England and the English from an American Point of View-Price Collier 1909

Globalizing Cricket-Dominic Malcolm 2012-12-06 Globalizing Cricket examines the global role of the sport - how it developed and spread around the world. The book explores the origins of cricket in the eighteenth century, its establishment as England's national game in the nineteenth, the successful (Caribbean) and unsuccessful (American) diffusion of cricket as part of the development of the British Empire and its role in structuring contemporary identities amongst and between the English, the British and postcolonial communities. Whilst empirically focused on the sport itself, the book addresses broader issues such as social development, imperialism, race, diaspora and national identities. Tracing the beginnings of cricket as a 'folk game' through to the present, it draws together these different strands to examine the meaning and social significance of the modern game. This book is a must-read for anyone interested in the role of sport in both colonial and post-colonial periods; the history and peculiarities of English national identity; or simply intrigued by the game and its history.

The Modern Eclectic Dictionary of the English Language-Robert Hunter 1905

Universal Dictionary of the English Language- 1898

Child Abuse and Culture-Lisa Aronson Fontes 2005-01-06 This expertly written book provides an accessible framework for culturally competent practice with children and families in child maltreatment cases. Numerous workable strategies and concrete examples are presented to help readers address cultural concerns at each stage of the assessment and intervention process. Professionals and students learn new ways of thinking about their own cultural viewpoints as they gain critical skills for maximizing the accuracy of assessments for physical and sexual abuse; overcoming language barriers in parent and child interviews; respecting families' values and beliefs while ensuring children's safety; creating a welcoming agency environment; and more.

The Imperial Dictionary, English, Technological, and Scientific-John Ogilvie 1871

The Standard Pronouncing Dictionary of the English Language-P. Austin Nuttall 1863

An Introduction to Intercultural Communication-Fred E. Jandt 2015-01-29 An Introduction to Intercultural Communication: Identities in a Global Community prepares today's students to successfully navigate our increasingly global community. Fred E. Jandt introduces essential communication skills and concepts that will empower readers to interact successfully with different cultures and ethnic groups. To spark student interest, Jandt offers readers unique insights into intercultural communication, at home and abroad, through an emphasis on history, culture, and popular media. Each chapter integrates material on social media, as well as extensive new examples from recent international news and events. Throughout the text, Jandt reinforces the important roles that stories, personal experiences, and self-reflection play in building our intercultural understanding and competence. The Eighth Edition adds depth to the coverage of theory and includes two new features: Focus on Skills provides expanded coverage of intercultural communication in practice, while Focus on Technology illustrates the impact of new communication technology on intercultural encounters. The new edition also introduces a new map program to provide students with additional context for discussion of cultures and regions across the globe.
