A Paradise of Priests-Catherine Saucier 2014 In the "priestly paradise" of medieval Liège, sacred music became a pervasive and versatile medium by which the clergy promoted the holy status of their city. While this hotbed of female piety and Eucharistic devotion is recognized as a center of liturgical innovation and clerical writing, the symbiosis of saintly and civic ideals voiced in locally composed plainchant and polyphony has remained overlooked. The key to unlocking the civic meaning of this music lies in the saints' legends and bishops' deeds from which it emerged and in the rituals and performance spaces in which it was heard. In A Paradise of Priests, Catherine Saucier forges new interdisciplinary connections between musicology, the liturgical arts, the cult of saints, church history, and urban studies to demonstrate how liégeois clerics constructed a civic sacred identity through sung rituals in conjunction with hagiographic writing and relic display. Focusing on the veneration and influence of five bishops active between the seventh and sixteenth centuries, Saucier explains how the performance of sacred music accrued new meanings at moments of signal importance in the life of the city. A Paradise of Priests is an essential resource for scholars and students interested in the history of the Low Countries, hagiography and its reception, and ecclesiastical institutions. Catherine Saucier is Assistant Professor of Music History at Arizona State University.

In Paradise-Peter Matthiessen 2014-04-08 The bestselling final novel by a writer of incomparable range, power, and achievement, a three-time winner of the National Book Award. Peter Matthiessen was a literary legend, the author of more than thirty acclaimed books. In this, his final novel, he confronts the legacy of evil, and our unquenchable desire to wrest good from it. One week in late autumn of 1996, a group gathers at the site of a former death camp. They offer prayer at the crematoria and meditate in all weathers on the selection platform. They eat and sleep in the sparse quarters of the Nazi officers who, half a century before, sent more than a million Jews in this camp to their deaths. Clements Olin has joined them, in order to complete his research on the strange suicide of a survivor. As the days pass, tensions both political and personal surface among the participants, stripping away any easy pretense to resolution or healing. Caught in the grip of emotions and impulses of bewildering intensity, Olin is forced to abandon his observer's role and to bear witness, not only to his family's ambiguous history but to his own. Profoundly thought-provoking, In Paradise is a fitting coda to the luminous career of a writer who was "for all readers. He was for the world" (National Geographic).

The Priest Fainted-Catherine Temma Davidson 2014-01-07 A stunning debut about a young Greek-American woman and the history she shares with her mother and grandmother. Imam is a recipe known throughout villages in Greece, handed down from mother to daughter. If you come from these villages, your history is passed on through your body. Its full name is imam baildi, and it means the priest fainted. Perhaps the priest was given a bit of bitter and sweet pleasure, and the power of everything behind the dish pushed him off his rock, just for a moment. Perhaps, when he was tumbling through the air, sighing with fear and ecstasy, he saw a glimpse of a new life to come. Layered with love affairs, family squabbles, poignant misunderstandings, moments of wonder, and more, The Priest Fainted is nothing less than the recipe for a young Greek-American woman's life. Using her imagination and the stories passed through her bones as ingredients, Catherine Temma Davidson uses memories, Greek myths, recipes, and family gossip to uncover a hidden history, which is the story of one woman's year in Greece as it crosses and doubles back over the lives of her mother and grandmother.

Lost Paradise-Catherine Lucile Moore 2011-09-30 Northwest Smith embarks on a dangerous trip to learn the secrets of the moon and a lost civilization.excerpt"I'll bet you the next drinks," murmured Yarol, his wise black eyes twinkling under long lashes, "that you can't guess what race that little fellow's from, or where it originated." "The next drinks are on me anyhow," grinned Smith. "No I can't guess. Does it matter?" "Oh-curious, that's, all. I've seen a member of that race only once before in my life, and I'll bet you never saw one. And yet it's an Earth race, perhaps the very oldest. Did you ever hear of the Seles?" Smith shook his head silently, his eyes on the little figure below, which was slowly drawing out of sight beneath the overhang of the terrace on which they sat."They live somewhere in the remotest part of Asia, no one knows exactly where. But they're not Mongolian. It's a pure race, and one that has no counterpart anywhere in the solar system that I ever heard of. I think, even among themselves their origin has been forgotten, though their legends go back so far it makes you dizzy to think of it. They're queerlooking, all white-haired and fragile as glass. Keep very much to themselves, of course. When one ventures out into the world you can be sure it's for some tremendously important reason. Wonder why that fellow--oh well, not that it matters. Only seeing him reminded me of the queer story that's told about them. They have a Secret. No, don't laugh; it's supposed to be something very strange and wonderful, which their race life is dedicated to keeping quiet. I'd give a lot to know what it is, just for curiosity's sake." "None of your business, my boy," said Smith sleepily. "Like as not it's better for you that you don't know. These secrets have a way of being uncomfortable things to know." "No such luck," Yarol shrugged. "Let's have another drink-on you, remember-and forget it."

The Journey to Paradise-Kevin A. Stripe 2011-07-05 When John Pope, a fundamentalist preacher, and his friend Mark, a physician, get into an argument about religion and science, John wishes that science didn't exist. The next day, John somehow finds himself in a world that shuns science and is governed by very strong fundamentalist religious beliefs. John's adventures take him through this oddly familiar land in a state of intermittent war between several religions. He discovers that his basic understanding of science gives him the ability to survive and prosper in this medieval world. After losing his family, John again finds love, and through the use of science, he saves his faith and his home. At the peak of prestige and power, those who share John's faith persecute him for enlightening others as to the achievements of science. But will John's punishment be carried out before he can find a way to return to the present?

Alexandra: The Last Tsarina-Carolly Erickson 2013-02-07 The lives and

deaths of the Romanov family are redolent with colour and drama, but the personal life of the beautiful Tsarina Alexandra has remained enigmatic. Under Erickson's masterful scrutiny the full dimensions of the Empress's singular psychology are revealed: her childhood bereavement, her long struggle to attain her romantic goal of marriage to her handsome cousin Nicholas, anguishing shyness, the struggles with her in-laws, a false pregnancy, her increasing eccentricities as she became more preoccupied with matters of faith, and her growing dependence on a series of occult mentors, the most notorious of whom was Rasputin. With meticulous care, long-practised skill, and generous imagination, Erickson has brought Alexandra and her family back to life. Taking advantage of material unavailable until the fall of the Soviet Union, Erickson portrays Alexandra's story as a closely observed, enthrallingly documented, progressive psychological retreat from reality.
