Expanding Worship Opportunities takes real challenges expressed by real people and offers creative solutions for tomorrow's Church!" Chaplain (Major) Jeffrey D. Hawkins Family Life Chaplain, Ft. Benning, Georgia "A New Dawn belongs on the shelf of every seminary professor planning to prepare this generation to reach the next generation for Christ, every pastor planning to plant a new church, every worship leader planning their next worship service, every believer planning to shop for their next church. Shon has given a real world example of how to "contextualize the gospel" so that this generation will also receive it. Biblically accurate, culturally relevant, historically grounded, and user friendly. As a pastor just outside one of the biggest military bases in the world (Eglin AFB), I wish I had access to A New Dawn before I planted my first church." He published a book dealing with that part of the world, which also contained a great deal of interesting matter regarding the little known Patagonian Indians, Ideas on Religion and Customs, etc. He returned to Wales in 1891; and after spending a few years in his native land, went out to a wild part of Western Australia, and was the pioneer Christian worker in a district called Colliefields, where he also built a church." -Preface

Loving When You Don'T Feel Like It-Dr. Shon Neyland 2018-01-08 When is enough, enough in a relationship? Marriage can be the most blissful relationship we can experience on earth, yet it canat the same timebe the most challenging endeavor. In Loving When You Dont Feel Like It, Dr. Shon Neyland provides practical insights into discovering and applying unconditional love in relationships. It is more common to do unto others as they have done unto you. Unfortunately, this kind of thinking has certainly eroded the concept of forgiveness, grace, and mercy. If we are honest, we have to acknowledge that unconditional love is really hard to implement, as our natural tendency is to protect ourselves even at the risk of losing the one we love. Unconditional love is the ingredient that many are missing in their relationships, and this book provides the blueprint to build that kind of love.

The Courage to Stand: a New America-Dr. Shon Neyland 2017-10-09 I believe that America is still strong, a leader of the free world, and capable of even greater accomplishments through a paradigm shift and through embracing one another in love and respect. The Logic of Life-Tim Harford 2009-02-24 In The Logic of Life, bestselling author Tim Harford quite simply makes sense of this world. Life often seems to defy logic. The receptionist is clearly smarter than the boss who earns fifty times her salary. Arbitrary lines starkly divide the desirable districts of the city from the dangerous ones. Voters flock to the polling booths to elect candidates who'll rip them off to favour special interests. None of it makes logical sense — or does it? Economist and acclaimed author Tim Harford thinks it does. By weaving stories from locations as diverse as a Vegas casino to a barroom speed date, Harford aims to persuade you that people are, in fact, surprisingly logical. When a street prostitute agrees to unprotected sex, or a teenage criminal embarks on a burglary — perhaps especially when a racist employer disregards a black job applicant — we would seem to be a million miles from rational behaviour. Harford shows that, discomfitingly, we are not. It turns out that the unlikeliest of people are complying with the logic of economics and responding to future costs and benefits, often without realizing it; and socially tragic outcomes can have their roots in individually rational decisions. Brilliantly reasoned, always entertaining and often provocative, The Logic of Life is a book to help you understand yourself and the world around you. From the Hardcover edition.

The Schmuck in My Office-Jody Foster 2017-04-04 "This is a timely must-read for managers and anyone who has ever had to deal with a difficult coworker; it addresses a ubiquitous problem in a proactive, positive manner that should get the desired results." - Publishers Weekly Everyone has a "schmuck" in their office—a difficult, disruptive person who upsets the workplace, confuses coworkers, and causes concern. It's hard to understand why schmucks act the way they do, but one thing is certain—they seem to come in all shapes and sizes. . . . - Narcissus—the condescending attention-seeker who carelessly steps on everyone's toes - The Flytrap—the bringer of chaos whose emotional instability causes an office maelstrom - The Bean Counter—the orderly perfectionist who never gives up control, even when it's full-steam-ahead to disaster - The Robot—the unreadable stone wall who just can't connect Sound like anyone you know? These are just a few of the more prominent types of difficult people at work. In The Schmuck in My Office, Dr. Jody Foster explains the entire spectrum of people we may think of as schmucks, how they can decrease productivity, destroy teams, and generally make everyone else unhappy. Along with nailing down the various types, she looks at personality traits and explains how dysfunctional interactions among coworkers can lead to workplace fiascos. She helps readers understand schmucks as people, figure out how to work with them, and ultimately solve workplace problems. She also makes readers consider the most difficult thing of all: despite where your finger may be pointing, sometimes you are the "schmuck"! Let Dr. Foster teach you how to make your workplace a happier and more productive one.

From admission to graduate school through licensing for independent practice, the authors provide policies, procedures, contracts, and sample dialogues that are compassionate, mindful of students' varying developmental stages, and respectful of due process. This authoritative text will help to fulfill the fundamental responsibility of every clinical educator and supervisor to protect our profession and the clients we serve." —Anne Marie "Nancy" Wheeler, JD, and Burt Bertram, EdD, Coauthors, The Counselor and the Law "This unique and valuable contribution to the field covers all aspects of gatekeeping, a term frequently discussed but sometimes not practiced. As the experts in this volume point out, mental health educational programs are ethically bound to ensure that their graduates are competent. My Life is a Weapon-Christoph Reuter 2004 What kind of people are suicide bombers? How do they justify their actions? In this meticulously researched and sensitively written book, journalist Christoph Reuter argues that popular views of these young men and women—as crazed fanatics or brainwashed automatons—fall short of the mark. In many cases these modern-day martyrs are well-educated young adults who turn themselves into human bombs willingly and eagerly—to exact revenge on a more powerful enemy, perceived as both unjust and oppressive. Suicide assassins are determined to make a difference, for once in their lives, no matter what the cost. As Reuter's many interviews with would-be martyrs, their trainers, friends, and relatives reveal, the bombers are motivated more by how they expect to be remembered—as heroic figures—than by religion-infused visions of a blissful life to come. Reuter, who spent eight years researching the book, moves from the broken survivors of the children's suicide brigades in the Iran-Iraq war of the 1980s, to the war-torn Lebanon of Hezbollah, to Israeli-occupied Palestinian land, and to regions as disparate as Sri Lanka, Chechnya, and Kurdistan. He tells a disturbing story of the modern globalization of suicide bombing—orchestrated, as his own investigations have helped to establish, by the shadowy Al Qaeda network and unintentionally enabled by wrong-headed policies of Western governments. In a final, hopeful chapter, Reuter points to today's postrevolutionary, post-Khomeini Iran, where a new social environment renounces the horrific practice in the very place where it was enthusiastically embraced just decades ago.
