Defending National Treasures-Elizabeth Karlsgodt 2011-04-07 Defending National Treasures explores the fate of art and cultural heritage during the Nazi occupation of France. The French cultural patrimony was a crucial locus of power struggles between German and French leaders and among influential figures in each country. Karlsgodt examines the preservation policy that the Vichy regime enacted in an assertion of sovereignty over French art museums, historic monuments, and archeological sites. The limits to this sovereignty are apparent from German appropriations of public statues, Jewish-owned art collections, and key "Germanic" works of art from French museums. A final chapter traces the lasting impact of the French wartime reforms on preservation policy. In Defending National Treasures, Karlsgodt introduces the concept of patrimonia to reveal examples of opportunism in art preservation. During the war, French officials sought to acquire coveted artwork from Jewish collections for the Louvre and other museums; in the early postwar years, they established a complicated guardianship over unclaimed art recovered from Germany. A cautionary tale for our own times, Defending National Treasures examines the ethical dimensions of museum acquisitions in the ongoing noble quest to preserve great works of art.

Saving Mona Lisa-Gerri Chanel 2018-09-13 In August 1939, curators at the Louvre nestled the world's most famous painting into a special red velvet-lined case and spirited her away to the Loire Valley as part of the biggest museum evacuation in history. As the Germans neared Paris in 1940, the French raced to move the masterpieces still further south, then again and again during the war, crisscrossing the southwest of France. Throughout the German occupation, the museum staff fought to keep the priceless treasures out of the hands of Hitler and his henchmen, often risking their lives to protect the country's artistic heritage. Saving Mona Lisa is the sweeping, suspenseful narrative of their struggle.

Les Parisiennes-Anne Sebba 2016-10-18 "Anne Sebba has the nearly miraculous gift of combining the vivid intimacy of the lives of women during The Occupation with the history of the time. This is a remarkable book."  
—Edmund de Waal, New York Times bestselling author of The Hare with the Amber Eyes New York Times bestselling author Anne Sebba explores a devastating period in Paris's history and tells the stories of how women survived—or didn't—during the Nazi occupation. Paris in the 1940s was a place of fear, power, aggression, courage, deprivation, and secrets. During the occupation, the swastika flew from the Eiffel Tower and danger lurked on every corner. While Parisian men were either fighting at the front or

captured and forced to work in German factories, the women of Paris were left behind where they would come face to face with the German conquerors on a daily basis, as waitresses, shop assistants, or wives and mothers, increasingly desperate to find food to feed their families as hunger became part of everyday life. When the Nazis and the puppet Vichy regime began rounding up Jews to ship east to concentration camps, the full horror of the war was brought home and the choice between collaboration and resistance became unavoidable. Sebba focuses on the role of women, many of whom faced life and death decisions every day. After the war ended, there would be a fierce settling of accounts between those who made peace with or, worse, helped the occupiers and those who fought the Nazis in any way they could.

Echoes of Exile-Ines Rotermund-Reynard 2014-12-12 Thousands of people were driven into exile by Germany's National Socialist regime from 1933 onward. For many German-speaking artists and writers Paris became a temporary capital. The archives of these exiles became "displaced objects" - scattered, stolen, confiscated, and often destroyed, but also frequently

preserved. This book assesses previously unknown source material stored at the Moscow State Military Archive (RVGA) since the end of the war, and offers new insights into the activities of German-speaking exiles in the 1930s in Paris and Europe. Against the backdrop of current debates surrounding displaced cultural goods and their restitution, this work seeks to facilitate a transnational, interdisciplinary scientific dialogue.

Le Louvre pendant la guerre-Musée du Louvre 2009 " La Joconde a le sourire " : par ce message devenu célèbre la BBC accuse la réception en juin 1944 de la localisation de Monna Lisa et des autres chefs-d'oeuvre du Louvre, afin de les prémunir contre d'éventuels bombardements. Musée évacué, occupé ; collections publiques déplacées, mises en réserve,

échangées ; collections privées séquestrées, spoliées, enfuies : les photographies exceptionnelles et souvent inédites du Louvre pendant la Seconde Guerre mondiale nous font revivre une page mouvementée de son histoire. Des clichés documentaires, historiques ou anonymes, ou signés des grands noms de la photographie artistique des années 1930 et 1940 (Robert Doisneau, Laure Albin-Guillot, Marc Vaux, et surtout Pierre Jahan), nous offrent une vision singulière et mystérieuse d'un Louvre habité par le fantôme de ses oeuvres.

L'hyper Justine-Simon Liberati 2009 Ce livre nocturne se déroule en une soirée et je voudrais idéalement qu'on le lise d'une traite, en une soirée. Il met en scène la confrontation entre un homme qui a perdu sa mère et celle qu'il soupçonne de l'avoir vendue à ses bourreaux. Deux caractères que tout oppose, unis par des liens singuliers : le fétichisme, le goût de la cruauté, une hypersensibilité de prédateur et l'amour vorace des filles faciles.
