Whether the detective featured is the delightful, sharp-eyed Miss Marple, the redoubtable Hercule Poirot, or Chief Inspector Taverner of Scotland Yard each one is challenged by an adversary worthy of a master of crime. All Grown Up-Jami Attenberg 2017-03-07 A National Bestseller "I read it twice, laughing, cringing, and even tearing up." — Judy Blume, New York

Times "Powerful . . . All Grown Up is so intimately [and] sharply observed." — Vogue "Bravo to Attenberg, who, with hilarity and honesty, tells the story of an adult woman who wants what she wants, not what she's supposed to want." — Marie Claire Who is Andrea Bern? When her dippy therapist asks the question, Andrea knows the right things to say: she's a designer, a friend, a daughter, a sister. But it's what she leaves unsaid—she's alone, a drinker, a former artist, a shrieker in bed, captain of the sinking ship that is her flesh—that feels the most true. Everyone around her seems to have a different idea of what it means to be an adult, though. But when Andrea's niece finally arrives, born with a heartbreaking ailment, the Bern family is forced to reexamine what really matters. Will this drive them together or tear them apart? Told in gut-wrenchingly honest, mordantly comic vignettes, All Grown Up is a breathtaking display of Jami Attenberg's powers as a storyteller and a whip-smart examination of one woman's life, lived entirely on her own terms.

in Saigon on three summer evenings in 1971. The tropical air was heavy and full of the smells of cordite and motorcycle exhaust and rotting fish and wood-fire stoves, and the horizon flared ambiguously, perhaps from heat lightning, perhaps from bombs. Later each night, as was my custom, I would wander out into the steamy back alleys of the city, where no one ever seemed to sleep, and crouch in doorways with the people and listen to the stories of their culture and their ancestors and their ongoing lives. Bulgakov taught me to hear something in those stories that I had not yet clearly heard. One could call it, in terms that would soon thereafter gain wide currency, "magical realism". The deadpan mix of the fantastic and the realistic was at the heart of the Vietnamese mythos. It is at the heart of the present zeitgeist. And it was not invented by Gabriel Garcia Marquez, as wonderful as his *One Hundred Years of Solitude* is. Garcia Marquez's landmark work of magical realism was predated by nearly three decades by Bulgakov's brilliant masterpiece of a novel. That summer in Saigon a vodka-swilling, talking black cat, a coven of beautiful naked witches, Pontius Pilate, and a whole cast of benighted writers of Stalinist Moscow and Satan himself all took up permanent residence in my creative unconscious. Their presence, perhaps more than anything else from the realm of literature, has helped shape the work I am most proud of. I'm often asked for a list of favorite authors. Here is my advice. Read Bulgakov. Look around you at the new century. He will show you things you need to see.

Cities and Canopies-Harini Nagendra 2019-05-15 Native and imported, sacred and ordinary, culinary and floral, favourites of various kings and commoners over the centuries, trees are the most visible signs of nature in cities, fundamentally shaping their identities. Trees are storehouses of the complex origins and histories of city growth, coming as they do from different parts of the world, brought in by various local and colonial rulers. From the tree planted by Sarojini Naidu at Dehradun's clock tower to those planted by Sher Shah Suri and Jahangir on Grand Trunk Road, trees in India have served, above all, as memory keepers. They are our roots: their trunks our pillars, their bark our texture, and their branches our shade. Trees are nature's own museums. Drawing on extensive research, Cities and Canopies is a book about both the specific and the general aspects of these gentle life-giving creatures.
