Her Neighbor's Wife-Lauren Jae Gutterman 2019-11-01 At first glance, Barbara Kalish fit the stereotype of a 1950s wife and mother. Married at eighteen, Barbara lived with her husband and two daughters in a California suburb, where she was president of the Parent-Teacher Association. At a PTA training conference in San Francisco, Barbara met Pearl, another PTA president who also had two children and happened to live only a few blocks away from her. To Barbara, Pearl was "the most gorgeous woman in the world," and the two began an affair that lasted over a decade. Through interviews, diaries, memoirs, and letters, Her Neighbor's Wife traces the stories of hundreds of women, like Barbara Kalish, who struggled to balance marriage and same-sex desire in the postwar United States. In doing so, Lauren Jae Gutterman draws our attention away from the postwar landscape of urban gay bars and into the homes of married women, who tended to engage in affairs with wives and mothers they met in the context of their daily lives: through work, at church, or in their neighborhoods. In the late 1960s and 1970s, the lesbian feminist movement and the no-fault divorce revolution transformed the lives of wives who desired women. Women could now choose to divorce their husbands in order to lead openly lesbian or bisexual lives; increasingly, however, these women were confronted by hostile state discrimination, typically in legal battles over child custody. Well into the 1980s, many women remained ambivalent about divorce and resistant to labeling themselves as lesbian, therefore complicating a simple interpretation of their lives and relationship choices. By revealing the extent to which marriage has historically permitted space for wives' relationships with other women, Her Neighbor's Wife calls into question the presumed straightness of traditional American marriage.

Here Goes Nothing-Kendra Broekhuis 2017-02-28 What happens when you ask God, "What do you want me to do today?" This is not a success story. And it's not one of those stories that has a beginning, a middle, and then a perfectly tidy hind end either. It's really just a beginning. For thirty days Kendra Broekhuis prayed "to maintain the joy of being wife and mommy amid the daily grind. To see the world through God's eyes. To live intentionally. To build relationships and share Christ's love with our neighbors. To learn what it really means to give. To collide 'motherhood' with 'mission.'" This became her motto, her credo, her personal mission statement. Some days it led to actions the Lord gently nudged her to take. Other days it led to reflections the Lord gently whispered into her heart. Every day it led to a single word, one underlying theme that ties all thirty days - all thirty chapters - and their wide variety of topics together: giving. These thirty days found Kendra and her husband and daughter in a strange time of transition. They had just moved back to the United States after teaching for three years in the beautiful country of Guatemala. They were in a new city, working a new job, living in a new apartment building, in search of a new church. And they wanted to put it all together: all of their experiences, all of the things they had just seen and learned and read and discussed. It wasn't a clean slate but rather a chance to live intentionally. When Kendra and her husband sought advice about the transition from fellow missionary friends, the advice was, "Get to know your neighbors." It might sound like strange advice, but it made sense. Jesus tells us to "Love God and love your neighbor." Many times the word neighbor is meant to be vague, but it shouldn't always be. Part of being mission-minded, no matter where you live or work, is being willing to love the people closest to you, people we often overlook. Kendra's neighbors—as in the people who live in the other eleven apartments in her building—are whom she often found the Lord's generosity overflowing to and from during these thirty days.

Profit and Passion-Nicole von GERMEN 2018-04-06 "This book recounts four centuries of the history of women labeled public women, whores, and prostitutes in New Spain's archival records and works of literature from Spain and Mexico. Performing conventional gender roles, women resisted the archival inscription of these labels, so this complex story of multi-layered viceregal sex work acknowledges the ambiguities and limitations of documenting the history of sexuality via written sources. The elusive, ever-changing terminology for prosecuted women in the early modern Iberian world, voiced by kings, jurists, magistrates, inquisitors, and bishops, as well as disgruntled husbands and neighbors, foreshadows the increasing regulation, criminalization, and polarizing politics of modern global transactional sex. Key themes include: the history of the word "prostitute/prostitution," narratives presented by women in a court setting, the creation of a victim narrative by defendants and prosecutors, legal history, and the importance of the economic and familial context in shaping sexual transactionality. Sources used come from the archives of police, church, and inquisitorial investigations. Interpretations are shaped by archival and sex work activism theories"--Provided by publisher.

Explosive Passion-Nader Somoye 2019-02-15 The search for happiness while striving to solve the mystery of life is a struggle that continues to bewitch the young and old alike. Explosive Passion, a motivational book of poems and short stories, intermingles the very real concerns of life with the conflicts of fiction. This mirror on reality allows a clearer visualization by adding distance and perspective. "The Risk of Cheating" reveals the irresistible attraction of a woman to a married man while portraying the danger of cheating, learned the hard way. "Survival Technique" speaks of a married woman living without intimacy who finds a way to create her own method of personal satisfaction. "Being a Cougar" portrays a lonely older woman in love with a young, energetic man, over the backdrop of unsupportive friends. These and thirty more heart-twisting, soul-searching stories make up this collection by author Nader Somoye. Through fictional works, Somoye hopes to show how a person can rearrange their daily life for the better. Also through fiction, observe experiences that would prove regrettable in reality. These tales will entertain but also save readers from making similar mistakes in the realm of sex, love, and relationships.

Your Neighbor's Hymnal-Jeffrey F. Keuss 2011-06-10 Your Neighbor's Hymnal provides a winsome and thoughtful exploration of popular music, from rock to hip-hop to metal to soul, as a vital source contemporary culture continues to go to learn about faith, hope, and love. Where some Christians have kept their focus only on a hymnal found in their church or formed by the genre of Contemporary Christian Music, Keuss argues that your neighbor's hymnal is filled with great music that God is using and deserves a deeper listen. Offering forty songs spanning time and genres, each section includes a number of representative reflections on the history and artist that created the song, reflections on its lyrical content, and theological and biblical connections that will hopefully show some ways in which the song illustrates how your neighbor is hearing, seeking, and finding faith, hope, and love through popular music. This book can be approached in a number of ways. As an introduction to this stream of popular culture, the overviews and short introductions to each song provide a glossary useful in courses needing texts in theology and popular culture. For use with church groups, whether adult bible studies or youth groups, Your Neighbor's Hymnal provides points of reference for connecting key aspects of the Christian faith with illustrations readily available for discussion. For interested music listeners, the book will provide a means of giving voice to their own musings on faith. As with faith, good music is meant to be shared, and Your Neighbor's Hymnal offers a wonderful opportunity to do both.

Beggar My Neighbor-Emily Gerard 1882

When Passion Wins-Wendy Patrick 2012-12-12 This book basically highlights the need for understanding and acceptance of the arts as viable career options for young people. It promotes the need for a discussion on choosing careers, thus avoiding possible conflicts between parents and child. In this story, Angelique, a girl of eleven years, grows up in a Caribbean island with her parents, younger brother, and older sister. She realizes at this early age that she has a great love for music, a love that develops into a passion, a passion that, as she grows older, she wants to develop into a career. This, however, is not a career path envisaged by her parents for their daughter. In fact, her father wants her to be a doctor. In their town, music is considered to be nothing more than a hobby. How Angelique goes about getting support and acceptance for her chosen profession makes interesting reading. Varying emotions are evoked as the reader follows Angie from her very first encounter in chapter 1 right through to the end. She goes from taking her eleven-plus examination to experiences in secondary school, maturing into a determined young lady ready to take on whatever lies ahead.

Shanghai Homes-Jie Li 2014-11-18 In the dazzling global metropolis of Shanghai, what has it meant to call this city home? In this account—part microhistory, part memoir—Jie Li salvages intimate recollections by successive generations of inhabitants of two vibrant, culturally mixed Shanghai alleyways from the Republican, Maoist, and post-Mao eras. Exploring three dimensions of private life—territories, artifacts, and gossip—Li re-creates the sounds, smells, look, and feel of home over a tumultuous century. First built by British and Japanese companies in 1915 and 1927, the two homes at the center of this narrative were located in an industrial part of the former "International Settlement." Before their recent demolition, they were nestled in Shanghai's labyrinthine alleyways, which housed more than half of the city's population from the Sino-Japanese War to the Cultural Revolution. Through interviews with her own family members as well as their neighbors, classmates, and co-workers, Li weaves a complex social tapestry reflecting the lived experiences of ordinary people struggling to absorb and adapt to major historical change. These voices include workers, intellectuals, Communists, Nationalists, foreigners, compradors, wives, concubines, and children who all fought for a foothold and haven in this city, witnessing spectacles so full of farce and pathos they could only be whispered as secret histories.

William Faulkner-Daniel Joseph Singal 2000-11-09 Amid all that has been published about William Faulkner, one subject—the nature of his thought—remains largely unexplored. But, as Daniel Singal's new intellectual biography reveals, we can learn much about Faulkner's art by relating it to the cultural and intellectual discourse of his era, and much about that era by coming to terms with his art. Through detailed analyses of individual texts, from the earliest poetry through Go Down, Moses, Singal traces Faulkner's attempt to liberate himself from the repressive Victorian culture in which he was raised by embracing the Modernist culture of the artistic avant-garde. To accommodate the conflicting demands of these two cultures, Singal shows, Faulkner created a complex and fluid structure of selfhood based on a set of dual identities—one, that of a Modernist author writing on the most daring and subversive issues of his day, and the other, that of a southern country gentleman loyal to the conservative mores of his community. Indeed, it is in the clash between these two selves, Singal argues, that one finds the key to making sense of Faulkner.

How to Love Your Neighbor Without Being Weird-Amy Lively 2015-04-28 "I want to love my neighbor, but I don't know how." Most of us feel guilty about Christ's command to love our neighbor, but let's be honest--we don't even know most of the people living around us. How can we love people we don't even know? Besides, doesn't it count as "loving our neighbor" when we send money to missionaries and put out yard signs for our church? Are we supposed to just knock on our neighbors' doors and tell them about Jesus? "They'll think I'm weird." How to Love Your Neighbor Without Being Weird helps you overcome fears about getting to know your neighbors and sharing your faith. You'll learn simple, practical ways to get to know your neighbors, using your God-given personality. As you venture out of the comfort of your living room and into the lives of your neighbors, you'll form authentic friendships, create a safer community, and find fulfillment in obeying Christ's #2 command. Loving your neighbor isn't a random command; it's God's perfect plan. "A very timely book for a very isolated culture.
