Shadows of Empire in West Africa-John Kwadwo Osei-Tutu 2017-09-06 These essays reexamine European forts in West Africa as hubs where different peoples interacted, negotiated and transformed each other socially, politically, culturally, and economically. This collection brings together scholars of history, archaeology, cultural studies, and others to present a nuanced image of fortifications, showing that over time the functions and impacts of the buildings changed as the motives, missions, allegiances, and power dynamics in the region also changed. Focusing on the fortifications of Ghana, the authors discuss how these structures may be interpreted as connecting Ghanaian and West African histories to a multitude of global histories. They also enable greater understanding of the fortifications' contemporary use as heritage sites, where the Afro-European experience is narrated through guided tours and museums.

Gardening in the Shade in South Africa-Allan Haschick 2021-01-01 Most gardens have shady spots, but some gardens have a real shade 'problem'. Whether it is caused by large or overhanging trees, tall buildings, or just being on the 'wrong side of the street', finding the best plants for a shady area can be challenging, particularly if the rest of your garden basks in sunshine all year round. Shade plants are not necessarily tropical, although many tropical plants thrive in shade. Some delicate leafy plants will scorch and burn in hot sun, some plants like shady conditions but not damp soil, while others grow happily in damp, boggy ground that receives minimum sunlight. Gardening in the Shade examines the different types of shade and the effect it has on plant growth. It presents solutions to common problems such as feeding, watering and mulching shade plants, and how to deal with exacerbating factors such as wind, frost and soil type. Popular shade plants, like clivias, bromeliads, fuchsias and ferns are given special features, and a directory of species lists plants under headings like ground covers, tropical-looking perennials, and succulents.

In the Shadow of the Cold War-Timothy J. Lynch 2019-12-05 This book offers a bold re-interpretation of the prevailing narrative that US foreign policy after the Cold War was a failure. In chapters that retell and re-argue the key episodes of the post-Cold War years, Lynch argues that the Cold War cast a shadow on the presidents that came after it and that success came more from adapting to that shadow than in attempts to escape it. When strategic lessons of the Cold War were applied, presidents fared better; when they were forgotten, they fared worse. This book tells the story not of a revolution in American foreign policy but of its essentially continuous character from one era to the next. While there were many setbacks between the fall of Soviet communism and the opening years of the Trump administration, from Rwanda to 9/11 and Iraq to Syria, Lynch demonstrates that the US remained the world's dominant power.

In the Shadows of the Kremlin and the White House-Charles Quist-Adade 2001 In the Shadows of the Kremlin and the White House provides the first comparative study of the Soviet / Russian and Western press coverage of Africa. It analyzes Africa's image in the ex-Soviet and Western press by comparing news coverage of Africa in general under the two press systems. For this purpose, three Soviet publications -Pravda, Izvestia, Novoe Vremya and three Western print media - the Daily Telegraph (Britain), New York Times, and Newsweek were content-analyzed for a 16 year period (1982-1998).

The Negro from Africa to America-Willis Duke Weatherford 1924

Illustrated Encyclopaedia of Gardening in South Africa-Reader's Digest Association 1984

South African Mining & Engineering Journal- 1916

Human Rights and African Airwaves-Harri Englund 2011 Details local discourse in the global discussion of human rights

Faith and Law-Robert F. Cochran 2008 What does it mean to be a Jewish woman today? To an Orthodox woman, it means living a religious way of life in which serving God totally defines her self-perception and her role as wife and mother. For the secular woman, it means having a sense of belonging, although not necessarily to a specific Jewish community. Most contemporary Jewish women fall somewhere in between, but at the core of all of their identities is a complex interweaving of religious and ethnic elements, a shared history, and a collective memory of periods of prejudice, persecution, wandering, and resettlement. Focusing on Jewish women in the United States and Britain, Adrienne Baker examines such issues as women's role in religious law, the spectrum of synagogue observance, the mother's role as conveyor of tradition, conversion and inter-faith marriages, and sexuality. In particular, the book examines the impact of feminism on Jewish women and their culture, uncovering the counterinfluences of tradition and new freedoms on women's lives.

Gardening in East Africa-Arthur John Jex-Blake 1957

Braby's Commercial Directory of Southern Africa- 1996

Beautiful Gardens of South Africa-Nancy Gardiner 1991

Kenya Shadow Justice-African Rights (Organization) 1996 No justice, no peace

Encyclopedia of African-American Culture and History-Colin A. Palmer 2006 Contains primary source material.

Cycads of South Africa-Cynthia Giddy 1974

Urban Planning and the African-American Community-June Manning

Thomas 1997 Clarifying the historical connections between the African-American population in the United States and the urban planning profession, this book suggests means by which cooperation and justice may be increased. Chapters examine: the racial origins of zoning in US cities; how Eurocentric family models have shaped planning processes of cities such as Los Angeles; and diversifying planning education in order to advance the profession. There is also a chapter of excerpts from court cases and government reports that have shaped or reflected the racial aspects of urban planning.

East Africa and Rhodesia- 1963-03

White Traveller in Black Africa-Colin Wills 1951

The South African Survey Journal-W. Whittingdale 1936

Transactions - The South African Institute of Electrical Engineers-South African Institute of Electrical Engineers 1956

Who's who in Canada-Charles Whately Parker 1924

Asia & Africa Review- 1967
