A Narrative, Or Journal of Voyages and Travels Through the North-west Continent of America-Alexander Mackenzie 1984

Narrative of a Voyage to the West Indies and Mexico in the Years 1599-1602-Samuel de Champlain 2020-09-28 The manuscript, of which the following is a translation, as literal as the idioms of the two languages admit, is in the possession of Monsieur Féret, the learned and extremely obliging librarian of the Public Library at Dieppe. Of its originality and authenticity there can be no doubt; the internal evidence of similarity in style, diction, and orthography even, with the published account of Champlain's Voyages in New

France, would alone suffice to establish those points. M. Féret obtained this valuable document from a resident in Dieppe, where it has been for an unknown time; and it is more than probable that it had been in the possession of M. de Chastes, governor of the town and castle of Dieppe, who was Champlain's chief friend and protector, under whose auspices he had been employed in the war in Brittany against the League, and by whom, after his return from the West Indies, he was sent to Canada. To him, it is most likely that Champlain would present a narrative of his voyage. On M. de Chastes' death, the manuscript probably passed into the possession of the Convent of the Minimes at Dieppe, to which he was a great benefactor during his life, and by testament after his death. He was also, by his desire, buried in the church of the convent. The library of the Minime fathers was, with the rest of their property, and that of the other convents of the town, dispersed at the great Revolution; but most of the books remained at Dieppe, as may be seen by a

reference to the numerous works which have gradually found their way, by gift or purchase, to the "Public Library" of that town, bearing inscriptions as having belonged to the convent. The readers of Champlain's Voyages in New France, will remember the allusion to the expedition which is the subject of the following narrative: "Sur ces entrefaites," he says, speaking of the projects of Monsieur de Chastes for the Canadian voyage, "je me trouvais en cour, venu fraîchement des Indes Occidentales, où j'avois été près de deux ans et demy après que les Espagnols furent partis de Blavet, et la paix foict en France, où pendant les guerres j'avois servi sa dicte majesté (Henry IV) souz Messeigneurs le Mareschal d'Aumont de St. Luc, et le Mareschal de Brissac." The relation of this voyage was never published, and this should rather confirm the supposition that the manuscript had been presented to M. Chastes. It was evidently finished in haste; as the omission of several drawings, which are mentioned but not inserted,

and the character of the writing, shews. Champlain returned from this voyage early in 1602, and before the autumn of the year was occupied in making preparations for his first voyage to Canada, before his return from which in the next year, 1603, M. de Chastes had died. Had Champlain kept the manuscript of his West India voyage, he would surely have published it in 1604, at the same time that the account of his first expedition to Canada was printed, and to none is it so likely that he would have given his "Brief Discourse" as to his best friend and patron, at whose death (he died at Dieppe) it would pass into private hands, or the Minime Convent, and be lost sight of. A Narrative of the Voyages Round the World Performed by Captain James Cook- Andrew Kippis 1878
Narrative of the Surveying Voyages of His Majesty's Ships Adventure and Beagle- Philip Parker King 1839

The Story of the Voyage-Philip Edwards 2004-05-20 Study of voyage narratives, including Cook and Bligh, set in the context of British imperialism.

A Narrative of Voyages and Travels in the Northern and Southern Hemispheres-Amasa Delano 1817

A Narrative of Captain Cook's Voyages Round the World-Andrew Kippis 1845

The Four Voyages of Christopher Columbus-Christopher Columbus

2004-02-05 No gamble in history has been more momentous than the landfall of Columbus's ship the Santa Maria in the Americas in 1492 - an event that paved the way for the conquest of a 'New World'. The accounts collected here provide a vivid narrative of his voyages throughout the Caribbean and finally to the mainland of

Central America, although he still believed he had reached Asia. Columbus himself is revealed as a fascinating and contradictory figure, fluctuating from awed enthusiasm to paranoia and eccentric geographical speculation. Prey to petty quarrels with his officers, his pious desire to bring Christian civilization to 'savages' matched by his rapacity for gold, Columbus was nonetheless an explorer and seaman of staggering vision and achievement.

A narrative of the two aerial

Voyages of Dr. J. with Mons. Blanchard: with meteorological observations and remarks. The first voyage on the thirtieth of November, 1784, from London into Kent: the second, on the seventh of January, 1785, from England into France. By Dr. J.-John JEFFRIES (M.D., of London.) 1786

Narrative of the Voyages and Services of the Nemesis, from 1840 to 1843; and of the Combined Naval and Military Operations in China-William Dallas Bernard 1999-01-01 This Elibron Classics title is a reprint of the original edition published by Henry Colburn in London, 1844.

This Thing Of Darkness-Harry Thompson 2010-03-04 A brilliant, action-packed and gripping novel of Charles Darwin's voyage on the Beagle - longlisted for the Man Booker Prize. In 1831 Charles Darwin set off in HMS Beagle under the command of Captain Robert Fitzroy on a voyage that would change the world. 'An outstandingly good first novel. A page-turning action-adventure combined with subtle intellectual arguments. The meticulous research

enriches this fascinating tale' Sunday Telegraph 'A master storyteller' Sunday Times Brilliant young naval officer Robert FitzRoy is given the captaincy of HMS Beagle, surveying the wilds of Tierra del Fuego. He's a man of tradition and principle, with a firm belief in the sanctity of the individual in a world created by God. On board, is a passenger, Charles Darwin - a young trainee cleric, and amateur geologist. This is the story of a deep friendship between two men, and the twin obsessions that tear them apart, leading one to triumph, and the other to disaster.

Narrative of a Second Voyage

in Search of a North-west Passage, and of a Residence in the Arctic Regions-Sir John Ross 1844

The Voyages of Sir James Lancaster, Kt., to the East Indies-Sir Clements Robert Markham 1877
