of boys in short trousers? Knitted bathing costumes? Then the chances are you were born in or around 1950. To the young people of today, the 1950s seem like another age. But for those born around then, this era of childhood feels like yesterday. This delightful collection of photographic memories will appeal to all who grew up in this post-war decade; they include pictures of children enjoying life out on the streets and bomb sites, at home and at school, on holiday and at events. These wonderful period pictures and descriptive captions will bring back this decade of childhood, and jog memories about all aspects of life as it was in post-war Britain. Paul Feeney is the author of bestselling nostalgia books *A 1950s Childhood* and *A 1960s Childhood* (The History Press). He has also written the bestselling *From Ration Book to Ebook* (The History Press), which takes a nostalgic look back over the life and times of the post-war baby boomer generation. *Low Down: Junk, Jazz, and Other Fairy Tales from Childhood*-A.J. Albany 2013-11-12 Wise beyond her years and hip to the unpredictable

ways of life at all too early an age, A.J. Albany guides us through the dope and deviance of the late 1960s and early 1970s in Hollywood's shadowy underbelly and beyond. A. J. Albany's recollection of life with her father, the great jazz pianist Joe Albany, is the story of one girl's unsentimental education. Joe played with the likes of Charles Mingus, Lester Young, and Charlie Parker, but between gigs he slipped into drug-induced obscurity. It was during these times that his daughter knew him best. After her mother disappeared, six-year-old Amy Jo and her charming, troubled father set up housekeeping in a seamy Hollywood hotel. While Joe finished a set in some red-boothed dive, chances were you'd find Amy curled up to sleep on someone's fur coat, clutching a 78 of Louis Armstrong's "Sugar Blues" or, later, a photograph of the man himself, inscribed, "To little Amy Jo, always in love with you--Pops." Wise beyond her years and hip to the unpredictable ways of Old Lady Life at all too early an age, A. J. Albany guides us through the dope and deviance of the late 1960s and early 1970s in Hollywood's shadowy underbelly and

beyond. What emerges is a raw, gripping, and surprisingly sympathetic portrait of a young girl trying to survive among the outcasts, misfits, and artists who surrounded her.

The Outside Child, In and Out of the Book-
Christine Wilkie-Stibbs 2008-03-25 The Outside Child, In and Out of the Book is situated at the intersection between children's literature studies and childhood studies. In this provocative book, Christine Wilkie-Stibbs juxtaposes the narratives of literary and actual children/young adults to explore how Western culture has imagined, defined, and dealt with their outsider status - whether orphaned, homeless, refugee, victims of abuse, or exploited - and how processes of economic, social, or political impoverishment are sustained and naturalized in regimes of power, authority, and domination. In five chapters titled: "Outsider," "Displaced," "Erased," "Object," "Unattached," and "Colonized," the book situates and repositions a range of pre- and post-millennium children's/young adult fictions, autobiographies, policy documents, and reports in the current climate of rabid globalization, new

"out-group" definitions, and prescribed normativity. Children's/young adult fictions considered include: Malorie Blackman's Noughts and Crosses trilogy; Mark Haddon's The Curious Incident of the Dog in the Night-Time; Jacqueline Wilson's The Illustrated Mum; Shyam Selvadurai's Funny Boy; Ann Provoost's Falling; Meg Rosoff's, How I Live Now; Elizabeth Laird's A Little Piece of Ground. Autobiographical works include Zlata Filipovic's Zlata's Diary; Kevin Lewis's The Kid; Latifa's My Forbidden Face; and Valérie Zenatti's When I Was a Soldier. Don't Move the Muffin Tins-Bev Bos 1978 Grass Roof, Tin Roof-Dao Strom 2003-01-07 A Vietnamese family flees its war-torn home and resettles in California, in a novel that offers a "brilliant exploration of exile, loss, and identity" (Robert Olen Butler). Told from multiple perspectives and spanning several decades, Grass Roof, Tin Roof begins with the story of Tran, a Vietnamese writer facing government persecution, who flees her homeland during the exodus of 1975 and brings her two children to the West. Here, she marries a Danish American

man who has survived a different war. He promises understanding and guidance—but the psychic consequences of his past soon hinder his relationships with the family, as the children, for whom the war is now a distant shadow, struggle to understand the world around them on their own terms. In delicate, innovative prose, Strom's characters experience the collision of cultures and the spiritual aftermath of war on the most visceral level. *Grass Roof, Tin Roof* is "an affecting study on the slippery nature of home" (Los Angeles Times). "[Strom] explores the mysteries of loss, culture and identity, with skill, poignancy and imagination." —Detroit Free Press

Rin Tin Tin-Susan Orlean 2012-10-09 Chronicles the rise of the iconic German shepherd character while sharing the stories of the real WWI dog and the canine performer in the 1950s television show, and explores Rin Tin Tin's relevance in the military and popular culture.

Understanding the Tin Whistle-STUART ESSON 2014-12-29 Unique among books on the whistle and Celtic music, this book takes the role of a personal tutor. It explains in detail the peculiarities of the instrument, the ancient modal scales the Irish tunes are based on, and offers a results-oriented program for quickly developing ability. As well it offers a practical method for developing breathing skills, something few books discuss. But what makes this book truly unique is the discussion of mnemonic techniques and

analytical listening skills, which would make it an excellent resource for both parents and teachers. The author explains a simple, straightforward method of internalizing the old dance tunes of the session repertoire based on understanding the music's structure and the use of mnemonic cues. The scope of Mr. Esson's book makes it relevant to a much wider audience than the title would suggest

The Tin Box-Holly Kennedy 2006-10-31 Kenly Alister is a Grownup. Unlike those who sail through life taking what they want regardless of how their actions affect others, Kenly cleans up other people's messes, picks up the pieces, and is the one who others turn to for solace. As the child of an alcoholic, she weathered abuse and sadness and emerged from childhood determined to bring comfort and happiness to those she loves. While in college she fell for Ross Lowen. Ross wasn't looking for someone to take care of him--he wanted a lover, a friend, and a partner. In Kenly he found not only all that but a woman

whose capacity for love and kindness bowled him over. The last fifteen years have been good to them and Kenly basks in the glow of a wonderful marriage. An as an extral bonus she revels in their son who, even in his most arrogant, adolescent moments, still has the ability to take Kenly's breath away. This happy life is threatened when her dearest childhood friend dies and Kenly receives an old battered tin box, a relic of her childhood. Inside are the remnants of Kenly's past and a secret she has sheltered for decades. To reveal the secret means the destruction of her happy family--but can she continue to shoulder the weight of years of silence? The Tin Box is an achingly beautiful novel of one woman's desire to save all that she loves while honoring the past that made her into the woman she is. Rin Tin Tin Enhanced eBook-Susan Orlean
2011-09-27 Featuring more than seventy-five photographs and almost a dozen rarely seen videos from Rin Tin Tin's legendary career, this

Enhanced eBook edition of Susan Orlean's Rin Tin Tin vividly illustrates the life and legacy of the canine hero. He believed the dog was immortal. So begins Susan Orlean's sweeping, powerfully moving account of Rin Tin Tin's journey from orphaned puppy to movie star and international icon. Orlean, a staff writer at The New Yorker who has been hailed as "a national treasure" by The Washington Post, spent nearly ten years researching and reporting her most captivating book to date: the story of a dog who was born in 1918 and never died. It begins on a battlefield in France during World War I, when a young American soldier, Lee Duncan, discovered a newborn German shepherd in the ruins of a bombed-out dog kennel. To Duncan, who came of age in an orphanage, the dog's survival was a miracle. He saw something in Rin Tin Tin that he felt compelled to share with the world. Duncan brought Rinty home to California, where the dog's athleticism and acting ability drew the attention of Warner Bros. Over the next ten years, Rinty starred in twenty-three blockbuster silent films that saved the studio from

bankruptcy and made him the most famous dog in the world. At the height of his popularity, Rin Tin Tin was Hollywood's number one box office star. During the decades that followed, Rinty and his descendants rose and fell with the times, making a tumultuous journey from silent films to talkies, from black-and-white to color, from radio programs to one of the most popular television shows of the baby boom era, *The Adventures of Rin-Tin-Tin*. The canine hero's legacy was cemented by Duncan and a small group of others—including Bert Leonard, the producer of the TV series, and Daphne Hereford, the owner of the current Rin Tin Tin—who have dedicated their lives to making sure the dog's legend will never die. At its core, *Rin Tin Tin* is a poignant exploration of the enduring bond between humans and animals. It is also a richly textured history of twentieth-century entertainment and entrepreneurship. It spans ninety years and explores everything from the shift in status of dogs from working farmhands to beloved family members, from the birth of obedience training to the evolution of dog breeding, from the rise of

Hollywood to the past and present of dogs in war. Filled with humor and heart and moments that will move you to tears, Susan Orlean's first original book since *The Orchid Thief* is an irresistible blend of history, human interest, and masterful storytelling—a dazzling celebration of a great American dog by one of our most gifted writers.

The Surveillant's Old Tin Trunk-Peter Jaggs
2015-02-05 Some years ago an old tin trunk and its contents were given to the author of this book by an old lady approaching her ninetieth year. She was the only daughter of a guard who had been deployed to work in French Guiana (Devil's Island) during the early days of the twentieth century. The rusting old box was full of the diaries, sketches, papers and personal effects of a young man and his wife, who were based in one of the most notorious jungle work camps in the penal colony and whose duty it was to attempt to control some of France's worst transported criminals. The author studied and researched the contents of the trunk and with the help of countless conversations with the fascinating old

lady, the extraordinary story that came out of the Surveillant's old tin trunk can now be retold. The book is a powerful, compelling and haunting depiction of family and convict life in the overseas prison colonies of France. It is a tale of love, hatred, deception and vengeance that pendulums between the romantic and the horrific without missing a beat. Illustrated with contemporary photographs, paintings and sketches that are historically immensely significant, *The Surveillant's Old Tin Trunk* provides an unparalleled insight into the troubled life of a young family man stationed in what has always been known as perhaps the most infamous and brutal penal colony ever to have existed.

A 1960s Childhood-Paul Feeney 2010 Do you remember Beatlemania? Radio Caroline? Mods and Rockers? The very first miniskirts? Then the chances are you were born in the or around 1960. To the young people of today, the 1960s seems like another age. But for those who grew up in this decade, school life, 'mod' fashions and sixties pop music are still fresh in their minds.

From James Bond to Sindy dolls and playing hopscotch in the street, life was very different to how it is now. After the tough and frugal years of the fifties, the sixties was a boom period, a time of changed attitudes and improved lifestyles. With chapters on home and school life, games and hobbies, music and fashion, alongside a selection of charming illustrations, this delightful compendium of memories will appeal to all who grew up in this lively era. Take a nostalgic look at what it was like to grow up during the sixties and recapture all aspects of life back then. PAUL FEENEY is a writer and part-time business consultant. He has also written a local history of Highgate and *A 1950s Childhood: from Tin Baths to Bread and Dripping*. He lives in Surrey. "If you grew up in the Swinging Sixties, you'll love Paul Feeney's *A 1960s Childhood*." Reviewed in *Yours Magazine*, 23rdFeb '10. "The author captures the atmosphere and 'furniture' of the Sixties to perfection, even recreating a typical family Christmas of the time. Whether you were a child or an adult in that most eventful decade, this excellent book, with charming black and white

illustrations, will throw up lots of talking points." Reviewed in This England, Summer 2010 edition
Glaciers-Alexis Smith 2012-01-17 Isabel is a single, twentysomething thrift-store shopper and collector of remnants, things cast off or left behind by others. Glaciers follows Isabel through a day in her life in which work with damaged books in the basement of a library, unrequited love for the former soldier who fixes her computer, and dreams of the perfect vintage dress move over a backdrop of deteriorating urban architecture and the imminent loss of the glaciers she knew as a young girl in Alaska. Glaciers unfolds internally, the action shaped by Isabel's sense of history, memory, and place, recalling the work of writers such as Jean Rhys, Marguerite Duras, and Virginia Woolf. For Isabel, the fleeting moments of one day can reveal an entire life. While she contemplates loss and the intricate fissures it creates in our lives, she accumulates the stories—the remnants—of those around her and she begins to tell her own story.
Sensation, Perception and Action-Johannes Zanker 2010-03-03 With a style that is both

detailed and accessible, this new text from Johannes Zanker provides students with a solid understanding of how our sensory and perceptual systems operate, and interact with a dynamic world. It not only explains the scientific mechanisms involved, but discusses the costs and benefits of these mechanisms within an evolutionary, functional framework, to encourage important questions such as: What is a given sensory mechanism needed for? What kind of problem can it solve and what are its limitations? How does the environment determine how senses operate? How does action affect and facilitate perception? This unique, interdisciplinary framework allows students to see perceiving and acting as embedded in particular environments and directs them to think about the functional nature of these systems. The overall effect is an especially readable, authoritative text on Sensation, Perception and Action that really brings this fascinating topic to life.

The Tin Horse-Janice Steinberg 2013-01-29 In the stunning tradition of Lisa See, Maeve Binchy, and Alice Hoffman, *The Tin Horse* is a rich multigenerational story about the intense, often fraught bond sisters share and the dreams and sorrows that lay at the heart of the immigrant experience. It has been more than sixty years since Elaine Greenstein's twin sister, Barbara, ran away, cutting off contact with her family forever. Elaine has made peace with that loss. But while sifting through old papers as she prepares to move to Rancho Mañana—or the "Ranch of No Tomorrow" as she refers to the retirement community—she is stunned to find a possible hint to Barbara's whereabouts all these years later. And it pushes her to confront the fierce love and bitter rivalry of their youth during the 1920s and '30s, in the Los Angeles Jewish neighborhood of Boyle Heights. Though raised together in Boyle Heights, where kosher delis and storefront signs in Yiddish lined the streets, Elaine and Barbara staked out very different personal territories. Elaine was thoughtful and studious, encouraged to dream of going to

college, while Barbara was a bold rule-breaker whose hopes fastened on nearby Hollywood. In the fall of 1939, when the girls were eighteen, Barbara's recklessness took an alarming turn. Leaving only a cryptic note, she disappeared. In an unforgettable voice layered with humor and insight, Elaine delves into the past. She recalls growing up with her spirited family: her luftmensch of a grandfather, a former tinsmith with tales from the Old Country; her papa, who preaches the American Dream even as it eludes him; her mercurial mother, whose secret grief colors her moods—and of course audacious Barbara and their younger sisters, Audrey and Harriet. As Elaine looks back on the momentous events of history and on the personal dramas of the Greenstein clan, she must finally face the truth of her own childhood, and that of the twin sister she once knew. In *The Tin Horse*, Janice Steinberg exquisitely unfolds a rich multigenerational story about the intense, often fraught bonds between sisters, mothers, and daughters and the profound and surprising ways we are shaped by those we love. At its core, it is

a book not only about the stories we tell but, more important, those we believe, especially the ones about our very selves. Praise for *The Tin Horse* “Steinberg, the author of five mysteries, has transcended genre to weave a rich story that will appeal to readers who appreciate multigenerational immigrant family sagas as well as those who simply enjoy psychological suspense.”—BookPage

The Tin Moon-Stephen Lacey 2003-11-25 Set against the backdrop of an urbanizing Australia in 1969, *The Tin Moon* is the brilliant, humorous story of a boy just trying to make sense of his parents, his teachers, and his new neighbors. While Neil Armstrong is landing on the moon and the Vietnam War is raging on television, Jimmy Smith is most concerned with wreaking havoc on the city people who are gentrifying his country village, the hippies living in a bus, and understanding how his parents can be so absurd. Filled with humor, nostalgia, and the search for meaning that lies at the heart of childhood, *The*

Tin Moon is an extraordinary debut novel from a great new talent.

Continua of Biliteracy-Prof. Nancy H. Hornberger

2003-05-23 Bilingual literacy - the use of two or more languages in and around writing- is an inescapable feature of lives and schools worldwide, yet one which most educational policy and practice continue blithely to ignore. The continua of bilingual literacy featured in the present volume offers a comprehensive yet flexible model to guide educators, researchers, and policy-makers in designing, carrying out, and evaluating educational programs for the development of bilingual and multilingual learners, each program adapted to its own specific context, media, and

contents.
