Radical Sacrifice-Terry Eagleton 2018-01-01 A trenchant analysis of sacrifice as the foundation of the modern, as well as the ancient, social order

A Radical Sacrifice-J. L. Bircher 2015-07-14 "A Radical Sacrifice" brings back into the readers'

lives Josh and Mindy Taylor- Nicholson from "Strategy Murders". Events unfold that lead to Mindy and her intended maid of honor, Kendi Karson who was her sorority sister in college, are shot. DNA found at recent crime scenes in Fredericksburg, Virginia involving three young blacks belongs to Kendi's twin brother, a man who was murdered six months ago. Mindy is shot

in the shoulder and cannot remember anything, not even Kendi. Kendi was shot in the head and is being cared for in a secluded facility as she lies in a coma. Josh suspects the Ku Klux Klan may be involved, but until Mindy can remember or Kendi wakes up from her coma, Josh is in the dark on how to proceed or how to keep his finance' and Kendi alive!

Radical Sacrifice-Terry Eagleton 2018-04-30 A trenchant analysis of sacrifice as the foundation of the modern, as well as the ancient, social order The modern conception of sacrifice is at once cast as a victory of self-discipline over desire and condescended to as destructive and archaic abnegation. But even in the Old Testament, the dual natures of sacrifice, embodying both ritual slaughter and moral rectitude, were at odds. In this analysis, Terry Eagleton makes a compelling argument that the idea of sacrifice has long been misunderstood. Pursuing the complex lineage of sacrifice in a lyrical discourse, Eagleton focuses on the Old and New Testaments, offering a virtuosic analysis of the crucifixion, while drawing

together a host of philosophers, theologians, and texts—from Hegel, Nietzsche, and Derrida to the Aeneid and The Wings of the Dove. Brilliant meditations on death and eros, Shakespeare and St. Paul, irony and hybridity explore the meaning of sacrifice in modernity, casting off misperceptions of barbarity to reconnect the radical idea to politics and revolution.

Greek and Roman Animal Sacrifice-Christopher A. Faraone 2012-03-22 The interpretation of animal sacrifice, now considered the most important ancient Greek and Roman religious ritual, has long been dominated by the views of Walter Burkert, the late J.-P. Vernant, and Marcel Detienne. No penetrating and general critique of

their views has appeared and, in particular, no critique of the application of these views to Roman religion. Nor has any critique dealt with the use of literary and visual sources by these writers. This book, a collection of essays by leading scholars, incorporates all these subjects and provides a theoretical background for the study of animal sacrifice in an ancient context. The Nighantu and the Nirukta: Introduction. English translation and notes-Yāska 1920 Capturing Chinese The New Year's Sacrifice-Lu Xun 2011-03-18 "A comprehensive tool to help students of Chinese read Chinese literature in its original form. Footnotes highlight the more difficult vocabulary and pinyin is provided for the entire text. ... Historical events, people, and places are explained throughout and illustrations recreate the scenes."--P. [4] of cover. Strenski 2003-01-01 Strenski argues that public discourse about religious notions, like sacrifice, cannot be theological in our modern societies. Theological notions of sacrifice and theological approaches to it should be replaced by those like that developed by the Durkheimians because theological discourse cannot but help being religiously biased. A radical vocabulary, Latin and English ...-John Mair 1779 Literature Suspends Death-Chris Danta 2011-09-29 This is the first book-length study of how three important European thinkers- Kierkegaard, Kafka and Blanchot-use the Binding of Isaac to illuminate the sacrificial situation of the literary writer. Danta shows that literature plays a vital and heretical role in these three writers' highly idiosyncratic accounts of the Akedah. His claim is twofold: firstly, that all three authors choose to respond to the Genesis narrative by manifesting literature; and, secondly, that each heretically endows literature- or fiction-with the power to suspend the sacrifice. Abraham's near-sacrifice of Isaac is traditionally

read as the story of faith in action. But what does it mean to play the game of not-quite-belief with the story of religious faith? By examining the literary and heretical treatments of Isaac's sacrifice in the work of Kierkegaard, Kafka and Blanchot, this book develops an original account of literature as a form of sacrificial thinking. For each, writing acts, like God's sacrificial demand of Abraham, to suspend the writer's usual relation to his daily and earthly responsibilities.

Sacrifice Imagined-Douglas Hedley 2011-09-08

Sacrifice Imagined is an original exploration of the idea of sacrifice by one of the world's preeminent philosophers of religion. Despisers of religion have poured scorn upon the idea of sacrifice as an index of the irrational and wicked in religious practice. Nor does its secularised form seem much more appealing. One need only think of the appalling cult of sacrifice in numerous totalitarian regimes of the twentieth century. Yet sacrifice remains a part of our

cultural and intellectual 'imaginary'. Hedley proposes good reasons to think that issues of global conflict and the ecological crisis highlight the continuing relevance of the topic of sacrifice for contemporary culture. The subject of sacrifice has been decisively influenced by two books: Girard's *The Violence and the Sacred* and Burkert's *Homo Necans*. Both of these are theories of sacrifice as violence. Hedley's book challenges both of these highly influential theories and presents a theory of sacrifice as renunciation of the will. His guiding influences in this are the much misunderstood Joseph de Maistre and the Cambridge Platonists.

Kierkegaard and the Ends of Language-Geoffrey A. Hale 2002

Star Trek: Deep Space Nine: The Never Ending Sacrifice-Una McCormack 2009-08-25 A boy looks up. He sees a Cardassian's hand on his shoulder and knows that this is usually a prelude to a beating or, if he is fortunate enough, arrest. The boy knows how many disappeared during the Occupation of Bajor. So he does the one thing he can think of: he bites the Cardassian. Then the

nightmare begins. He is ripped from the family that took him in as an orphan, clothed him, fed him, always loved him unconditionally. And no matter how earnest, how caring the commander of Deep Space 9 is, the boy knows this is all a horrible mistake. How can someone from Starfleet judge him by what he looks like, not by what he is? He prays to the Prophets; he is Bajoran. They all keep telling him that the test proves the large Cardassian man is his father, that the other Cardassian -- that oily gul -- took him away from his father. But the boy keeps telling them that he is Bajoran, he only wants to go home with his father. So they send Rugal home -- to Cardassia. On the homeworld of the Cardassian Union where sacrifice and devotion to the state are surpassed only by the government's need to keep its people in check, one very lonely boy discovers that if he doesn't resist, his life -- like those of so many others -- will be added to the tally of the never-ending sacrifice.

Aristotle and the Philosophy of Friendship-
Lorraine Smith Pangle 2002-11-14 This book offers a comprehensive account of the major

philosophical works on friendship and its relationship to self-love. The book gives central place to Aristotle's searching examination of friendship in the Nicomachean Ethics. Lorraine Pangle argues that the difficulties surrounding this discussion are soon dispelled once one understands the purpose of the Ethics as both a source of practical guidance for life and a profound, theoretical investigation into human nature. The book also provides fresh interpretations of works on friendship by Plato, Cicero, Epicurus, Seneca, Montaigne and Bacon. The author shows how each of these thinkers sheds light on central questions of moral philosophy: is human sociability rooted in neediness or strength? is the best life chiefly solitary, or dedicated to a community with others? Clearly structured and engagingly written, this book will appeal to a broad swathe of readers across philosophy, classics and political science.

Sacrifice Zones-Steve Lerner 2012-09-21 The stories of residents of low-income communities across the country who took action when

pollution from heavy industry contaminated their towns. Across the United States, thousands of people, most of them in low-income or minority communities, live next to heavily polluting industrial sites. Many of them reach a point at which they say “Enough is enough.” After living for years with poisoned air and water, contaminated soil, and pollution-related health problems, they start to take action—organizing, speaking up, documenting the effects of pollution on their neighborhoods. In Sacrifice Zones, Steve Lerner tells the stories of twelve communities, from Brooklyn to Pensacola, that rose up to fight the industries and military bases causing disproportionately high levels of chemical pollution. He calls these low-income neighborhoods “sacrifice zones.” And he argues that residents of these sacrifice zones, tainted with chemical pollutants, need additional regulatory protections. Sacrifice Zones goes beyond the disheartening statistics and gives us the voices of the residents themselves, offering compelling portraits of accidental activists who have become grassroots leaders in the struggle

for environmental justice and details the successful tactics they have used on the fenceline with heavy industry.

American Restoration-Timothy S. Goeglein
2019-07-02 THIS IS NO TIME TO RUN AND HIDE
America seems to be crumbling from within. Having abandoned the Judeo-Christian values that are the foundation of its culture, our nation, in the eyes of many, is going the way of the great civilizations of the past. If our 250-year experiment in ordered liberty has really run its course, is it time to recognize the inevitable, pack up our families, and head for the hills, hunkering down through the dark days to come? Or is there hope for an American restoration? Tim Goeglein and Craig Osten, battle-hardened veterans of the culture wars, know as well as anyone that the decadence is undeniable. But they make the case that an American restoration is not only possible, but probable—if we act now. The key is for Christians to engage with the culture, not flee from it, to be the salt and light that will renew it from within. That engagement must take place especially at the local level,

where real spiritual and cultural transformation occurs. If America returns to its spiritual foundations, the tumultuous times we live in will be nothing more than a bumpy detour in our nation's history. This book is a roadmap for the way back. In this clear-eyed but hopeful guide to restoration, Goeglein and Osten explain how patriotic Americans, with God's help, can renew fifteen critical components of our culture. Government will not provide the solutions we desperately need. The solutions lie in our churches, our communities, and our homes. The light for our path is faith. As that light pierces the darkness, America will experience a reawakening, regeneration, and renewal.

An Analytical Chinese-English Dictionary- 1900
Reason, Faith, & Revolution-Terry Eagleton
2014-05-14 On the one hand, Eagleton demolishes what he calls the "superstitious" view of God held by most atheists and agnostics and offers in its place a revolutionary account of the

Christian Gospel. On the other hand, he launches a stinging assault on the betrayal of this revolution by institutional Christianity. There is little joy here, then, either for the anti-God brigade -- Richard Dawkins and Christopher Hitchens in particular -- nor for many conventional believers. --from publisher description.

Holy Terror-Terry Eagleton 2005-09-08 Holy Terror is a profound and timely investigation of the idea of terror, drawing upon political, philosophical, literary, and theological sources to trace a genealogy from the ancient world to the modern day. Rather than add to the mounting pile of political studies of terrorism, Terry Eagleton offers here a metaphysics of terror with a serious historical perspective. Writing with remarkable clarity and persuasive insight he examines a concept whose cultural impact predates 9/11 by millennia. From its earliest manifestations in rite and ritual, through the French Revolution to the 'War on Terror' of today, terror has been regarded with both horror and fascination. Eagleton examines the duality of the sacred (both life-giving and death-dealing) and relates it, via current and past ideas of freedom, to the idea of terror itself. Stretching from the cult of Dionysus to the thought of Jacques Lacan, the book takes in en route ideas of God, freedom, the sublime, and the unconscious. It also examines the problem of evil, and devotes a concluding chapter to the idea of

tragic sacrifice and the scapegoat. Written by one of the world's foremost cultural critics, Holy Terror is a provocative and ambitious examination of one of the most urgent issues of our time.

Deadly Sacrifice-Jack Kean 1999 A black church is torched in Mississippi, killing an infant, and police arrest a white farmer. Lawyer Vernon King takes the case, discovering the infant's parents were the farmer's son and a black woman. A tale of interracial love and racism.

Preface, tables, and radical index. 1912-Herbert Allen Giles 1912

Radical-David Platt 2012-02-28 WHAT IS JESUS WORTH TO YOU? It's easy for American Christians to forget how Jesus said his followers would actually live, what their new lifestyle would actually look like. They would, he said, leave behind security, money, convenience, even family for him. They would abandon everything for the gospel. They would take up their crosses daily... BUT WHO DO YOU KNOW WHO LIVES LIKE THAT? DO YOU? In Radical, David Platt

challenges you to consider with an open heart how we have manipulated the gospel to fit our cultural preferences. He shows what Jesus actually said about being his disciple--then invites you to believe and obey what you have heard. And he tells the dramatic story of what is happening as a successful" suburban church decides to get serious about the gospel according to Jesus. Finally, he urges you to join in The Radical Experiment -- a one-year journey in authentic discipleship that will transform how you live in a world that desperately needs the Good News Jesus came to bring. (From the 2010 edition)"

The Renaissance Bible-Debora K. Shuger 1998
The book treats the Protestant cultures of northern Europe, particularly England, examining biblical commentaries, plays, poems, sermons, and treatises, as well as the often startling negotiations between these texts and other cultural discourses. In Shuger's hands, these biblical materials serve to illuminate, and often radically reinterpret, the dominant issues in contemporary Renaissance studies: gender, the

body, colonialism, subjectivity, desire, law, and history. Her work forcefully demonstrates the cultural centrality of Renaissance religion.
Crazy Love-Francis Chan 2013-04-01 Revised & Updated Edition! God is love. Crazy, relentless, all-powerful love. Have you ever wondered if we're missing it? It's crazy, if you think about it. The God of the universe—the Creator of nitrogen and pine needles, galaxies and E-minor—loves us with a radical, unconditional, self-sacrificing love. And what is our typical response? We go to church, sing songs, and try not to cuss. Whether you've verbalized it yet or not, we all know something's wrong. Does something deep inside your heart long to break free from the status quo? Are you hungry for an authentic faith that addresses the problems of our world with tangible, even radical, solutions? God is calling you to a passionate love relationship with Himself. Because the answer to religious complacency isn't working harder at a list of do's and don'ts—it's falling in love with God. And once you encounter His love, as Francis describes it, you will never be the same. Because when you're

wildly in love with someone, it changes everything. Learn more about Crazy Love at www.crazylovebook.com.

Suffering and Sacrifice in the Clinical Encounter- Charles Ashbach 2020-05-01 In *Suffering and Sacrifice in the Clinical Encounter*, the authors identify the ways in which some patients seek to create what Freud termed a 'private religion' and unconsciously substitute sacrificial enactments of scapegoat surrogates to protect them against the pain of separation, mourning, and loss of primary figures of attachment. They investigate the function of sacrifice and its relationship to the breakdown of psychic structure and the development of manic defenses and pathological narcissism. Such treatments are complex, the 'reversed roles' of victim and perpetrator central to the sacrificial process when enacted in therapy can trigger feelings of shame, guilt and inadequacy in the therapist. Perverse, vengeful, and sadistic transference distortions are explored to enable the therapist to appreciate the true nature of the patient's hidden traumatic experience, with the necessity for the working-

through of genuine separation and grieving highlighted. Useful methods are detailed to counter the tendency to become overly active and inappropriately involved when working with patients who have deadened their desire to improve. This book is unique in utilising the dynamic concepts of the effects of trauma and sacrifice, the role of the scapegoat, and the distinctions between the experience of pain and the accomplishment of suffering in order to develop a foundational understanding of such patients. It is a must-read for all practising and trainee therapists.

The Female Eunuch-Germaine Greer The publication of Germaine Greer's *The Female Eunuch* in 1970 was a landmark event, raising eyebrows and ire while creating a shock wave of recognition in women around the world with its steadfast assertion that sexual liberation is the key to women's liberation. Today, Greer's searing examination of the oppression of women in contemporary society is both an important historical record of where we've been and a shockingly relevant treatise on what still remains

to be achieved.

The True Believer-Eric Hoffer 2011-05-10 A part of Harper Perennial's special "Resistance Library" highlighting classic works that illuminate the "Age of Trump": A boldly packaged reissue of the classic examination of dangerous nationalist political movements. "Its theme is political fanaticism, with which it deals severely and brilliantly." —New Yorker A stevedore on the San Francisco docks in the 1940s, Eric Hoffer wrote philosophical treatises in his spare time while living in the railroad yards. The True Believer—the first and most famous of his books—was made into a bestseller when President Eisenhower cited it during one of the earliest television press conferences. Called a "brilliant and original inquiry" and "a genuine contribution to our social thought" by Arthur

Schlesinger, Jr., this landmark in the field of social psychology is completely relevant and essential for understanding the world today as it delivers a visionary, highly provocative look into the mind of the fanatic and a penetrating study of how an individual becomes one.

When in French-Lauren Collins 2017-11-07

"When New Yorker staff writer Lauren Collins moves to Geneva, Switzerland, she decides to learn French—not just to be able to go about her day-to-day life, but in order to be closer to her French husband and his family. When in French is at once a hilarious and idiosyncratic memoir about the things we do for love, and an exploration across cultures and history into how we learn languages, and what they say about who we are"--
