The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800-George Watson 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

The New Universal Etymological English Dictionary-Nathan Bailey 1760

A New Universal Collection of Voyages and Travels. Containing Every Thing Remarkable in the Various Parts of the Known World, Also Customs and Manners of the Several Inhabitants. Illustrated with Maps, Plans, and Other Copper Plates of 3; Volume 1-Multiple Contributors 2018-04-25 The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Delve into what it was like to live during the eighteenth century by reading the first-hand accounts of everyday people, including city dwellers and

farmers, businessmen and bankers, artisans and merchants, artists and their patrons, politicians and their constituents. Original texts make the American, French, and Industrial revolutions vividly contemporary. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ British Library T215073 Compiled by Edward Button. Titlepage to vol. 1 in red and black. London: printed for W. Owen, 1755. 3v., plates: ill., maps, ports.; 12° The new universal English dictionary. Buchanan-Nathan Bailey 1760
