Lone Survivor-Marcus Luttrell 2007-06-12 The inspiration for a major motion picture by Mark Wahlberg: A Navy SEAL's firsthand account of American heroism during a secret military operation in Afghanistan. On a clear night in late June 2005, four U.S. Navy SEALs left their base in northern Afghanistan for the mountainous Pakistani border. Their mission was to capture or kill a notorious al Qaeda leader known to be ensconced in a Taliban stronghold surrounded by a small but heavily armed force. Less than twenty-four hours later, only one of those Navy SEALs remained alive. This is the story of fire team leader Marcus Luttrell, the sole survivor of Operation Redwing, and the desperate battle in the mountains that led, ultimately, to the largest loss of life in Navy SEAL history. But it is also, more than anything, the story of his teammates, who fought ferociously beside him until he was the last one left—blasted unconscious by a rocket grenade, blown over a cliff, but still armed and still breathing. Over the next four days, badly injured and presumed dead, Luttrell fought off six al Qaeda assassins who were sent to finish him, then crawled for seven miles through the mountains before he was taken in by a Pashtun tribe, who risked everything to protect him from the encircling Taliban killers. A six-foot-five-inch Texan, Leading Petty Officer Luttrell takes us, blow by blow, through the brutal training of America's warrior elite and the relentless rites of passage required by the Navy SEALs. He transports us to a monstrous battle fought in the desolate peaks of Afghanistan, where the beleaguered American team plummeted headlong a thousand feet down a mountain as they fought back through flying shale and rocks. In this rich, moving chronicle of courage, honor, and patriotism, Marcus Luttrell delivers one of the most powerful narratives ever written about modern warfare -- and a tribute to his teammates, who made the ultimate sacrifice for their country.

No Ordinary Dog-Will Chesney 2020-04-21 THE INSTANT NATIONAL BESTSELLER No Ordinary Dog is the powerful true story of a SEAL Team Operator and military dog handler, and the dog that saved his life. Two dozen Navy SEALs descended on Osama bin Laden's compound in May 2011. After the mission, only one name was made public: Cairo, a Belgian Malinois and military working dog. This is Cairo's story, and that of his handler, Will Chesney, a SEAL Team Operator whose life would be irrevocably tied to Cairo's. Starting in 2008, when Will was introduced to the SEAL canine program, he and Cairo worked side by side, depending on each other for survival on hundreds of critical operations in the war on terrorism. But their bond transcended their service. Then, in 2011, the call came: Pick up your dog and get back to Virginia. Now. What followed were several weeks of training for a secret mission. It soon became clear that this was no ordinary operation. Cairo was among the first members of the U.S. military on the ground in Pakistan as part of Operation Neptune Spear, which resulted in the successful elimination of bin Laden. As Cairo settled into a role as a reliable "spare dog," Will went back to his job as a DEVGRU operator, until a grenade blast in 2013 left him with a brain injury and PTSD. Unable to participate in further missions, he suffered from crippling migraines, chronic pain, memory issues, and depression. Modern medicine provided only modest relief. Instead, it was up to Cairo to save Will's life once more—and then up to Will to be there when Cairo needed him the most.

Alone at Dawn-Dan Schilling 2019-06-25 The New York Times bestselling true account of John Chapman, Medal of Honor recipient and Special Ops Combat Controller, and his heroic one-man stand during the Afghan War, as he sacrificed his life to save the lives of twenty-three comrades-in-arms. In the predawn hours of March 4, 2002, just below the 10,469-foot peak of a mountain in eastern Afghanistan, a fierce battle raged. Outnumbered by Al Qaeda fighters, Air Force Combat Controller John Chapman and a handful of Navy SEALs struggled to take the summit in a desperate bid to find a lost teammate. Chapman, leading the charge, was gravely wounded in the initial assault. Believing he was dead, his SEAL leader ordered a retreat. Chapman regained consciousness alone, with the enemy closing in on three sides. John Chapman's subsequent display of incredible valor -- first saving the lives of his SEAL teammates and then, knowing he was mortally wounded, single-handedly engaging two dozen hardened fighters to save the lives of an incoming rescue squad -- posthumously earned him the Medal of Honor. Chapman is the first airman in nearly fifty years to be given the distinction reserved for America's greatest heroes. Alone at Dawn is also a behind-the-scenes look at the Air Force Combat Controllers: the world's deadliest and most versatile special operations force, whose members must not only exceed the qualifications of Navy SEAL and Army Delta Force teams but also act with sharp decisiveness and deft precision -- even in the face of life-threatening danger. Drawing from firsthand accounts, classified documents, dramatic video footage, and extensive interviews with leaders and survivors of the operation, Alone at Dawn is the story of an extraordinary man's brave last stand and the brotherhood that forged him.

The Operator-Robert O'Neill 2017-04-25 This instant New York Times bestseller—"a jaw-dropping, fast-paced account" (New York Post) recounts SEAL Team Operator Robert O'Neill's incredible four-hundred-mission career, including the attempts to rescue "Lone Survivor" Marcus Luttrell and abducted-by-Somali-pirates Captain Richard Phillips, and which culminated in the death of the world's most wanted terrorist—Osama bin Laden. In The Operator, Robert O'Neill describes his idyllic childhood in Butte, Montana; his impulsive decision to join the SEALs; the arduous evaluation and training process; and the even tougher gauntlet he had to run to join the SEALs' most elite unit. After officially becoming a SEAL, O'Neill would spend more than a decade in the most intense counterterror effort in US history. For extended periods, not a night passed without him and his small team recording multiple enemy kills—and though he was lucky enough to survive, several of the SEALs he'd trained with and fought beside never made it home. "Impossible to put down...The Operator is unique, surprising, a kind of counternarrative, and certainly the other half of the story of one of the world's most famous military operations...In the larger sense, this book is about...how to be human while in the very same moment dealing with death, destruction, combat" (Doug Stanton, New York Times bestselling author). O'Neill describes the nonstop action of his deployments in Iraq and Afghanistan, evokes the black humor of years-long combat, brings to vivid life the lethal efficiency of the military's most selective units, and reveals details of the most celebrated terrorist takedown in history. This is "a riveting, unvarnished, and wholly unforgettable portrait of America's most storied commandos at war" (Joby Warrick).

Call Sign Extortion 17-Don Brown 2015-05-29 On August 6, 2011—three months after members of Navy SEAL Team Six killed Osama Bin Laden—Taliban forces took down a United States helicopter, call sign "Extortion 17." The attack killed the Air National guard crew, seven unidentified members of the Afghan military, and seventeen members of Navy SEAL Team Six—warrior brothers from the same Team had killed Osama Bin Laden just ninety days prior. Don Brown, a former U.S. Navy JAG officer stationed at the Pentagon and a former Special Assistant United States Attorney, re-creates the wartime action, tells the life stories of the elite warriors our nation lost on that day, and tears apart the official military explanation of the incident contained in the infamous Colt Report, which reveals either gross incompetence or a massive cover-up. Call Sign Extortion 17 focuses on a series of key factors pointing to a conspiracy, including the inexplicable disappearance of the black box, autopsy evidence arbitrarily destroyed, the failure to acknowledge reports of Taliban infiltration into the Afghan military, and the Taliban's vengeful campaign of targeting SEAL Team Six after U.S. government officials revealed that the elite fighting unit was responsible for killing Bin Laden. Were the seven Afghani soldiers aboard that helicopter really undercover Taliban who either maneuvered the chopper within easy range of being shot down or blew it up from within? Through a serious examination of the evidence, and the lack thereof, Brown tackles the issues of the case as only an experienced military prosecutor can.

The Knock at the Door-Ryan Manion 2019-11-05 Three Gold Star women, linked forever by unimaginable loss, share their inspiring, unlikely journey that began on the worst day of their lives. What happens when tragedy knocks on your front door? For us, it was a literal knock, with two men standing in crisply pressed uniforms. They had news. News that gutted us to the core -- the death of our loved ones, a brother and two husbands -- in combat zones. The thing about those moments is that it's almost inconceivable that they can happen to you. That is, until they do. This book is for anyone who has ever received a knock at the door. And if you live long enough and have the courage to love others, you will. Maybe it's a cancer diagnosis. Maybe it's the death of your best friend. The betrayal of a spouse. The loss of a child. The implosion of a professional career. Or any tragedy that takes the person we love the most away from us too soon. Life is not without its challenges. The key is how you respond.This is our story. The story of three women, bonded by grief and purpose. Grief because we lost our best friends in war. Purpose because we resolved -- together -- to do something about it. To turn loss into inspiration for others and to channel the love that we had for the men in our lives into love for others through service. It was the only way we could escape the trap of despair and inaction, and we believe it offers a roadmap for anyone else who has ever had to answer a knock at the door.

The Heart and the Fist-Eric Greitens 2011-04-11 THE HEART AND THE FIST shares one man's story of extraordinary leadership and service as both a humanitarian and a warrior. In a life lived at the raw edges of the human experience, Greitens has seen what can be accomplished when compassion and courage come together in meaningful service. As a Rhodes Scholar and Navy SEAL, Greitens worked alongside volunteers who taught art to street children in Bolivia and led US Marines who hunted terrorists in Iraq. He's learned from nuns who fed the destitute in one of Mother Teresa's homes for the dying in India, from aid workers who healed orphaned children in Rwanda, and from Navy SEALs who fought in Afghanistan. He excelled at the hardest military training in the world, and today he works with severely wounded and disabled veterans who are rebuilding their lives as community leaders at home. Greitens offers each of us a new way of thinking about living a meaningful life. We learn that to win any war, even those we wage against ourselves; to create and obtain lasting peace; to save a life; and even, simply to live with purpose requires us—every one of us—to be both good and strong.

Even though the building is located in small town Chance Creek, Montana, Sunshine is certain it's only a matter of time before she's back to take the big city by storm. The indoor rifle range he inherited from his father barely pays its rent, but it's all that's keeping his other concerns—two apartment houses—afloat. He thought Cecily meant to leave him the range building in her will. Instead she's set

him up in a four-month-long competition with her big-city niece to see who will win the place. A niece whose knockout looks are making it damn hard for him to concentrate on the job at hand. Sunshine can't believe she'll have to open a vegan restaurant in a rifle-range waiting room, and she can't believe she'll have to share her apartment with Cole, either. Cole can't believe his friends are falling over themselves to help Sunshine succeed—and get a date with her. Now the competition is getting hot, but the sparks flying between them are even hotter.
