A Perfect Romance-Layce Gardner 2013 Love at first sight. How perfectly romantic! When Dana meets Ellen she's not entirely honest because she doesn't want to look foolish. If she explained that she's wingman to her BFF Trudy, who is trying to pick up men at an AA meeting, then Ellen would quite reasonably want to back away, slowly. The only way to see Ellen again is to keep going to the meetings and try really hard not to dig herself a deeper hole. But on the day Dana was born the good Lord was handing out shovels and whichever idiot said the course of true love was easy, well, they flat-out lied. If love wasn't funny there'd be no way we'd survive it. Join Goldie winner Layce Gardner for A Perfect Romance.

A Fine Romance-Candice Bergen 2015-04-07 In this New York Times bestseller, acclaimed actress Candice Bergen "shows how to do a memoir right...The self-possessed, witty, and down-to-earth voice that made Bergen's first memoir a hit when it was published in 1984 has only been deepened by life's surprises" (The New York Times Book Review). "Candice Bergen is unflinchingly honest" (The Washington Post), and in A Fine Romance she describes her first marriage at age thirty-four to famous French director Louis Malle; her overpowering love for her daughter, Chloe; the unleashing of her inner comic with Murphy Brown; her trauma over

Malle's death; her joy at finding new love; and her pride at watching Chloe blossom. In her decidedly nontraditional marriage to the insatiably curious Louis, Bergen takes readers on world travels to the sets where each made films. Pregnant with Chloe at age thirty-nine, this mature primigravida also recounts a journey through motherhood that includes plundering the Warner Bros. costume closets for Halloween getups and never leaving her ever-expanding menagerie out of the fun. She offers priceless, behind-the-scenes looks at Murphy Brown, from caterwauling with Aretha Franklin to the surreal experience of becoming headline news when Dan Quayle took exception to her character becoming a single mother. Bergen tackles familiar rites of passage with moving honesty: the rigors of caring for a spouse in his final illness, getting older, and falling in love again after she was tricked into a blind date. By the time the last page is turned, "we're all likely to be wishing Bergen herself—funny, insightful, self-deprecating, flawed (and not especially concerned about that), and slugging her way through her older years with bemused determination—was living next door" (USA TODAY).

Chivalry and Romance in the English Renaissance-Alex Davis 2003 A reinterpretation of the place and significance of chivalric culture in the sixteenth and seventeenth centuries, and what it says about contemporary attitudes to the medieval.

The English Romance in Time-Helen Cooper 2004-06-17 The English Romance in Time is a study of English romance across the Middle Ages and the Renaissance. It explores romance motifs - quests and fairy mistresses, passionate heroines and rudderless boats and missing heirs - from the first emergence of the genre in French and Anglo-Norman in the twelfth century down to the early seventeenth. This is a continuous story, since the same romances that constituted the largest and most sophisticated body of

secular fiction in the Middle Ages went on to enjoy a new and vibrant popularity at all social levels in black-letter prints as the pulp fiction of the Tudor age. This embedded culture was reworked for political and Reformation propaganda and for the 'writing of England', as well as providing a generous reservoir of good stories and dramatic plots. The different ways in which the same texts were read over several centuries, or the same motifs shifted meaning as understanding and usage altered, provide a revealing and sensitive measure of historical and cultural change. The book accordingly looks at those processes of change as well as at how the motifs themselves work, to offer a historical semantics of the language of romance conventions. It also looks at how politics and romance intersect - the point where romance comes true. The historicizing of the study of literature is belatedly leading to a wider recognition that the early modern world is built on medieval foundations. This book explores both the foundations and the building. Similarly, generic theory, which previously tended to operate on transhistorical assumptions, is now acknowledging that genre interacts crucially with cultural context - with changing audiences and ideologies and means of dissemination. The generation into which Spenser and Shakespeare were born was the last to be brought up on a wide range of medieval romances in their original forms, and they could therefore exploit their generic codings in new texts aimed at both elite and popular audiences. Romance may since then have lost much of its cultural centrality, but the universal appeal of these same stories has continued to fuel later works from Bunyan's Pilgrim's Progress to C.S. Lewis and Tolkien. Selected English Essays-Wadham Peacock 1911

Quintus Claudius, Volume 2 (of 2) (English Edition)-Ernst Eckstein 2014-11-08 Example in this ebook CHAPTER I. The same day, which saw our friends in the country house at Ostia, and the bond of love sealed between Aurelius and Claudia, had been one of infinite agitation and annoyance to the Emperor Domitian. The very first thing in the morning came vexatious tidings from the town and provinces. At the earliest dawn inscriptions had been discovered on several of the fountains, columns and triumphal arches, of which the sting was more or less covertly directed against the Palatium and the person of Caesar. "Enough!" was attached to the base of a portrait bust. "The fruit is ripe!" was legible on the arch of

Drusus. In the fourth, eighth and ninth regions the revolutionary question was to be seen in many places: "Where is Brutus?" and at the entrance of the baths of Titus, in blood-red letters, stared the appeal: "Nero is raging; Galba, why dost thou tarry?" Domitian, who had heard all this from his spies, long before the court officials even suspected what had happened, received these courtiers in the very worst of tempers. His levée was not yet ended, when a mounted messenger brought the news, that a centurion had raised the standard of revolt on the Germanic frontier, but that he had been defeated and slain after a short struggle. At noonday the soldiers of the town-guard seized an astrologer, Ascleterio by name, who had publicly announced that ruin threatened Caesar. Before the moon should have twelve times rounded—so ran his prophecy—Caesar's blood would be shed by violence. The immortals were wrath at his reprobate passion for a woman who, by all the laws of gods and men, he had no right to love. At first Domitian laughed. His connection with Julia seemed to him so dull and pointless a weapon for his foe to turn against him, that the stupidity of it astonished him. However, he commanded that the astrologer should be brought before him. "Who paid you?" he enquired with a scowl, when the prisoner was dragged into the room. "No one, my lord!" "You lie." "My lord, as I hope for the mercy of the gods, I do not lie." "Then you really assert, that you actually read in the stars the forecast you have uttered?" "Yes, my lord; I have only declared, what my skill has revealed to me." The superstitious sovereign turned pale. "Well then, wise prophet, you can of course foretell your own end?" "Yes, my lord. Before this day is ended, I shall be torn to pieces by dogs." Domitian looked scornfully round on the circle of men. "I fancy," he said, "that I can upset the prophetic science of this worthy man. Carry him off at once to execution, and take care that his body is burnt before sundown." The astrologer bowed his head in sullen resignation. He was led away to the field on the Esquiline, and immediately beheaded before an immense concourse; within an hour Domitian was informed that all was over. At this news his temper and spirit improved a little. He congratulated himself on the prompt decision, which had so signally proved the falsehood of the prophecy. At dinner he carried on an eager conversation with Latinus, the actor who, among other farcical parts, filled the role of news-monger. "You are later than usual to-day," said Caesar graciously. "What detained you?" To be continue in this ebook

Renaissance Romance-Nandini Das 2011 Renaissance Romance examines

how and why the fears and expectations surrounding the old genre of romance resonated in early modern England. Examining a range of texts and the fiction of Sir Philip Sidney, Robert Greene and Lady Mary Wroth in particular, Das illustrates the sheer cultural persistence of romance, and reveals how a generational consciousness inherent in the genre transformed the new prose fiction of the period.

Racial Attitudes in English-Canadian Fiction, 1905-1980-Terrence Craig 2010-10-30 Racial Attitudes in English-Canadian Fiction is a critical overview of the appearances and consequences of racism in English-Canadian fiction published between 1905 and 1980. Based on an analysis of traditional expressions in literature of group solidarity and resentment, the study screens English-Canadian novels for fictional representations of such feelings. Beginning with the English-Canadian reaction to the mass influx of immigrants into Western Canada after World War One, it examines the fiction of novelists such as Ralph Connor and Nellie McClung. The author

then suggests that the cumulative effect of a number of individual voices, such as Grove and Salverson, constituted a counter-reaction which has been made more positive by Laurence, Lysenko, Richler and Clarke. The "debate" between these two sides, carried on in fictional and non-fictional writing, is seen to be in part resolved in synthesis after World War Two, as attitudes are forced by wartime alliances and intellectual pressures into a qualified liberalism. The author shows how single novels by Graham, Bodsworth, and Callaghan demonstrated a new concern for the exposure and eradication of racial discrimination, an attitude taken further by the works of Wiebe and Klein. The book concentrates on single texts that best portray deliberately or not, racist ideology or anti-racist arguments, and attempts to explain the arousal in Canada of such ideas.

Knowledge and Indifference in English Romantic Prose-Tim Milnes  
2003-02-27 This 2003 study sheds light on the way in which the English Romantics dealt with the basic problems of knowledge, particularly as they inherited them from the philosopher David Hume. Kant complained that the failure of philosophy in the eighteenth century to answer empirical scepticism had produced a culture of 'indifferentism'. Tim Milnes explores the way in which Romantic writers extended this epistemic indifference through their resistance to argumentation, and finds that it exists in a perpetual state of tension with a compulsion to know. This tension is most clearly evident in the prose writing of the period, in works such as Wordsworth's Preface to Lyrical Ballads, Hazlitt's Essay on the Principles of Human Action and Coleridge's Biographia Literaria. Milnes argues that it is in their oscillation between knowledge and indifference that the Romantics prefigure the ambivalent negotiations of modern post-analytic philosophy.
