A Room of One’s Own-Virginia Woolf 1998 This volume combines two books by Virginia Woolf which are among the greatest contributions to feminist literature this century. They consider the implications of the historical exclusion of women from education and from economic independence. A Room of One’s Own-Virginia Woolf 2020-10-12 In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of ‘Women and Fiction’; she spoke about her conviction that ‘a woman must have money and a room of her own if she is to write fiction’. The following year, the two speeches were published as A Room of One’s Own, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women’s independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. ‘Brilliant interweaving of personal experience, imaginative musing and political clarity’ – Kate Mosse, The Guardian ‘Probably the most influential piece of non-fictional writing by a woman in this century.’ – Hermione Lee, The Financial Times A Room of One’s Own and Three Guineas-Virginia Woolf 2015-03 Intellectual freedom depends on material things. Poetry depends on intellectual freedom. And women have always been poor ... ‘In these two classic essays of feminist literature, Woolf argues passionately for women’s intellectual freedom and their role in challenging the drive towards fascism and conflict. In A Room of One’s Own she explores centuries of limitations placed on women, as well as celebrating the creative achievements of the women writers who overcame these obstacles. In this first history of women’s writing, she describes the importance of education, financial independence, and equa. A Room of One’s Own and Three Guineas (Collins Classics)-Virginia Woolf 2014-05-08 HarperCollins is proud to present its new range of best-loved, essential classics. A Room of One’s Own-Virginia Woolf 2020-05-02 In A Room of One’s Own, Virginia Woolf imagines that Shakespeare had a sister. A sister equal to Shakespeare in talent, and equal in genius, but whose legacy is radically different. This imaginary woman never writes a word and dies by her own hand, her genius unexpressed. If only she had found the means to create, argues Woolf, she would have reached the same heights as her immortal sibling. In this classic essay, Virginia Woolf takes on the establishment, using her gift of language to dissect the world around her and give voice to those who are without. Her message is a simple one: women must have some money and a room of their own in order to have the freedom to create. A Room of One’s Own-Virginia Woolf 101-01-01 ‘A Room of One’s Own’ is an extended essay by Virginia Woolf. First published on 24 October 1929, the essay was based on a series of lectures she delivered at two women’s colleges at Cambridge University in October 1928. While this extended essay employs a fictional narrator and narrative to explore women both as writers of and characters in fiction, the manuscript for the delivery of the series of lectures, titled “Women and Fiction”, which was published in Forum March 1929, and hence the essay, are considered non-fiction. The essay is generally seen as a feminist text, and is noted in its argument for both a literal and figural space for women writers within a literary tradition dominated by men.

A Room of One’s Own-Virginia Woolf 1954 Women and Fiction [A Room of One’s Own]-Virginia Woolf 2015-06-08 2015 Reprint of 1960 Edition. Full Facsimile of the original edition. “Women and Fiction” was first published in the U.S. in Forum Magazine, a prominent literary journal of the 1920’s It is the principle essay and title of a series of lectures Woolf delivered at Newnham College and Girton College, two women’s colleges at Cambridge University in October 1928. This essay and the Lectures would eventually be published as ‘A Room of One’s Own’ in 1929. In this essay Woolf traces the reasons for the very limited achievements among women novelists through the centuries. Why did they fail? They failed because they were not financially independent; they failed because they were not intellectually free; they failed because they were denied the fullest worldly experience. Mrs. Woolf imagines what would have happened to a hypothetical sister of Shakespeare (who possessed all his genius) because she lived in the eighteenth century; she insists that, whatever her gifts, no woman in that age of wife-beating could have written the plays. She shows what did happen in the nineteenth century to the Brontes and George Eliot because they lacked full participation in life; even George Eliot, the “emancipated” woman, lived with a man proscailly in St. John’s Wood, while Tolstoy roamed the world and lived with gypsies; and “War and Peace” was as impossible for a woman to write then as “Lear” three centuries before. This short essays remains an important feminist text.

A Room of One’s Own-Virginia Woolf 1993 In a lengthy essay, the narrator explores how the different educational experiences privilege men over women. Spending a day in the British Museum Library perusing the scholarship on women, she concludes that most of it -if not all- had been written by men in anger and hostility. The study of history was of no help. So she constructs in her own imagination what she imagines was the plight of women; to this effort she explains the impediments Judith Shakespeare -Shakespeare’s sister- would have encountered. She then analyzes the achievements of the major women novelists of the nineteenth century, reflecting on the importance of tradition to an aspiring writer. Following up with living writers, she takes a close look at a novel by one of the narrator’s contemporaries. Using a curious metaphor: “a spot the size of a shilling at the back of the head,” she urges women to be original, and to write about what others don’t see and miss; and that the writing must be smooth and clear: “Not a wheel must grate, not a light glimmer.” In one word: writing that is incandescent. The problem as Woolf sees it is that to accomplish that fine writing a woman must first achieve intellectual freedom as granted by having a room of one’s own and five hundred a year in income. This edition has been re-paraphrased to lighten the density of the heavy paragraphs one finds in the original version. In addition, the work has been subdivided into chapters with appropriate headings. In other words, this is a version for the contemporary reader in the early 21st Century.

This volume combines two books which were among the greatest contributions to feminist literature this century. Together they form a brilliant attack on sexual inequality and a passionate polemic which draws a startling comparison between the tyrannous hypocrisy of the Victorian patriarchal system and the evils of fascism. Virginia Woolf makes the connection between war and the economy and a woman’s role (or lack there of) in both. A Room of One’s Own, first published in 1929, is a witty, urbane and persuasive argument against the intellectual subjection of women, particularly women writers. The sequel, Three Guineas, is a passionate polemic which draws a startling comparison between the tyrannous hypocrisy of the Victorian patriarchal system and the evils of fascism.

The Captain’s Death Bed & Other Essays-Virginia Woolf 2017-12-06 These twenty-five short essays demonstrate the beauty of style, the wit, and the sensibility for which Woolf is admired. “This book contains...the same delicious things to read as always...Virginia Woolf was a great artist, one of the glories of our time, and she never published a line that was not worth reading” (Katherine Anne Porter). Adeline Virginia Woolf (25 January 1882 – 28 March 1941) was an English writer, and one of the foremost modernists of the twentieth century. During the interwar period, Woolf was a significant figure in London literary society and a central figure in the influential Bloomsbury Group of intellectuals. Her most famous works include the novels Mrs Dalloway (1925), To the Lighthouse (1927) and Orlando (1928), and the book-length essay A Room of One’s Own (1929), with its famous dictum, “A woman must have money and a room of her own if she is to write fiction.”

Three Guineas-Virginia Woolf 2020-03-08 Three Guineas is written as a series of letters in which Woolf ponders the efficacy of donating to various causes to prevent war. In reflecting on her situation as the ‘daughter of an educated man’ in 1930s England, Woolf challenges liberal orthodoxies and marshals vast research to make discomforting and still-challenging arguments about the relationship between gender and violence, and about the pieties of those who fail to see their complicity in war-making. This pacifist-feminist essay is a classic whose message resonates loudly in our contemporary global situation.

Decorating a Room of One’s Own-Susan Harlan 2018-10-09 What would Little Women be without the charms of the March family’s cozy New England home? Or Wuthering Heights without the ghost-infested Wuthering Heights? Getting lost in the setting of a good book can be half the pleasure of reading, and Decorating a Room of One’s Own brings literary backdrops to the foreground in this wryly affectionate satire of interior design reporting. English professor and humorist Susan Harlan spoofs decorating culture by reimagining its subject as famous fictional homes and “interviews” the residents who reveal their true tastes: Lady Macbeth’s favorite room in the castle, or the design inspiration behind Jay Gatsby’s McMansion of unfulfilled dreams. Featuring 30 entries of notable dwellings, sidebars such as “Setting Up an Ideal Governess’s Room,” and four-color spot illustrations throughout, Decorating a Room of One’s Own is the ideal book for readers who appreciate fine literature and a good end table.

Three Guineas-Virginia Woolf 2006-07-03 “Though we see the same world, we see it through different eyes.” Setting out to answer the question “How are we to prevent war?” Virginia Woolf argues that the inequalities between women and men must first be addressed. Framing her arguments in the form of a letter, Woolf wittily ponders to whom—among the many who have requested it—she will donate a guinea. As she works out her reasons for which causes she will support, Woolf articulates a vision of peace and political culture as radical now as it was when first published on the eve of the Second World War. A founding text of cultural theory, Three Guineas can also help us understand the twenty-first-century realities of endless war justified by “unreal loyalties.” “Witty, scornful, deeply serious...If you are a woman, or anti-war, or both, read it.”—The New Yorker

With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, art biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

The essays present a portrait of Woolf as a woman writer who was politically engaged, and actively protesting against a worldview which aggressively targeted women for oppression.

The Voyage Out-Virginia Woolf 1978 As the streets that lead from the Strand to the Embankment are very narrow, it is better not to walk down them arm-in-arm. If you persist, lawyers’ clerks will have to make flying leaps into the mud; young lady typists will have to fidget behind you. In the streets of London where beauty goes unregarded, eccentricity must pay the penalty, and it is better not to be very tall, to wear a long blue cloak, or to beat the air with your left hand. One afternoon in the beginning of October when the traffic was becoming brisk a tall man strode along the edge of the pavement with a lady on his arm. Angry glances struck upon their backs. The small, agitated figuresÑfor in comparison with this couple most people looked smallÑdecorated with fountain pens, and burdened with despatch-boxes, had appointments to keep, and drew a weekly salary, so that there was some reason for the unfriendly stare which was bestowed upon Mr. Ambrose’s height and upon Mrs. Ambrose’s cloak. But some enchantment had put both man and woman beyond the reach of malice and unpopularity. In his guess one might guess from the moving lips that it was thought; and in hers from the eyes fixed stonily straight in front of her at a level above the eyes of most that it was sorrow. It was only by scorning all she met that she kept herself from tears, and the friction of people brushing past her was evidently painful. After watching the traffic on the Embankment for a minute or two with a stoical gaze she twitched her husband’s sleeve, and they crossed between the swift discharge of motor cars. When they were safe on the further side, she gently withdrew her arm from his, allowing her mouth at the same time to relax, to tremble; then tears rolled down, and leaning her elbows on the balustrade, she shielded her face from the curious. Mr. Ambrose attempted consolation; he patted her shoulder; but she showed no signs of admitting him, and feeling it awkward to stand beside a grief that was greater than his, he crossed his arms behind him, and took a turn along the pavement. The embankment juts out in angles here and there, like pulpits; instead of preachers, however, small boys occupy them, dangling string, dropping pebbles, or launching wads of paper for a cruise. With their sharp eye for eccentricity, they were inclined to think Mr. Ambrose awful; but the quickest witted cried “Bluebeard!” as he passed. In case they should proceed to tease his wife, Mr. Ambrose flourished his stick at them, upon which they decided that he was grotesque merely, and four instead of one cried “Bluebeard!” in chorus. Flying at Night-Rebecca L. Brown 2018-04-10 An emotionally charged bed novel of a family on the brink-an autistic child, his determined mother, and her distant father—who learn that when your world changes, you find out who you really are. . . . While she was growing up, Piper’s father, Lance “the Silver Eagle” Whitman, became a national hero piloting a plane through an emergency landing. But at home, he was a controlling and overbearing presence in her life, raising emotional and verbal abuse upon the entire family. It’s no surprise, then, that as an adult, Piper has poured all of her energy into creating a warm and loving home for her own family, while catering to her son Fred’s ever-growing idiosyncrasies. Then Lance has a heart attack, leaving him with a brain injury—and dependent upon Piper for his care—just before tests confirm Piper’s suspicions that Fred is on the autism spectrum. A powerful and extraordinary novel, Flying at Night gives voice to Fred, trying to find his place in a world that doesn’t quite understand him; to Lance, who’s lost what made him the man he was, for better and worse; and to Piper, who, while desperately trying to navigate the shifting landscape around her, watches as her son and father start to connect—in the most miraculous ways. . . .

Seeing Around Corners-Rita McGrath 2019-09-03 The first prescriptive, innovative guide to seeing inflection points before they happen—and how to harness these disruptive influences to give your company a strategic advantage. Paradigmatic shifts in the business landscape, known as inflection points, can either create new, entrepreneurial opportunities (see Amazon and Netflix) or they can lead to devastating consequences (e.g., Blockbuster and Toys R Us). Only those leaders who can “see around corners”—that is, spot the disruptive inflection points developing before they hit—are poised to succeed in this market. Columbia Business School Professor and corporate consultant Rita McGrath contends that inflection points, though they might seem sudden, are not random. Every seemingly overnight shift is the final stage of a process that has been subtly building for some time. Armed with the right strategies and tools, smart businesses can see these inflection points coming and use them to gain a competitive advantage. Seeing Around Corners is the first hands-on guide to anticipating, understanding, and capitalizing on the inflection points shaping the marketplace.

A Lab of One’s Own-Patricia Fara 2018-01-05 Many extraordinary female scientists, doctors, and engineers tossed independence and responsibility for the first time during the First World War. How did this happen? Patricia Fara reveals how suffragists, such as Virginia Woolf’s sister, Ray Strachey, had already aligned themselves with scientific and technological progress, and that during the dark years of war they mobilized women to enter conventionally male domains such as science and medicine. Fara tells the stories of women such as: mental health pioneer Isabel Emslie, chemist Martha Whiteley, a co-inventor of tear gas, and botanist Helen Gwynne Vaughan. Women were now carrying out vital research in many aspects of science, but could it last? Though suffragist Millicent Fawcett declared triumphantly that ‘the war revolutionised the industrial position of women. It found them serfs, and left them free’, the outcome was very different. Although women had helped the country to victory and won the vote for those over thirty, they had lost the battle for equality. Men returning from the Front reclaimed their jobs, and conventional hierarchies were re-established even though the nation now knew that women were fully capable of performing work traditionally reserved for men. Fara examines how the bravery of these pioneer women scientists, temporarily allowed into a closed world before the door clanged shut again, paved the way for today’s women scientists. Yet, inherited prejudices continue to limit women’s scientific opportunities.

Square Haunting-Francesca Wade 2020 “In the early twentieth century, Mecklenburgh Square, a hidden architectural gem in the heart of London, was a radical address. On the outskirts of Bloomsbury known for the eponymous group who “lived in squares, painted in circles, and loved in triangles,” the square was home to students, struggling artists, and revolutionaries. In the pivotal era between the two world wars, the lives of five remarkable women intertwined at this one address: modernist poet H. D., detective novelist Dorothy L. Sayers, classicist Jane Harrison, economic historian Eileen Power, and author and publisher Virginia Woolf.
