Lindfors to give valuable insights into Brutus's life and works.

7 Leadership Lessons of the American Revolution-John Antal 2013-09-27 "A leadership book written by a real leader! . . . eminently useful for those 'in command' of organizations of any kind. A stimulating five-star work" (Ralph Peters, New York Times–bestselling author). This book tells the dramatic story of seven defining leadership moments from the American Revolution, as well as providing case studies that can improve your leadership at home, business, in your community, in the military, or in government. Leadership is not about position, it is about influence. You can be a leader no matter what your rank or position. It is not about power, it is about selflessness. You cannot be a good leader unless you can also be a good follower. Good leaders don't shine, they reflect. Lessons like these are the core of this book. The stories in this book are about leaders who were challenged at all corners, adapted, improvised and overcame. The tales of leaders like Samuel Adams, Patrick Henry, Henry Knox, Benjamin

Franklin, and George Washington, to name a few, are stories you will want to know and tell. These leaders knew how to push teams to succeed under the toughest conditions. These stories will come alive on the pages of this book to fuel your leadership fire and make you a better leader in any endeavor. Learn how they secured our liberty so you can transform today into a better tomorrow. "John Antal has captured seven timeless stories that will raise your leadership awareness and make you a better leader in peace or war, at home, at work or in your community."

The Dennis Saga-Eric R. Dennis 1984 The Dennis
saga covers an uncommonly wide field and deals
with various branches of the family as well as
individuals, some of whom - particularly in the
12th and 13th centuries - were people of
considerable standing in the feudal world ... Eric
Dennis is to be warmly commended for being the
first to try to pull together the various threads of
a widely-spread family, whose roots were
nourished in England's West Country, but whose
offshoots were to be found in Australia, India,
and China in the 19th century, and today in
Canada, America, and still growing strong in
Australia ...

R. Taaffe 2003 Engagingly recounts how this

often underestimated Revolutionary War

campaign became a critical turning point in the war that led to the ultimate victory of the Continental Army over the British forces.

The Connecticut Nutmegger- 1979

Ordered Anarchy-Professor Hardy Bouillon

2012-10-01 Anthony de Jasay's work has been

enormously influential, describing both a theoretical philosophical model for a stateless, liberal, free market order and offering analysis of and solutions to many of the technical economic problems associated with such a vision of society

- most notably his work on the free rider and his return. In this book ten significant scholars in philosophy and political economy, including Nobel laureate in economics James Buchanan, pay tribute to the man and his work in a series of essays at once both respectful and critical.

Ordered Anarchy focuses on three fundamental questions of libertarian thinking. Which are the basic libertarian principles and how do rights and liberties relate to each other? Is order possible and durable in an anarchic or quasi-anarchic society, and if so, under which preconditions? How and to what extent are the pillars of politics, such as the constitution, institutions and government, detrimental or beneficial to an enduring free society? While Narveson, Palmer and Bouillon focus on the first of these questions, the late Radnitzky and van Dun address the second. Benson, Holcombe and Kliemt provide answers to question number three, while Buchanan and Little highlight the role of Anthony de Jasay in this debate and the inspiration that his thinking has given to the authors of this volume.

Absolution-Charles J. Boyle 1999 Absolution is a true description of battle as Chuck Boyle saw it in Vietnam. He lays bare the raw emotions of the men who fought there, and his story serves as a vindication for their gallant sacrifice. It candidly contradicts the common and profane portrayal of the Vietnam veteran and liberates him from an unjustified stigma of shame. This true story is one of horror and love. It speaks to the vulgarity of war, and the nobility of the warrior.
