might begin a romance with your mother. Here, Frazier tackles another genre with his usual grace and aplomb, as well as an extra helping of his trademark wicked wit. The Cursing Mommy's failures and weaknesses are our own—and Frazier gives them a loving, satirical spin that is uniquely his own.
