A Question of Silence-Janaki Nair 2000 The essays in this volume develop an understanding of the institutions, practices and forms of representation of Indian sexual relations and their boundaries of legitimacy. The Question of Silence-G. N. Devy 2019

Women Film Directors-Gwendolyn Audrey Foster 1995 Features the history and work of the most important women in the world of fictional narrative filmmaking--authoritative, historical, international. American Domesticity-Kathleen Anne McHugh 1999-03-25 From the cult of domesticity to the Semiotics of the Kitchen, housekeeping has been central to both constructing and critiquing the role of women in American society. Frequently domesticity's style has been to make invisible the labor that produces it, allowing woman to be asserted or argued about in universal terms that downplay race, class, and material relations. American Domesticity considers this relationship in representations of domesticity and domestic labor over the last two centuries in didactic, cinematic, and feminist texts. While the domestic is usually conceived of as the antithesis of the public, economical, and political, Kathleen McHugh demonstrates how domestic discourse established the terms within which the most crucial national issues--the market economy, universal white male suffrage, slavery, the construction of racial difference, consumerism, spectatorship, desire, and even feminism--were conceived, assimilated, and understood. Beginning in the nineteenth century, the book investigates the historical roots of domestic labors invisibility in widely circulated didactic housekeeping manuals written by Lydia Child, Catherine Beecher, Mary Pattison, and Christine Frederick. It then considers how pedagogical discourses became entertainment discourses, their focus shifting from the silent era of film to the twilight of the classical period. The book concludes with an examination of the return of a pedagogical impulse within feminist film production concerning domesticity, comparing it to the concurrent rise of feminist film theory in the academy. Looking at this wide range of print and film texts, McHugh traces the outlines of a discourse of domesticity that claims to be private and universal but instead brokers difference within the public sphere.

Exploring Media Culture-Michael R. Real 1996-09-26 This unique textbook provides a fresh interpretation of media analysis and cultural studies. Each chapter focuses on a particular aspect of American popular culture - including Hollywood cinema, presidential elections and the Super Bowl - to demystify complex concepts such as ritual, postmodernism and political economy. This use of popular culture texts, narratives and interpretations will enable readers to understand more about this important yet esoteric debate. Exploring Media Culture synthesizes a wealth of information and research and presents this in an engaging and accessible format.

Remote Control-Barbara Kruger 1994 Essays discuss American popular culture, the emotional impact of art, and economic and political influences on the arts, and review television programs and motion pictures

The Rise and Fall of the Right of Silence-Hannah Quirk 2016-11-25 Within an international context in which the right to silence has long been regarded as sacrosanct, this book provides the first comprehensive, empirically-based analysis of the effects of curtailing the right to silence. The right to silence has served as the practical expression of the principles that an individual was to be considered innocent until proven guilty, and that it was for the prosecution to establish guilt. In 1791, the Fifth Amendment to the US Constitution proclaimed that none 'shall be compelled in any criminal case to be a witness against himself'. In more recent times, the privilege against self-incrimination has been a founding principle for the International Criminal Court, the new South African constitution and the ad hoc International Criminal Tribunals for Rwanda and the former Yugoslavia. Despite this pedigree, over the past 30 years when governments have felt under pressure to combat crime or terrorism, the right to silence has been reconsidered (as in Australia), curtailed (in most of the United Kingdom) or circumvented (by the creation of the military tribunals to try the Guantanamo detainees). The analysis here focuses upon the effects of the Criminal Justice and Public Order Act 1994 in England and Wales. There, curtailing the right to silence was advocated in terms of 'common sense' policy-making and was achieved by an eclectic borrowing of concepts and policies from other jurisdictions. The implications of curtailing this right are here explored in detail with reference to England, Wales and Northern Ireland, but within a comparative context that examines how different 'types' of legal systems regard the right to silence and the effects of constitutional protection.

Framed-Orit Kamir 2005-12-29 Some women attack and harm men who abuse them. Social norms, law, and films all participate in framing these occurrences, guiding us in understanding and judging them. How do social, legal, and cinematic conventions and mechanisms combine to lead us to condemn these women or exonerate them? What is it, exactly, that they teach us to find such women guilty or innocent of, and how do they do so? Through innovative readings of a dozen movies made between 1928 and 2001 in Europe, Japan, and the United States, Orit Kamir shows that in representing "gender crimes," feature films have constructed a cinematic jurisprudence, training audiences worldwide in patterns of judgment of women (and men) in such situations. Offering a novel formulation of the emerging field of law and film, Kamir combines basic legal concepts—murder, rape, provocation, insanity, and self-defense—with narratology, social science methodologies, and film studies. Framed not only offers a unique study of law and film but also points toward new directions in feminist thought. Shedding light on central feminist themes such as victimization and agency, multiculturalism, and postmodernism, Kamir outlines a feminist cinematic legal critique, a perspective from which to evaluate the "cinematic legalism" that indoctrinates and disciplines audiences around the world. Bringing an original perspective to feminist analysis, she demonstrates that the distinction between honor and dignity has crucial implications for how societies construct women, their social status, and their legal rights. In Framed, she outlines a dignity-oriented, honor-sensitive feminist approach to law and film.

The Other Side of Silence-Urvashi Butalia 2000 Chiefly on the partition of Punjab, 1947.

Scratching the Surface-Enakshi Dua 1999 Scratching the Surface brings together 14 anti-racist feminists who examine ways in which race and gender interact to shape the lives of women of colour in Canada. This collection of articles covers a broad range of topics such as the impact of colonialism and its associated discourses on First Nations and other groups of colonized women; racism in the Canadian labour movement; the impact of globalization on women of colour; the ways in which the institution of the nuclear family shapes racism; sexism in communities of colour; and the ways in which the women's movement can create an anti-racist praxis. The book not only provides exciting new insights into how women of colour experience Canadian society, but also provides instructors with a textbook that integrates anti-racist and feminist approaches.

Discourse of Silence-Dennis Kurzon 1998-03-15 The book deals initially with the interpretation of the silent answer to a question. From a semiotic approach to the contrast between silence and speech mainly within a Greimasian framework, the discussion turns to the application of pragmatic tools such as conversational analysis and adjacency pairs to the interpretation of silence. A model is presented which attempts to explain the observer's cognitive competence, and its limits, in being able to interpret the silent answer. A basic distinction is also made between intentional silence (the refusal to answer) and non-intentional silence (the psychological inability to answer). The interpretation of silence is extended from a theoretical viewpoint to an analysis of various discourse types. Firstly, silence in the legal world: the accused's and the witness's right of silence, the right of legal authorities to silence the broadcasting of direct speech. The author then analyzes the silencing of characters in a literary text (Jane Austen's Pride and Prejudice), in a biblical text (Moses and his speech impediment in Exodus), in opera (Moses' silence in Schoenberg's opera Moses und Aron) and in the cinema. Here, after the initial discussion of Ingmar Bergman's The Silence, focus is shifted to the generation gap and the representation of silence by song in Mike Nichols' The Graduate.

The Eloquence of Silence-Marnia Lazreg 2014-04-23 The Eloquence of Silence makes a critical departure from more traditional studies of Algerian women--which usually examine female roles in relation to Islam--and instead takes an interdisciplinary look at the subject, arguing that Algerian women's roles are shaped by a variety of structural and symbolic factors. These elements include colonial domination, demographic change, nationalism, socialist development policy of the 1960s and 70s, family formation and the progressive shift to a capitalist economy. Covering both pre-colonial and colonial eras as well as the independence period, this book focuses on the changes that took place in family structure and law, customs, education, and the war of decolonization as they affected gender relations. Marnia Lazreg approaches the post-colonial era through an examination of how Algeria's model of economic development, structural adjustment policies, and the rise of religious-political opposition affected women's lives.

Silence in Intercultural Communication-Ikuo Nakane 2007 How and why is silence used interculturally? Approaching the phenomenon of silence from multiple perspectives, this book shows how silence is used, perceived and at times misinterpreted in intercultural communication. Using a model of key aspects of silence in communication [] linguistic, cognitive and sociopsychological [] and fundamental levels of social organization [] individual, situational and sociocultural - the book explores the intricate relationship between perceptions and performance of silence in interaction involving Japanese and Australian participants. Through a combination of macro- and micro- ethnographic analyses of university seminar interactions, the stereotypes of the 'silent East' is reconsidered, and the tension between local and sociocultural perspectives of intercultural communication is addressed. The book has relevance to researchers and students in intercultural pragmatics, discourse analysis and applied linguistics.

Silence in Second Language Learning-Collette A. Granger 2004-01-01 This text examines the under-researched and often troubling phenomenon of silence in second language learning through a triangulation of SLA research, memoirs and language learner diaries, and psychoanalytic concepts of anxiety, ambivalence, conflict and loss. It moves beyond the view of silence as the mere absence of speech, inviting the reader to consider it as both a psychical event and a linguistic moment in the continuous process of identity formation.

The Fountains of Silence-Ruta Sepetys 2019-10-01 From the #1 New York Times bestselling author of Salt to the Sea and Between Shades of Gray comes a gripping, extraordinary portrait of love, silence, and secrets under a Spanish dictatorship. Madrid, 1957. Under the fascist dictatorship of General Francisco Franco, Spain is hiding a dark secret. Meanwhile, tourists and foreign businessmen flood into Spain under the welcoming promise of sunshine and wine. Among them is eighteen-year-old Daniel Matheson, the son of an oil tycoon, who arrives in Madrid with his parents hoping to connect with the country of his mother's birth through the lens of his camera. Photography--and fate--introduce him to Ana, whose family's interweaving obstacles reveal the lingering grasp of the Spanish Civil War--as well as chilling definitions of fortune and fear. Daniel's photographs leave him with uncomfortable questions amidst shadows of danger. He is backed into a corner of difficult decisions to protect those he loves. Lives and hearts collide, revealing an incredibly dark side to the sunny Spanish city. Master storyteller Ruta Sepetys once again shines light into one of history's darkest corners in this epic, heart-wrenching novel about identity, unforgettable love, repercussions of war, and the hidden violence of silence--inspired by the true postwar struggles of Spain. Includes vintage media reports, oral history commentary, photos, and more. Praise for The Fountains of Silence "Spain under Francisco Franco is as dystopian a setting as Margaret Atwood's Gilead in Ruta Sepetys's suspenseful, romantic and timely new work of historical fiction . . . Like [Shakespeare's family romances], 'The Fountains of Silence' speaks truth to power, persuading future rulers to avoid repeating the crimes of the past." --The New York Times Book Review "Full of twists and revelations...an excellent story, and timely, too." --The Wall

Street Journal "A staggering tale of love, loss, and national shame." --Entertainment Weekly \* "[Sepetys] tells a moving story made even more powerful by its placement in a lesser-known historical moment. Captivating, deft, and illuminating historical fiction." --Booklist, \*STARRED REVIEW\* \* "This gripping, often haunting historical novel offers a memorable portrait of fascist Spain." --Publishers Weekly, \*STARRED REVIEW\* \* "This richly woven historical fiction . . . will keep young adults as well as adults interested from the first page to the last." --SLC, \*STARRED REVIEW\* \* "Riveting . . . An exemplary work of historical fiction." --The Horn Book, \*STARRED REVIEW\*

When you begin to read "A Question of Silence", you will be asking, if you are the person in the verses or if you are the 'Silence' one... So, open this book, enter the poet's imagination, and begin reading...

A Rhetoric of Silence and Other Selected Writings-Lisa Block de Behar 1995-01-01

The Cinema of the Low Countries-Bas Agterberg 2004 Films from the Netherlands, Belgium and Luxembourg have long been regarded as isolated texts. The Cinema of the Low Countries points to the interconnectedness between these national cinemas from the point of view of genre, language and format, and their local and international importance by explicitly focusing on 24 key feature films and documentaries from the region. Building on each film's relationship with its particular cultural context, this volume presents twenty-four specially commissioned essays that explore the particular significance and influence of a wide range of exemplary films. Covering the work of internationally acclaimed directors such as Joris Ivens, Henri Stock, Paul Verhoeven and the Dardenne Brothers and featuring the films Turkish Delight, The Vanishing, Daughters of Darkness, Rosetta, Soldiers of Orange and Man Bites Dog, this collection offers an original approach to the appreciation of a diverse and increasingly important regional cinema.

The Thaw-Denis Kozlov 2013-09-20 The period from Stalin's death in 1953 to the end of the 1960s marked a crucial epoch in Soviet history. Though not overtly revolutionary, this era produced significant shifts in policies, ideas, language, artistic practices, daily behaviours, and material life. It was also during this time that social, cultural, and intellectual processes in the USSR began to parallel those in the West (and particularly in Europe) as never before. This volume examines in fascinating detail the various facets of Soviet life during the 1950s and 1960s, a period termed the 'Thaw.' Featuring innovative research by historical, literary, and film scholars from across the world, this book helps to answer fundamental questions about the nature and ultimate fortune of the Soviet order - both in its internal dynamics and in its long-term and global perspectives.

The Shriek of Silence-Cyril Hephner 1916

Silence: A User's Guide, Volume One-Maggie Ross 2014-09-10 Silence is essential for the health and well-being of humans and the environment in which they live. Yet silence has almost vanished from our lives and our world. Of all the books that claim to be about silence, this is the only one that addresses silence directly. Silence: A User's Guide is just what the title says: it is a guide to silence, which is both a vast interior spaciousness, and the condition of our being in the natural world. This book exposes the processes by which silence can transfigure our lives--what Maggie Ross calls "the work of silence"; it describes how lives steeped in silence can transfigure other lives unawares. It shows how the work of silence was once understood to be the foundation of the teaching of Jesus, and how this teaching was once an intrinsic part of Western Christianity; it describes some of the methods by which the institution suppressed the work of silence, and why religious institutions are afraid of silence. Above all, this book shows that the work of silence gives us a way of being in the world that is more than we can ask for or imagine.

The Fruits of Silence-Cyril Hephner 1916

The Mother of All Questions-Rebecca Solnit 2017-02-12 A collection of feminist essays steeped in "Solnit's unapologetically observant and truth-speaking voice on toxic, violent masculinity" (The Los Angeles Review). In a timely and incisive follow-up to her national bestseller Men Explain Things to Me, Rebecca Solnit offers sharp commentary on women who refuse to be silenced, misogynistic violence, the fragile masculinity of the literary canon, the gender binary, the recent history of rape jokes, and much more. In characteristic style, "Solnit draw[s] anecdotes of female indignity or male aggression from history, social media, literature, popular culture, and the news . . ." The main essay in the book is about the various ways that women are silenced, and Solnit focuses upon the power of storytelling--the way that who gets to speak, and about what, shapes how a society understands itself and what it expects from its members. The Mother of All Questions poses the thesis that telling women's stories to the world will change the way that the world treats women, and it sets out to tell as many of those stories as possible" (The New Yorker). "There's a new feminist revolution--open to people of all genders--brewing right now and Rebecca Solnit is one of its most powerful, not to mention beguiling, voices."--Barbara Ehrenreich, New York Times-bestselling author of Natural Causes "Short, incisive essays that pack a powerful punch." --Publishers Weekly "A keen and timely commentary on gender and feminism. Solnit's voice is calm, clear, and unapologetic; each essay balances a warm wit with confident, thoughtful analysis, resulting in a collection that is as enjoyable and accessible as it is incisive." --Booklist

The Sanctuary of Silence-Israel Knohl 2007 Scholar Israel Knohl offers a new perspective on the history and theology of the Priestly source of the Pentateuch. Knohl claims that groups associated with the Priestly Torah appear ensconced within the Temple, operating within a "Sanctuary of Silence", in contrast to the later Holiness School, which reached a loftier conception of God and a broader purview of faith, holiness, and practice.

The Language of Silence-Ernestine Schlant 2004-11-23 Focusing on individual authors from Heinrich Boll to Gunther Grass, Hermann Lenz to Peter Schneider, The Language of Silence offers an analysis of West German literature as it tries to come to terms with the Holocaust and its impact on postwar West German society. Exploring postwar literature as the barometer of Germany's unconsciously held values as well as of its professed conscience, Ernestine Schlant demonstrates that the confrontation with the Holocaust has shifted over the decades from repression, circumvention, and omission to an open acknowledgement of the crimes. Yet even today a 'language of silence' remains since the victims and their suffering are still overlooked and ignored. Learned and exacting, Schlant's study makes an important contribution to our understanding of postwar German culture.

A Moment of Silence-Wb Gunter 2005-12-01 A Moment of Silence is a collection of poetry moving between laughter, tears, contradiction, and hope. It delves into the nature of thought patterns after the foundation of life shifts and a moment must be taken to make a decision. Between an event and a decisive stance, there is a moment where one pauses either for a brief time, or a long season to think, react, accept, or avoid. In a world where there is often too much noise, confusion, opinions, and aggravation, that moment may at times feel like a million miles away. A Moment of Silence is about finding that quiet place, weighing options, hoping, and moving forward. This collection of poetry is meant to tap into the hearts of its readers, and find a resting place stirring within an inspiring mind.

The Plains of Silence-Alice J. de C. Leake Askew 1907

The Tyranny of Silence-Flemming Rose 2014-11-11 Journalists face constant intimidation. Whether it takes the extreme form of beheadings, death threats, government censorship or simply political correctness—it casts a shadow over their ability to tell a story. When the Danish newspaper Jyllands-Posten published the cartoons of the prophet Muhammad nine years ago, Denmark found itself at the center of a global battle about the freedom of speech. The paper's culture editor, Flemming Rose, defended the decision to print the 12 drawings, and he quickly came to play a central part in the debate about the limitations to freedom of speech in the 21st century. In The Tyranny of Silence, Flemming Rose writes about the people and experiences that have influenced his understanding of the crisis, including meetings with dissidents from the former Soviet Union and ex-Muslims living in Europe. He provides a personal account of an event that has shaped the debate about what it means to be a citizen in a democracy and how to coexist in a world that is increasingly multicultural, multireligious, and multiethnic.
