A Mother's Love-Mary Morris 2012-03-07 Sometimes a writer so perfectly captures the reality of our lives that we are given a new way of seeing ourselves. Mary Morris has accomplished this in A Mother's Love, a novel about the solitary moral courage of a woman raising a child alone. Ivy Slovak is a jewelry designer and artist whose days are absorbed by the struggle to make an unreliable paycheck cover the needs of her infant son, and whose nights are broken by the demands of her newborn child. Eager to rejoin the world she sees outside her window, Ivy is haunted by the memory of her mother, who abandoned her when she was seven years old. She recalls the years spent with her loving but itinerant father, wandering the desert hoping somehow to find the troubled, beautiful woman who had left them both. Moving seamlessly between Ivy's colorful past in the gambling towns of the Southwest and her difficult present in New York City, Mary Morris ponders, through Ivy, how we learn to be mothers, and illustrates the resilience of all—both men and women—who raise children, either on their own or with a mate. With quiet eloquence and deep compassion, A Mother's Love speaks directly to our hearts. At the same time, it takes a serious look at the complex fabric of the American family, and returns Mary Morris to her deserved place as one of the foremost chroniclers of the secrets and strengths of the human spirit.

How Mothers Love-Naomi Stadlen 2011-09-01 Mothers describe falling in love with their babies and then, more slowly, learning to understand them. Children flourish when their mothers love and understand them. For over 20 years, Naomi Stadlen has listened to hundreds of mothers talking at her weekly discussion groups. In 'How Mothers Love' she offers unique insights into how mothers and babies learn to communicate intimately with one another. When adults relate to one another, they are building on the foundations usually laid down by their mothers. 'How Mothers Love' is a study of how mothers start to build those foundations and covers areas such as: how to create emotional 'space' for your unborn child; how to maintain a close relationship with two or more children; the transformation into motherhood and your role as a mother in wider society. By sharing the experiences of other mothers, Naomi Stadlen offers reassurance and support to all new parents as they navigate the highs and lows of the early years with their babies.

A Mother's Love-Bettyrose Woody 2017-11-13 Bettyrose Woody knew that her mother wasn't like other mothers, that her behavior was not normal. As a child, she didn't have a name for what was going on. She just silently suffered through her mother's unpredictable punishments and rages. Years later, Bettyrose would discover the words she spent her childhood looking for: narcissistic personality disorder. Now, NPD is a recognized mental illness in the psychiatric community. That wasn't always the case. There was little support for those traumatized by narcissists. Young Bettyrose never had a way of understanding her mother's actions or how she could behave so inhumanely toward her own children. The ramifications of this childhood abuse would echo throughout her life. Through her memoir, Bettyrose traces the toxic effects of her mother's NPD in her own life. It would take her years to recover from the many ways she suffered under her mother's care. At the same time, Bettyrose demonstrates an astounding level of empathy for the woman who hurt her. She looks back into her mother's own life and discovers the roots of her NPD and what made her the woman she was, in the process finding a path to healing and hope for herself.

I now see my life divided into two - before the tragedy and after. Now, the present, will always be after. This is after.' Amanda Wright was just four years old when she witnessed her mother's brutal murder. John Dickinson, a family friend, strangled her mother to death in front of her and then he tried to do the same to Amanda. He laid their lifeless bodies out on their bed, set fire to it and left the house, hoping the fire would conceal the crime. It was the milkman who saved Amanda's life, though it was too late for mum Sue. Amanda spent weeks in hospital for painful skin graft operations on her burned legs before moving in with her grandparents. Yet, from the day of the tragedy she was haunted by flashbacks and nightmares. On her first day of school, Amanda watched other children crying for their mummies and suddenly realised that she would never see her own mother again. It was a painful adjustment for a little girl who, until that moment, had spent her whole life with her mum. More alone than ever before she was determined not to give in, finding strength in her memories of her mother. From the Lake House-Kristen Rademacher 2020-07-21 Dizzy with grief after a shattering breakup, Kristen did what any sensible thirty-nine-year-old woman would do: she fled, abandoning her well-ordered life in metropolitan Boston and impulsively relocating to a college town in North Carolina to start anew with a freshly divorced southerner. Dismissing the neon signs that flashed Rebound Relationship, Kristen was charmed by the host of contrasts with her new beau. He loved hunting and country music, she loved yoga and NPR; he worried about nothing, she worried about everything. The luster of her new romance and small-town lifestyle soon—and predictably—faded, but by then a pregnancy test stick had lit up. As Kristen's belly grew, so did her concern about the bond with her partner—and so did a fierce love for her unborn child. Ready or not, she was about to become a mother. And then, tragedy struck. Poignant and insightful, From the Lake House explores the echoes of rash decisions and ill-fated relationships, the barren and disorienting days an aching mother faces without her baby, and the mysterious healing that can take root while rebuilding a life gutted from loss.
