Valiant Dreamers-Jack Poole 2001-08-01 In the 17th and 18th centuries the great powers of the world were concentrating energy, wealth, and ingenuity on the expansion of their empires far beyond the historical examples of Rome, Greece and Egypt. The Empire of Russia, expanding her borders under Peter the Great and Catherine the Great, was pressing toward the development of a Russian North America in the reign of Tsar Alexander. His weapon, unlike the military conquests of Spain, Portugal, France and England, was trade and commerce like the Dutch. Along with the giants of the North, Pribylov, Bering, Golikov and Shelikhov, Count Nikolai Rezànov earned fame and fortune as an intrepid explorer of the 18th Century. This is his story, and the story of the valiant men and women who adopted his dream of an Empire stretching from St. Petersburg to San Francisco.

Valiant Volunteers-Terry L. Johnson 2005-11-03 When World War I began in August 1914, a number of young Americans volunteered for service with either the Foreign Legion or one of the ambulance services. A number of them entered French Aviation. An even smaller number formed Nieuport 124, a squadron of American pilots commanded by French officers, the famous Lafayette Escadrille. This is the beginning of their story... "Bottom line...this is a great book and I'd like to share it with the Air Force's top leadership." General T. Michael Moseley, Chief of Staff of the Air Force. July 24, 2006.

Only the Valiant-Barbara Keen 2003-04-02 The Savage family was destined to turn the pages of history and write their own heritage—this is their story. With faith in God and unwavering courage, they immigrated to America, crossing the untried frontiers in the early 1800's to forge a new life. Many hardships challenged their faith in the Almighty to sustain them. Breaching the doors of hardships, they aspired to bridge its chasms leaving the

outcome to the will of God. The people of this great era became the forefathers of a country untraveled, where men were free to dream and carry them out. The building of this grand nation was a siege for glory that eluded many, yet they persevered with a renewed hope to build a nation of their own liking and with their own hands. Coleen Palmer, a fire-haired beauty from Ireland, whose love for a gentle Irishman, Erick Savage, led her to willingly abandon her wealthy, affluent heritage, choosing rather to be a part of the future and struggles of a budding nation—where Only the Valiant prevailed.
