English Farmworkers and
Local Patriotism, 1900-1930-
Nicholas Mansfield
2017-03-02 This new study
looks at the ways in which the
years surrounding the First
World War shaped the lives of
the rural workforce in Britain
and how the patriotism
unleashed by the war was
used by those in power to blur

class divisions and build
conservative attitudes in rural
communities. Using the area
of Shropshire and the
Marches as a focus, the book
looks at farmworkers and
their trade unions, the
structures of agrarian
economy, class divisions, local
loyalties, cultural institutions
and political organisations.
From 1917 the growing power
of the farmworkers' unions
and the rural labour
movement mounted a
challenge to the landed elites

and sought a radical change from rural poverty. The author shows how the elites met this threat dynamically by creating a range of new village institutions, such as ploughing matches, Women's Institutes, village halls, war memorials and the British Legion. The extraordinary growth of rural radicalism at the end of the war was diffused by popular conservatism and local patriotism. Influenced by wartime experiences, the period 1900-1930 saw a change in rural society from parochial concerns to a new sense of loyalty to county and to the English nation. Things to Come-J. Dwight Pentecost 2010-05-11

Because of the prominence of prophecy in Scripture, many excellent books have appeared dealing with prophetic subjects. Until recently, however, the treatment of prophecy has been either apologetic or expository, and prophetic themes have been developed individually apart from their relation to the whole revealed prophetic program. Much of our knowledge has been only fragmentary and unrelated.

Dr. Dwight Pentecost's monumental text, Things to Come, has changed all that. In this massive, highly successful book, Dr. Pentecost has synthesized the whole field of prophecy into a unified biblical doctrine, a systematic and complete biblical eschatology. With nearly a

quarter of a million copies sold, Things to Come has earned its place in the library of the pastor, the scholar, and the seminarian or Bible institute student. In addition, it offers a comprehensive and accessible study for anyone interested in the important subject of biblical prophecy. The Quarterly journal of prophecy- 1858

The Road to Armageddon-
Cecil D. Eby 1987 The Lost
Generation has held the
imagination of those who
succeeded them, partly
because the idea that modern
war could be romantic,
generous, and noble died with
the casualties of that war.
From this remove, it seems

almost perverse that Britons,
Germans, and Frenchmen of
every social class eagerly
rushed to the fields of
Flanders and to misery and
death. In The Road to
Armageddon Cecil Eby shows
how the widely admired
writers of English popular
fiction and poetry contributed,
at least in England, to a
romantic militarism coupled
with xenophobia that helped
create the climate that made
World War I seem almost
inevitable. Between the close
of the Franco-Prussian War of
1871 and the opening guns of
1914, the works of such
widely read and admired
writers as H. G. Wells,
Rudyard Kipling, J. M. Barrie,
and Rupert Brooke, as well as
a host of now almost forgotten
contemporaries, bombarded
their avid readers with
strident warnings of imminent
invasions and prophecies of
the collapse of civilization
under barbarian onslaught
and internal moral collapse.
Eby seems these narratives as
growing from and in turn
fueling a collective neurosis in
which dread of coming war
coexisted with an almost
loving infatuation with it. The
author presents a vivid

panorama of a militant milieu in which warfare on a scale hitherto unimaginable was largely coaxed into being by works of literary imagination. The role of covert propaganda, concealed in seemingly harmless literary texts, is memorably illustrated.

Munsey's Magazine- 1919
Off Armageddon Reef-David Weber 2008-01-02
Humanity pushed its way to the stars - and encountered the Gbaba, a ruthless alien race that nearly wiped us out. Earth and her colonies are now smoldering ruins, and the few survivors have fled to distant, Earth-like Safehold, to try to rebuild. But the Gbaba can detect the emissions of an industrial civilization, so the human rulers of Safehold have taken extraordinary measures: with mind control and hidden high technology, they've built a religion in which every Safeholdian believes, a religion designed to keep Safehold society medieval forever. 800 years pass. In a hidden chamber on Safehold, an android from the far human past awakens. This "rebirth" was set in motion centuries before, by a faction

that opposed shackling humanity with a concocted religion. Via automated recordings, "Nimue" - or, rather, the android with the memories of Lieutenant Commander Nimue Alban - is told her fate: she will emerge into Safeholdian society, suitably disguised, and begin the process of provoking the technological progress which the Church of God Awaiting has worked for centuries to prevent. Nothing about this will be easy. To better deal with a medieval society, "Nimue" takes a new gender and a new name, "Merlin." His formidable powers and access to caches of hidden high technology will need to be carefully concealed. And he'll need to find a base of operations, a Safeholdian country that's just a little more freewheeling, a little less orthodox, a little more open to the new. And thus Merlin comes to Charis, a mid-sized kingdom with a talent for naval warfare. He plans to make the acquaintance of King Haarahld and Crown Prince Cayleb, and maybe, just maybe, kick off a new era of invention. Which is bound to

draw the attention of the Church...and, inevitably, lead to war. It's going to be a long, long process. And David Weber's epic Off Armageddon Reef is can't-miss sci-fi. Safehold Series 1.
