Confronting Desire-Ilan Kapoor 2020-09-15

By applying psychoanalytic perspectives to key themes, concepts, and practices underlying the development enterprise, *Confronting Desire* offers a new way of analyzing the problems, challenges, and potentialities of international development. Ilan Kapoor makes a compelling case for examining development's unconscious desires, and in the process inaugurates a new field of study: psychoanalytic development studies. Drawing from the work of Jacques Lacan and Slavoj Žižek, as well as from psychoanalytic postcolonial and feminist scholarship, Kapoor analyzes how development's unconscious desires "speak out," most often in excessive and unpredictable ways that contradict the outwardly rational declarations of its practitioners. He investigates

development's many irrationalities—from obsessions about growth and poverty to the perverse seductions of racism and over-consumption. By deploying key psychoanalytic concepts—enjoyment, fantasy, antagonism, fetishism, envy, drive, perversion, and hysteria—*Confronting Desire* critically analyzes important issues in development—growth, poverty, inequality, participation, consumption, corruption, gender, "race," LGBTQ politics, universality, and revolution. *Confronting Desire* offers prescriptions for applying psychoanalysis to development theory and practice and demonstrates how psychoanalysis can provide fertile ground for radical politics and the transformation of international development.

Sins of Sevin-Penelope Ward 2015-09-19 From the New York Times bestselling author of Stepbrother Dearest, comes a new forbidden STANDALONE romance. What happens when the one

you want is the only one you can't have? It was set in stone. Elle and I were getting married. After years of rebelling against everything good and wholesome, I finally gave in and took up with a nice girl. After a long-distance relationship, I moved into her family's guesthouse so we could spend time together in the months before the wedding. Elle was unlike anyone I'd ever been with. She was so innocent, and I had to respect her choice to wait until after we were married to have sex. I'd accepted that as my fate—even learned to control my desires. Until I met her...the one. That was when restraint became a problem...especially since "the one" wasn't Elle. It was her sister, Evangeline. And I was screwed. Told in alternating points of view, *Sins of Sevin* is a full-length standalone novel. *The Shi King, the Old "Poetry Classic"* of the Chinese-William Jennings 1891 *Primal Bonds*-Jennifer Ashley 2011-03-01 Collared and controlled, Shifters are outcast from humanity. But waiting within are passions that no collar can contain in

this novel in the New York Times bestselling Shifters Unbound series. When a female Shifter comes to town seeking refuge, feline Shifter Sean Morrissey claims the new arrival, expecting a submissive little she-wolf. Instead, he finds a beautiful woman who looks him straight in the eye without fear, stirring the mating frenzy within him. As a half-Fae, half-Shifter, Andrea Gray is used to looking out for herself. But in order to relocate to a new Shifertown and escape an unwanted mate claim, Andrea must accept a new mate. A Guardian seems as good a candidate as any, but Andrea's intense attraction to Sean is something she never expected—and a perilous complication for a woman with a troubled past. Need-K. I. Lynn 2015-03-03 *Tai-Pan*-James Clavell 2018-09-18 "There can only be one Tai-Pan." Dirk Struan rose from humble beginnings to build Struan & Company, also known as the Noble House, into the world's largest Far East trading company. He is now the Tai-Pan—Supreme Leader—of all Tai-Pans in China. Along the

way, however, he made a powerful enemy. Tyler Brock, Struan's rival from their early opium-smuggling days, also heads a large trading fleet, second in size only to Struan's. But it is not only silks and spices that drive their mutual companies' wealth—the opium trade is still booming. War between England and China might be over, but the hostilities remain. Struan and Brock come to control much of England's trade with China yet neither can control their desires or their hatred of each other. Over the years, their two families will cross paths, threatening to rip both apart, with reverberations that will echo across the generations. Struan must fight to save his company and his family, or risk seeing everything he has created destroyed at the hands of his sworn enemy. Ambition, political intrigue, and love and lust weave their way throughout the novel the New York Times called, "grand entertainment...packed with action...with blood and sin, treachery and conspiracy, sex and murder." East and West come together in an opulent

and intricately plotted narrative. A tour-de-force of historical fiction, rich in detail yet eminently readable, *Tai-Pan* will stay with you long after the final page.

On Moving-Louise DeSalvo 2009-07-01 When acclaimed memoirist and scholar Louise DeSalvo sold the house she and her husband had raised their children in and moved to a beautiful new home in Montclair, New Jersey, she was shocked to discover a rash of unexpected emotions interfering with her plans. Suddenly the old, cramped house was paradise, and the new house a barren building with none of the comforts or familiarity of "home." Faced with a sudden disillusionment over her dream house, DeSalvo turned, as she always has, to her favorite writers. What she found was a treasure-trove of material, most of which has seldom been written about before, chronicling the tumultuous and inspiring moves of some of our most beloved literary figures. Percy Shelley, destitute and restless, moved his tired family from one home to another, only to settle in what he came to

believe was a haunted house on the Gulf of Spezia, in which he soon drowned. Virginia Woolf, on her hunt for the perfect room of her own, was a real estate hound, and spent years trying to get back to her home in London after a nervous breakdown forced her to relocate to the country. More recently, Mark Doty found selling the house he and his dying lover spent decades renovating surprisingly freeing as the couple found a new home in which to say goodbye. DeSalvo mines the hopes, disappointments, memories, and fears that come with that simple yet fundamental part of everyone's lives ... moving. His Prairie Princess-Kit Morgan 2014 A Sweet, Western Romance Novella. His Prairie Princess (Prairie Brides, Book One) is the first in a new series about the town of Clear Creek, Oregon. One of the wackiest little towns in the old west! Enjoy this introduction to the townspeople of Clear Creek and come sit a spell! This is the second edition of His Prairie Princess. When Sadie Jones, the daughter of cattle baron Horatio Jones, set out

on her own in search of her dying birth mother, she got more than she bargained for. She never dreamed the stage would be robbed and she herself taken along with the rest of the loot! After all, being kidnapped was the last thing on her mind that morning. Unfortunately it was the foremost thing that afternoon. Harrison Cooke, raised by his English mother to be the perfect gentleman, simply went to get the mail, not rescue a damsel in distress! But here he was, attempting to rescue the most beautiful woman he had ever seen, and of course, not get them both killed in the process. But both Harrison and Sadie have a goal. She's trying to rescue her mother. He's trying to save his brothers. That's a lot of rescuing going on. And in the midst of it all, can they rescue each other's hearts? The Cement Garden-Ian McEwan 2011-02-08 Orphaned siblings create a macabre secret world for themselves in this "irresistibly readable" novel by the New York Times bestselling author (The New York Review of Books). This "powerful and

disconcerting” novel by the Booker Prize-winning author of *The Children Act* and *Atonement* (The Daily Telegraph) tells the story of a dying family who live in a dying part of the city. A father of four children decides, in an effort to make his garden easier to control, to pave it over. In the process, he has a heart attack and dies, leaving the cement garden unfinished and the children to the care of their mother. Soon after, the mother too dies and the children, fearful of being separated by social services, decide to cover up their parents’ deaths: they bury their mother in the cement garden. The story is told from the point of view of Jack, one of the sons, who is entering adolescence with all of its attendant curiosity and appetites. Julie, the eldest, is almost a grown woman. Sue is rather bookish and observes all that goes on around her. And Tom is the youngest and the baby of the lot. The children seem to manage in this perverse setting rather well—until Julie brings home a boyfriend who threatens their secret by asking too many questions. “[A] beautiful

but disturbing novel.”—The AV Club “McEwan’s evocative detail and perfect British prose lend a genteel decorum to the death and decay that surround the family.”—The New Yorker
