Simple Daylight-John Harbison 1995 (Vocal Solo). Cycle of 6 songs. Simple Daylight was commissioned by Lincoln Center and dedicated to its first singer, Dawn Upshaw. The music is set to poems in Michael Fried's To the Center of the Earth , creating a song cycle that requires a motet-like partnership between singer and pianist. Recorded on Elektra Nonesuch. Home Before Daylight-Steve Parish 2004-10-01 The untold story of life on the road with the Grateful Dead, written by an insider who lived it from the early days to today. Steve Parish was never one to walk the straight-and-narrow, even during his childhood growing up in Flushing Meadow, Queens. Busted as a teenager for selling acid in the summer of 1968, Parish landed in Riker's Island. The experience changed him and after getting out he did his best to stay out of trouble, securing a job moving music equipment at the New York State Pavilion. The first show he worked was a Grateful Dead concert in July of 1969 and Parish was captivated by the music. A life seemingly headed nowhere had suddenly found its calling as he fell in quickly with a band of likeminded misfits who formed the nucleus of what would be the greatest road crew in rock 'n' roll history. Parish traveled to California where his apprenticeship began. Working for the band for free and learning his craft, Parish got to know Jerry, Bobby, Phil, Billy and Mickey and through the years their relationships forged an unbreakable bond. He became very close with Garcia in particular, acting as his personal roadie and later manager for his solo performances and Garcia Band shows. He was there during times of trouble (like when a pimp held Garcia hostage at gunpoint in a New York hotel room), spending hours by his bedside when Garcia was in a coma in 1986, and performing the duties of best man at his wedding. He was also the last friend to see Garcia alive. Throughout the Dead's historic run, there were parties of biblical proportion and celebrity run-ins with everybody from Bob Dylan to Frank Sinatra--but there was a dark side to life on the road and tragedy didn't just strike the musicians. But Home Before Daylight is a story of friendship, of music and redemption. It is a piece of music history, one that reflects the American spirit of adventure and brotherhood. Seen through Steve Parish's eyes and experiences, The Grateful Dead's wild ride has never been so revealing.

Sleepwalking in Daylight-Elizabeth Flock 2009-03-01 Once defined by her career and independence, stay-at-home mom Samantha Friedman finds that her days have been reduced to errands, car pools and suburban gossip. What was an easy decision for Sam years ago has become a nagging awareness that this life was her choice. Now she deals with a husband who shows up for dinner but is too preoccupied for conversation, and a daughter swathed in black clothing and Goth makeup who won't talk at all. Believing she's an adopted mistake, seventeen-year-old Cammy has fallen into sex and drugs and pours herself into a journal filled with poetry and pain. On parallel paths, mother and daughter indulge in desperate, furtive escapism—for Sam, a heady affair with her supposed soul mate, fueled by

clandestine coffee dates and the desire to feel something; for Cammy, a secretive search for her birth mother punctuated by pills, pot and the need to feel absolutely nothing.

Burning Daylight-Jack London 2015-01-06 To read any of London's work is to be in the presence of his own biography; few authors have drawn so freely upon their own experiences for literary material. All his characters, including Burning Daylight, are Jack London in masquerade or Jack London as he dreamed of himself. "Burning Daylight" might be called "Miscellaneous Adventures in the Life of a Superman" - his way of celebrating his birthday, his record trip with the Yukon Mail, his fight with starvation, his discovery of Klondike gold, his adventure with the stock market, his sensational hold up of the New York brokers etc. All of London's leading characters are of this type supermen, superwomen, dreams of their creator, half real, half mythical. All of them are blonds even to the golden degree. They have blue or gray eyes and bodies that are perfect. His men have muscles that creep and knot like living things and skins like silk. Burning Daylight has that super-strength "that is the dower of but one human in millions". (Fred Lewis Pattee)

Reverberating Song in Shakespeare and Milton-Asst Prof Erin Minear

2013-05-28 In this study, Erin Minear explores the fascination of Shakespeare and Milton with the ability of music—heard, imagined, or remembered—to infiltrate language. Such infected language reproduces not so much the formal or sonic properties of music as its effects. Shakespeare's and Milton's understanding of these effects was determined, she argues, by history and culture as well as individual sensibility. They portray music as uncanny and divine, expressive and opaque, promoting associative rather than logical thought processes and unearthing unexpected memories. The title reflects the multiple and overlapping meanings of reverberation in the study: the lingering and infectious nature of musical sound; the questionable status of audible, earthly music as an echo of celestial harmonies; and one writer's allusions to another. Minear argues that many of the qualities that seem to us characteristically 'Shakespearean' stem from Shakespeare's engagement with how music works—and that Milton was deeply influenced by this aspect of Shakespearean poetics. Analyzing Milton's account of Shakespeare's 'warbled notes,' she demonstrates that he saw Shakespeare as a peculiarly musical poet, deeply and obscurely moving his audience with language that has ceased to mean, but nonetheless lingers hauntingly in the mind. Obsessed with the relationship between words and music for reasons of his own, including his father's profession as a composer, Milton would adopt, adapt, and finally reject Shakespeare's form of musical poetics in his own quest to 'join the angel choir.' Offering a new way of looking at the work of two major authors, this study engages and challenges scholars of Shakespeare, Milton, and early modern culture. Burning Daylight-Jack London 1915

A Study in Epic Development-Irene Tanner Myers 1901

Silence and the Word-Oliver Davies 2002-08-15 Negative theology or apophasis - the idea that God is best identified in terms of 'absence', 'otherness', 'difference' - has been influential in modern Christian thought, resonating as it does with secular notions of negation developed in continental philosophy. Apophasis also has a strong intellectual history dating back to the early Church Fathers. Silence and the Word both studies the history of apophasis and examines its relationship with contemporary secular philosophy. Leading Christian thinkers explore in their own way the extent to which the concept of the apophatic illumines some of the deepest doctrinal structures of Christian faith, and of Christian self-understanding both in terms of its historical and contemporary situatedness, showing how a dimension of negativity has characterised not only traditional mysticism but most forms of Christian thought over the years.

Burning Daylight-Jack London 2019-04-15 In Jack London's lifetime, Burning Daylight was one of his best-selling books, yet it has been largely out of print for decades. Now the novel is being brought back for a new generation of readers to discover. The story features one of London's most engaging larger-than-life protagonists, Elam Harnish, a prospector with John Henry-like strength and a thirst for gold-plated wealth. Harnish, the "Burning Daylight" of the title, eventually strikes it rich through his talent in the mines—and at the poker table. But he ultimately makes the biggest gamble of his life when he decides to trade it all for the golden-haired love

of his life. While the novel moves from Alaska to the Sonoma Valley and later into the wilds of Wall Street, it's the vivid descriptions of the Gold Rush-era Klondike that shine. London takes readers on journeys deep into mines and across the frozen North via sled dog. He captures the competitive spirit of the time and the endless hope that the big score is just one dig away. London weaves in progressive views on sustainability and land use, and also timeless lessons about the real riches in life. This new edition presents London's text in full and features a new afterword from University of Alaska Fairbanks professor Eric Heyne. Heyne situates the novel within London's life and writings and looks at some of the sources that may have inspired him. The re-emergence of Burning Daylight will allow London's fans to fill in an important spot on their bookshelf and rediscover a long-lost work.

Your Own Song to Sing (Volume 2)-Saverio 2011-04-01 Writing has taken over my life.. in a good way. My thoughts continually are geared towards my next song. Sometimes I get a few lines in my head when I am driving and I have to pull over the car and write them down! No matter where I am, I get the urge to write. I could be talking to a neighbor, or be in the middle of mass at church and a word or phrase will pop into my head and whoa! -a new song is born! More than anything I love, love, love, the peace of mind songwriting allows me to have. Most of my lyrics take me 15 to 30 minutes to write. There was a time when I was writing 6-8 lyrics in a day. Sometimes I would sit there and stare at my pencil asking why did you stop? I swear at times the pencil kept moving like I wasn't even thinking of what to write.

This is my first edition. I hope to continue with future editions as I am still writing new songs everyday. Someday I hope to put my lyrics to my own music and I recently started taking piano lessons. Hey, we all know life is a learning process; a learning curve, we need to experience the turns with the ride! I wish you all success with this book and look forward to seeing some of you with me when it comes to award times!
