the most, I definitely have a solution for you, so please keep reading... Would you like to know more? I have created a special guide for you where you can find everything you may need to attract almost any woman you want. Here is a fraction of what you are going to find inside this book: Typical errors most men make when approaching their desirable woman The seductive process explained in detail - learn the basics before taking action Three principles that will completely change your relationships with women Simple strategies to get and plan a date of your dreams Sex and other critical topics - a crucial guide for the most pleasant experience you may ever have with women How to make women chase you instead of you chasing them Learn how to read a woman's actions and body language before making a decision Much much How to Seduce the Hottest Women in the World-Kent Lamarc 2016-10-17 It's interesting that we tend to seek for answers with the same brain that has produced the questions and then wonder why we keep the questions but not have the answers or why the answers never seem to match our initial perceptions or expectations when making the questions? And yet, for some reason, we persist for months, and even years of our life, with the same questions. Very often, we give up on finding the answers, but the questions remain, buried in our subconscious mind. And so, and ironically, I find myself realizing that the best answers can only be seen and not searched. Truly, you can only look at what lays in front of you, because life is perfect already, and anything that can be found beyond our preconceived ideas about life is really beyond our preconceptions, thoughts or expectations, which means one cannot be without not being. In this book, I will show you what I've found when forgetting myself, when allowing myself to feel stupid and realizing that I know very little about life, and in specific, women, which is something I had to do if I wanted to truly know how to conquer a ten instead of settling for less. I actually thought I had conquered many tens

before in my life, you know, those women every man wants, that they try to anxiously seduce even as she is right next to me, or that they want to learn how to seduce by becoming my friends first and copying what I do next. But recent experiences shown me that the level can always be upgraded. Those tens are now ones when compared to the astonishing goddesses I met in the baltic countries. In my previous books I did mention women that are socially perceived as a ten. But what if you met the hottest girls in the world? What kind of ten is that previous girl you met? Relearning about how to answer such questions is what I did to write this book. After ending a five years relationship with a woman that was a ten from the social perception of any country we visited together, in a nearly total of thirty countries, often making men wondering what a guy like me had that they didn't, and assuming it's just the size of my cock, was what I did to upgrade my game and take it to a completely new level, far beyond my personal expectations. I decided to travel for 4 months in 7 of the countries with the most beautiful women in the world: Finland, Estonia, Latvia, Lithuania, Denmark, Belgium and Spain. This book resumes conclusions that I'm not necessarily proud or happy about, but that, as a social, psychological, but also psychopathic, and foremost, mindfucking scientist, as well as researcher, do present very accurate insights into the female mind, at least the one that is at the top as the most appreciated, the tall, blond and blue or green eyes blond with long hair and beautiful facial features. You know, that goddess that you thought only existed either in the Lord of the Rings or very high quality porn movies. Yep, I'm going to teach you here how to blow yourself away with amazing success in picking up and dating the hottest women in the world. And if you can't, well, fuck it and fuck you, because I'm not your father and this isn't LSD and won't make miracles for you just because you read it. This is just a book. You're responsible for what you do, say and also for who you are. So, don't blame me or anyone else for being yourself and existing in the way you do. If you want these tips to work, you must use them over and over again, because they're so good that they even work on men. That's right, I made as many male friends as I made female friends by behaving and talking like what I will show you here. And I also did have amazing conversations with some guys while seducing their girlfriend in front of them. The emails that these girls kept sending me still surprise me to this day.

Escape the Friendzone: Seduce Her from Friend to Lover in 5 Steps Or Less-Robert Belland 2018-02-14 In this simple book I explain the 5 basic steps you need to follow in order to seduce her from being "just friends" into be lovers. Hi, I'm Robby! I can still remember the hot summer nights hanging out with one of my hot female friends, driving her home, dropping her off, and then going home alone only to mull over all the things I should have said, but didn't, or the things I did say but shouldn't have.... I had so much doubt and regret and mixed emotions. I loved hanging out with her but I desperately wanted more... and yet I didn't want to screw up our close relationship! I knew I was a good catch and that she enjoyed spending time

with me... but she never ever gave me any signs of interest... no flirting, no playful touching... it was totally platonic. And I had no idea what to do about it. But I was young and nervous and WAY too fearful of what she might do or say. I've come A LONG way since then. If there's one thing I've learned about women it's this: it's not what they THINK of you, it's how they FEEL when they're with you. And once I figured out the typical steps involved in seducing any woman I simply applied those same rules to seducing this one special girl... and sure enough it worked like a charm! Basically I reduced it down to 5 simple steps, which I break down and explain in detail in this quick read. This little book makes it easy! - I break down the process of seducing her from a friend into a lover in 5 steps or less. - Honestly you can do all of these steps in a month, a week, or a night, depending on how fast you want to go. - If she derails your efforts on any of the steps you simply restart at step one... it's simple and easy. My book is short and to the point and can be read in about an hour, that's how clear and precise I've made these 5 steps. And if you have the urge to dive even deeper into the psychology and mindsets of dating beautiful women I provide plenty of suggested additional resources to direct your continued seduction education. What is the value of having the powerful skills and advance understanding of dating and seducing beautiful women? What's better than knowing what to do, what to say, and how to act when you're really interested in a girl?! Read this book now, and reach out to me afterwards if you have any questions or suggestions!

Seducing the Spirits-Louise Young 2009 When Jenny Dunfree, a graduate student in tropical ornithology, is banished to a remote, Panamanian-sponsored birding project near the Columbian border, she is given one directive by her superior: Don't piss anyone off. Almost immediately, Jenny encounters problems with this assignment. The study site where she's sent to observe nesting harpy eagles is located near an indigenous village, and upon arrival she's informed that her attendance is mandatory at many community functions. Jenny finds the native Kuna people to be a prickly lot, quick to take offense; their values, language, and customs incomprehensible to her. Equally confusing is the surrounding rainforest with its myriad of unknown and impossible to identify species. Her bewilderment extends even to the nesting eagles which the project's founder, a prominent raptor authority, insisted were rare harpy eagles but as far as Jenny can tell are a lesser species "of no interest to the Republic of Panama or any other national entity." With no option out, Jenny slogs on with the research and her required attendance at weekly "town hall" meetings in the Kuna village. Jenny's liaison with the native people is Pedro, a man whose early education

at a mission school left him fluent in English but cynical and detached from his own culture. As weeks pass, Jenny becomes acquainted with other members of the community: Eulogio, the handsome and charismatic leader; shy Iris who married and then was abandoned by Jenny's predecessor in the harpy eagle project; the racially prejudiced Anselmo; and Ceferino, in whom Jenny discovers a shared passion for the natural world. In this lawless frontera, Jenny also encounters outsiders with their own agendas for the Kunas and the surrounding rainforest. Through her eyes, the reader is drawn into Kuna culture and its struggle to retain a traditional identity in the face of erosion from both outside and within the community.
