<p>Lost English-Chris Roberts 2012-01-30 In the last thirty years or so a large number of once commonplace words, phrases and expressions have disappeared without trace from common usage. And with them, too, have gone a number of goods, services and everyday objects that were once an important part of our everyday lives. Where did they go and why? Lost English takes a look at how our language has changed and how the pace of modern life, the influence of American culture, changes in the country's sociological formation and rapid advances in technology have made once common words obsolete. Includes: 'Charlie's dead' - a euphemism used to tell a girl that her petticoat is showing , 'dekkko' - take a quick look or glance , 'brillantine' - men's hair dressing product , 'Nippy' - the name given to waitresses in Lyons Corner Houses. Lost English illuminates all these terms and many more. It's a fantastic gift for all those interested in history and the English language and a fascinating look at times past.</p> <p>Cracking the AP English Literature & Composition Exam, 2019 Edition-The Princeton Review 2018-11-13 EVERYTHING YOU NEED TO HELP SCORE A PERFECT 5. Yankee whalers are contending with icebergs, storms, rogue whales, sharks, hostile natives, and disease. Many whalers give up the life—but some carry on the vocation. One such man is a captain from Connecticut, Thomas William Williams. Not only does he go out on voyage after voyage, he even takes on board with him his tiny wife, Eliza, and his infant son and daughter. The Lost Fleet's thrilling narrative recounts Williams' remarkable career, including a daring escape from the Confederate cruiser Alabama and a daring rescue and salvage of lost ships off Alaska's coast. Songini has crafted a historical masterpiece in recording a family saga, a true narrative of adventure and death on the high seas, and a detailed and well-researched look at the demise of Yankee whaling.</p> <p>The New York Times Index- 1913</p> <p>The Lost Art of Finding Our Way-John Edward Huth 2013-05-15 Long before GPS and Google Earth, humans traveled vast distances using environmental clues and simple instruments. The British Traditional Ballad in North America-Tristram Potter Coffin 2014-07-03 Tristram Potter Coffin's The British Traditional Ballad in North America, published in 1950, became recognized as the standard reference to the published material on the Child ballad in North America. Centering on the theme of story variation, the book examines ballad variation in general, treats the development of the traditional ballad into an art form, and provides a bibliographical guide to story variation as well as a general bibliography of titles referred to in the guide. Roger deV. Renwick's supplement to The British Traditional Ballad in North America provides a thorough review of all sources of North American ballad materials published from 1963, the date of the last revision of the original volume, to 1977. The references, which include published text fragments and published title lists of items in archival collections, are arranged according to each ballad's story variations. Textual and thematic comparisons among ballads in the British and American tradition are made throughout. In his introductory essay Renwick synthesizes the various theoretical approaches to the phenomenon of variation that have appeared in scholarly publications since 1963 and provides examples from texts referred to in the bibliographical guide itself. The supplement, like its parent work, is an invaluable reference tool for the study of variation in ballad form, content, and style. Together with the reprinted text of the 1963 edition, the supplement provides an exhaustive bibliography to the literature on the British traditional ballad in North America.

The Digest of English Case Law Containing the Reported Decisions of the Superior Courts-John Mews 1898

The Lost Sailors-Jean-Claude Izzo 2013-03-01 From one of France's best-known authors comes this evocative meditation on the human comedy. A freighter is impounded in the port of Marseilles when its owners declare bankruptcy. On board, the men are divided: wait for the money owed them—money that might never come—or accept their fate and abandon ship? This may be Captain Abdul Aziz's last commission and he is determined to save his charge and stand by his men. Diamantis, his second-in-command, is in search of a woman he has never stopped loving and who may now be living in Marseilles. In these close quarters charged with physical and emotional tension, each of these marooned sailors' life stories begins to resemble a chapter in the complex, colorful, and tragic story of the Mediterranean Sea itself—rich with romance, legend, passion and drama. The Lost Sailors is a richly textured and bittersweet tribute to Mediterranean life. It is the novel in which Jean-Claude Izzo most completely expresses his vision of human history and how it has been played out on the shores of this sea since the beginnings of time. This is a novel for anyone who loves the sea, for anyone who is attracted to the dark passions it can provoke, for anyone who feels drawn to the rich blend of races, religions and individual stories to be found in port cities the world over. It is, at the same time, a story of the prodigious forces at play in all human destiny.

The Lost Warship-Robert Moore Williams 2010-12-12 Jap bombs rained down, there was a tremendous blast—and a weird thing happened to the Idaho Sevastopoi (English Edition)-Lyof N. Tolstoi 2014-11-04 Example in this ebook SEVASTOPOL IN DECEMBER, 1854. The flush of morning has but just begun to tinge the sky above Sapun Mountain; the dark blue surface of the sea has already cast aside the shades of night and awaits the first ray to begin a play of merry gleams; cold and mist are wafted from the bay; there is no snow—all is black, but the morning frost pinches the face and crackles underfoot, and the far-off, unceasing roar of the sea, broken now and then by the thunder of the firing in Sevastopol, alone disturbs the calm of the morning. It is dark on board the ships; it has just struck eight bells. Toward the north the activity of the day begins gradually to replace the nocturnal quiet; here the relief guard has passed clanking their arms, there the doctor is already hastening to the hospital, further on the soldier has crept out of his earth hut and is washing his sunburnt face in ice-encrusted water, and, turning towards the crimsoning east, crosses himself quickly as he prays to God; here a tall and heavy camel-wagon has dragged creaking to the cemetery, to bury the bloody dead, with whom it is laden nearly to the top. You go to the wharf—a peculiar odor of coal, manure, dampness, and of beef strikes you; thousands of objects of all sorts—wood, meat, gabions, flour, iron, and so forth—lie in heaps about the wharf; soldiers of various regiments, with knapsacks and muskets, without knapsacks and without muskets, throng thither, smoke, quarrel, drag weights aboard the steamer which lies smoking beside the quay; unattached two-oared boats, filled with all sorts of people,—soldiers, sailors, merchants, women,—land at and leave the wharf. “To the Grafsky, Your Excellency? be so good.” Two or three retired sailors rise in their boats and offer you their services. You select the one who is nearest to you, you step over the half-decomposed carcass of a brown horse, which lies there in the mud beside the boat, and reach the stern. You quit the shore. All about you is the sea, already glittering in the morning sun, in front of you is an aged sailor, in a camel's-hair coat, and a young, white-headed boy, who work zealously and in silence at the oars. You gaze at the motley vastness of the vessels, scattered far and near over the bay, and at the small black dots of boats moving about on the shining azure expanse, and at the bright and beautiful buildings of the city, tinted with the rosy rays of the morning sun, which are visible in one direction, and at the foaming white line of the quay, and the sunken ships from which black tips of masts rise sadly here and there, and at the distant fleet of the enemy faintly visible as they rock on the crystal horizon of the sea, and at the streaks of foam on which leap salt bubbles beaten up by the oars; you listen to the monotonous sound of voices which fly to you over the water, and the grand sounds of firing, which, as it seems to you, is increasing in Sevastopol. It cannot be that, at the thought that you too are in Sevastopol, a certain feeling of manliness, of pride, has not penetrated your soul, and that the blood has not begun to flow more swiftly through your veins. “Your Excellency! you are steering straight into the Kistentin,” says your old sailor to you as he turns round to make sure of the direction which you are imparting to the boat, with the rudder to the right. “And all the cannon are still on it,” remarks the white-headed boy, casting a glance over the ship as we pass. “Of course; it's new. Korniloff lived on board of it,” said the old man, also glancing at the ship. “See where it has burst!” says the boy, after a long silence, looking at a white cloud of spreading smoke which has suddenly appeared high over the South Bay, accompanied by the sharp report of an exploding bomb. Lost History-Michael Hamilton Morgan 2008 A compelling study of the little known contributions of Islam's cultural, artistic, and scientific accomplishments to Western civilization looks not only at the historic achievements of the Muslim world and the role of inspired leaders who encouraged intellectual inquiry, championed tolerance, and sponsored artistic and literary endeavors, but also at the ancient envy that fuels today's conflicts. Reprint.

The Lost Library-Walter Mehring 1951 As a refugee and as a scholar, the author reflects on important books and ideas which have shaped western civilization up to the fatal year of 1914.

Lost!-Thomas Thompson 2016-12-13 From the bestselling author of Blood and Money: A haunting true story of three people locked in a fierce struggle against time and the sea—and each other. In July 1973, Bob Tininenko; his wife, Linda, and his brother-in-law, Jim Fisher, set sail from Tacoma, Washington, on a thirty-one-foot trimaran down the West Coast to Costa Rica. The journey was expected to take a matter of weeks, but ten days into the cruise, the party encountered a freak storm off the coast of northern California. When gale-force winds and fifty-foot waves capsized their boat, the voyage became a nightmare. For seventy-two days, the trio was lost at sea. Challenged by nature and compromised by a bitter rivalry, their courage and will to live was put to the ultimate test. Jim, the owner and skipper of the boat, was a devout fundamentalist whose recognition of God's will in every event brought him into increasing conflict with his brother-in-law. As the two men battled to take control of a dire situation, Linda kept a secret that would lead to heartrending tragedy. A "hair-raising" (Houston Chronicle) account of shipwreck and survival and a searing portrait of faith without reason, Lost! is an unforgettable true story from "a writer of tremendous power and achievement" (Detroit Free Press).
