Dog Heroes of September 11th-Nona Kilgore Bauer 2011-08-09 Dog Heroes of September 11th

-- A Tribute to America's Search and Rescue Dogs, now in its Tenth Anniversary second edition, is the first and only major publication to salute the canines that served our nation in the recovery missions following the terrorists' strikes on America. In his foreword to this edition, former New York City mayor Rudolph Giuliani says, "No American could be unmoved by the stories and images of these dogs and their handlers....Their journeys, as told in these pages,

reinforce our resolve to persevere, rebuild and keep our nation safe and strong." A testament to man's best friend and his most critical role in American history, Dog Heroes of September 11th pays tribute to 79 canine heroes and their handlers, retelling their heart-stirring stories and photographically capturing many defining moments of the days that followed September 11, 2001. This oversized gift book features over 400 color photographs, many never seen except in this publication. Nona Kilgore Bauer, who has won multiple awards for her books on dogs, interviewed each of the handlers who participated in the recovery efforts at the World Trade Center, the Pentagon, Shanksville, Penn., and the Fresh Kills landfill, the site to which remains from the fallen towers were transported, and lovingly retells their stories of heroism and bravery. In its first edition (released in 2006), Dog Heroes of September 11th won numerous awards, including book of the year from the Dog Writers Association of America, Book-of-the-Month Club, and the Independent Book Publishers Association. The second edition,

expanded with over 100 new pages and over 150 new full-color photographs, presents chapters on military working dogs in Iraq and Afghanistan, the therapy dogs who worked at Ground Zero, the SDF's new National Training Center, and post-9/11 rescue missions at home and abroad. A special section, written by selected 9/11 handlers, pays tributes to their canine partners who passed away after their recovery missions. In addition to paying tribute to the dog-and-handler teams that were deployed after the attacks, this I-5 Press book supports the National Disaster Search Dog Foundation (SDF) in its mission to produce certified search and rescue teams to protect our whole nation. A portion of the proceeds of Dog Heroes of September 11th benefits the SDF.

Salute the Dark-Adrian Tchaikovsky 2010-02-05
Adrian Tchaikovsky's epic Shadows of the Apt continues with the fourth instalment in this bestselling fantasy series, Salute the Dark. All must face the end of days . . . The vampiric sorcerer Uctebri has at last got his hands on the Shadow Box and can finally begin his dark ritual - a ritual that the Wasp-kind Emperor believes will grant him immortality. But Uctebri has his own plans both for the Emperor and the Empire. The massed Wasp armies are on the march, and the spymaster Stenwold must see which of his allies will stand now that the war has finally arrived. This time the Empire will not stop until a black and gold flag waves over Stenwold's own home city of Collegium. Tisamon the Weaponsmaster is faced with a terrible choice: a path that could lead him to abandon his friends

and his daughter and to face degradation and loss. Yet it might bring him before the Wasp Emperor with a blade in his hand. But is he being driven by Mantis-kind honour, or manipulated by something more sinister?

A Salute to the American Spirit-Bryan Curtis 2002-09-19 "America is too great for small dreams." - Ronald Reagan It is the spirit, the resilience, and the guts of America and its people that has made the United States the nation it is today. This collection of more than 175 inspirational quotes by the presidents of the United States celebrating the spirit of America is a wonderful gift book for any occasion. "There is nothing wrong with America that cannot be cured by what is right with America." - Bill Clinton "Sometimes people call me an idealist. Well, that is the way I know I am an American. America, my fellow citizens - I do not say it in disparagement of any other great people - America is the only idealistic nation in the world." - Woodrow Wilson

Beloved Brands-Graham Robertson 2018-01-06
"Beloved Brands is a book every CMO or would-

be CMO should read." Al Ries With Beloved Brands, you will learn everything you need to know so you can build a brand that your consumers will love. You will learn how to think strategically, define your brand with a positioning statement and a brand idea, write a brand plan everyone can follow, inspire smart and creative marketing execution, and be able to analyze the performance of your brand through a deep-dive business review. Marketing pros and entrepreneurs, this book is for you. Whether you are a VP, CMO, director, brand manager or just starting your marketing career, I promise you will learn how to realize your full potential. You could be in brand management working for an organization or an owner-operator managing a branded business. Beloved Brands provides a toolbox intended to help you every day in your job. Keep it on your desk and refer to it whenever you need to write a brand plan, create a brand idea, develop a creative brief, make advertising decisions or lead a deep-dive business review. You can even pass on the tools to your team, so they can learn how to deliver the fundamentals

needed for your brands. This book is also an excellent resource for marketing professors, who can use it as an in-class textbook to develop future marketers. It will challenge communications agency professionals, who are looking to get better at managing brands, including those who work in advertising, public relations, in-store marketing, digital advertising or event marketing. "Most books on branding are really for the MARCOM crowd. They sound good, but you find it's all fluff when you try to take it from words to actions. THIS BOOK IS DIFFERENT! Graham does a wonderful job laying out the steps in clear language and goes beyond advertising and social media to show how branding relates to all aspects of GENERAL as well as marketing management. Make no mistake: there is a strong theoretical foundation for all he says...but he spares you the buzzwords. Next year my students will all be using this book." Kenneth B. (Ken) Wong, Queen's University If you are an entrepreneur who has a great product and wants to turn it into a brand, you can use this book as a playbook. These tips

will help you take full advantage of branding and marketing, and make your brand more powerful and more profitable. You will learn how to think, define, plan, execute and analyze, and I provide every tool you will ever need to run your brand. You will find models and examples for each of the four strategic thinking methods, looking at core strength, competitive, consumer and situational strategies. To define the brand, I will provide a tool for writing a brand positioning statement as well as a consumer profile and a consumer benefits ladder. I have created lists of potential functional and emotional benefits to kickstart your thinking on brand positioning. We explore the step-by-step process to come up with your brand idea and bring it all together with a tool for writing the ideal brand concept. For brand plans, I provide formats for a long-range brand strategy roadmap and the annual brand plan with definitions for each planning element. From there, I show how to build a brand execution plan that includes the creative brief, innovation process, and sales plan. I provide tools for how to create a brand calendar and specific project

plans. To grow your brand, I show how to make smart decisions on execution around creative advertising and media choices. When it comes time for the analytics, I provide all the tools you need to write a deep-dive business review, looking at the marketplace, consumer, channels, competitors and the brand. Write everything so that it is easy to follow and implement for your brand. My promise to help make you smarter so you can realize your full potential.

Veterans Voices-Robert H. Miller 2016 "National Geographic's deeply moving, timely celebration of veterans highlights the heroes in our midst. The book brings these brave men and women to life, with color portraits and poignant text. For military, history lovers, and veterans, Veterans Voices blends the beauty and impact and gorgeous photographic displays with inspiring storytelling. The authentic portraits cover seven decades but focus on 21st-century wars, with full-page portraits and accompanying text by award-winning photographer, Andrew Wakeford as well as accomplished photographer and author Robert Miller."

Invisibles-David Zweig 2014-06-12 An inspiring look at the hidden stars in every field who perform essential work without recognition In a culture where so many strive for praise and glory, what kind of person finds the greatest reward in anonymous work? Expanding from his acclaimed Atlantic article, "What Do Fact-Checkers and Anesthesiologists Have in Common?" David Zweig explores what we can all learn from a modest group he calls "Invisibles." Their careers require expertise, skill, and dedication, yet they receive little or no public credit. And that's just fine with them. Zweig met with a wide range of Invisibles to discover first hand what motivates them and how they define success and satisfaction. His fascinating subjects include: * a virtuoso cinematographer for major films. * the lead engineer on some of the world's tallest skyscrapers. * a high-end perfume maker. * an elite interpreter at the United Nations. Despite the diversity of their careers, Zweig found that all Invisibles embody the same core traits. And he shows why the rest of us might be more fulfilled if we followed their example. From

the Hardcover edition. A Grammy Salute to Music Legends-David Konjoyan 2017 (Book). Each year, The Recording Academy (the organization behind the Grammy Awards) honors a handful of musical giants through its Special Merit Awards, which include the Lifetime Achievement Award, Trustees Award, and Technical Grammy Award. And each year, artists and others in the music-making community are invited to write heartfelt tributes to the honorees. These tributes are published in the exclusive Grammy Awards program book distributed to the stars and VIPs in attendance at the Grammy Awards telecast. Sometimes the relationship is obvious (Quincy Jones honoring Michael Jackson), and sometimes the influence is more indirect (Queen's Brian May paying tribute to Doris Day or Patti Smith writing on Jefferson Airplane). This captivating book gathers nearly 20 years' worth of these sometimes touching, sometimes humorous, always inspiring essays. For music fans of all kinds, these essays offer a glimpse into how artists are personally affected by their musical heroes, and the debt of

gratitude, influence, and inspiration they owe each other.

Too Young the Heroes-George Lince 2015-05-07 Right after Pearl Harbor, the author joined the Marines at 17. After boot camp, he went to the First Marine Division, taking part in some of the bloodiest fighting in the Pacific, including the landing on Okinawa where he was wounded. Fighting under terrible conditions, he and his fellow Marines persevered. This is the author's story of combat and of growing up.

Who Are the Heroes-Caesar Rondina 2017-07-27

Who Are the Heroes by Caesar Rondina When you think of heroes, who comes to mind? What are the qualities that make someone a hero?

Author Caesar Rondina tackles these questions by drawing on his more than thirty-five years of working experience in the public health-care system. Rondina takes a look at those who serve in the military, emergency medical services, fire service, and law enforcement — people who deal with life-or-death situations — to demonstrate the qualities that make some people heroes. During this exploration, Rondina provides insight into the world we live in and how we choose to live in it. By the end, readers will learn more about themselves, their weaknesses and triumphs, and how to make better choices in life. The Heroes of the Indian Rebellion-David W. Bartlett 1859

The Heroes of World Cup 1966-Max Palme 2014-02 Football is today a significant part of every culture. It is a language without borders. Football can fulfill what people need when it comes to excitement. Today, football in general and the World Cup in particular are means to connect people together, regardless of their race, religion, job, social class, or nationality. In 1966, when the whole world had its eye on England for

the World Cup, I had not been born yet. However, it became my favorite World Cup as I grew older and turned into an enthusiastic football fan. World Cup 1966 was a tremendous event that united people across the globe at a time when the world was torn apart between the capitalist and Communist parties, a time when peace seemed like an unreachable dream, a time when your skin color decided your faith, and a time when Vietnam was losing her children to a never-ending war. World Cup 1966 offered the world a moment to breathe! It was the first time the tournament was broadcast on live television, providing millions of football fans the opportunity to forget about their problems for a little while. Four hundred million people worldwide witnessed the moment when England, the mother of modern football, was crowned the champion. It was the victory that still remains England's most celebrated victory in football. by retelling this story, I hope to bring back a part of these unforgettable memories.

Heroes of the Reich-Mike Walsh 2017-04-09 Churchill's war catapulted ordinary people into global fame. This multi-biography provides illustrated vignettes of those who freely gave their loyalty and their lives to the Führer's Reich. Heroes of the Reich offer a potpourri of normal Germans facing the combined onslaught by British, the Soviet and American Empires. It

salutes the bravery of those whose efforts remind us that war not only brings out the worst in us but the best also. Some vignettes are obviously colourful: U-Boat Commander Gunther Prien, the Aviator Hanna Reitsch, Luftwaffe ace pilot Baron von Werra, and SS-Sturmbannführer Otto Skorzeny. Less recognised the French Divisions who were the last defenders of Berlin, Spanish Waffen SS, rocket scientist Werner von Braun and classical musicians Herbert von Karajan and Elizabeth Schwarzkopf. We salute the true heroes of the Reich whose courage lives on to inspire all those caught up in war.

Back in the Fight-Joseph Kapacziewski 2013-05-07 An uplifting memoir by a disabled triathlete and the only Army Ranger serving in direct combat with a prosthetic limb describes the grenade attack that cost the author his leg, his resolve to return to service and the missions that earned him an Army Commendation for valor.

A Salute to Patriotism-Jean Peckham Kavale 2011-05 SECOND EDITION A descendant of Revolutionary War heroes, Howard Louis

Peckham's love for his country started early. After his dream of graduating from West Point came true, he served for twenty years in the U.S. Army Corps of Engineers. In 1942 he transferred to the Quartermaster Corps and went to Washington, where he headed the Fuels and Lubricants Division of the Quartermaster General's office. While serving concurrently as a member of the Army-Navy Petroleum Board, he testified before Congress about army petroleum needs. For his meritorious work of procuring fuels and allocating them to our armed forces worldwide, he was awarded a Distinguished Service Medal. In postwar Paris, Howard Peckham headed the American Graves Registration Command and returned more than 80,000 American war dead to the United States. Approximately 60,000 others were interred in ten permanent American cemeteries in Europe, graded and constructed under his command. After his return to the United States, he served in highly responsible positions until his army retirement in 1956. As a civilian, his patriotic service continued when he worked for the Free

Europe Committee and traveled abroad to meet with Western European diplomats. His goal was to get them more involved in the Committee's work. Nations behind the Iron Curtain peacefully freed from Communist domination, Howard Peckham believed, would ensure more security for the United States. Duty, country, and patriotism would continue to dominate his life to the end. (This book is the author's Second Edition of "A Salute to Patriotism.")

Level Zero Heroes-Michael Golembesky
2014-09-02 A New York Times Best seller! In Level Zero Heroes, Michael Golembesky follows the members of U.S. Marine Special Operations Team 8222 on their assignment to the remote and isolated Taliban stronghold known as Bala Murghab as they conduct special operations in an effort to break the Taliban's grip on the Valley. What started out as a routine mission changed when two 82nd Airborne Paratroopers tragically drowned in the Bala Murghab River while trying to retrieve vital supplies from an air

drop that had gone terribly wrong. In this one moment, the focus and purpose of the friendly forces at Forward Operating Base Todd, where Team 8222 was assigned, was forever altered as a massive clearing operation was initiated to break the Taliban's stranglehold on the valley and recover the bodies. From close-quarters firefights in Afghan villages to capturing key-terrain from the Taliban in the unforgiving Afghan winter, this intense and personal story depicts the brave actions and sacrifices of MSOT 8222. Readers will understand the hopelessness of being pinned down under a hail of enemy gunfire and the quake of the earth as a 2000 lb. guided bomb levels a fortified Taliban fighting position. A powerful and moving story of Marine Operators doing what they do best, Level Zero Heroes brings to life the mission of these selected few that fought side-by-side in Afghanistan, in a narrative as action-packed and emotional as anything to emerge from the Special Operations community contribution to the Afghan War.

The Heroes Return-Monica Tesler 2019-12-17

Jasper and Mira must escape the rift and deliver the Youli's message to Earth Force before it's too late in this action-packed fourth novel in what Shannon Messenger calls the "richly detailed, highly imaginative" Bounders series! After escaping the Youli's attack on Alkalinia, Jasper

and Mira find themselves trapped with the lost aeronauts in the rift, a rip in space where time moves differently. For every minute they spend in the rift, they are losing days back home. Just when Jasper fears they'll be stuck in limbo forever, the most unlikely ally shows up: the Youli. The Youli promise to rescue everyone in the rift, but their help comes at a price. First, Jasper must tell Earth Force that the Youli want peace. And second, Mira can't return with Jasper. She has to leave with the Youli. Back home, almost a year has passed. The Youli war is public, Bounders are in space full-time, and Jasper's pod

is divided. Cole and Lucy have been promoted. Marco and Addy are missing. Jasper delivers the Youli's message, but the admiral isn't interested in peace talks. Instead, she sends Jasper and the aeronauts on a publicity tour of Earth to build support for the war. At first, Jasper revels in the spotlight. But it soon becomes clear that if Jasper doesn't convince Earth Force to stop fighting—and soon—there won't be an Earth left to fight for, and he may never see Mira again.
