A Stolen Life-Jaycee Dugard 2011-07-12 In the summer of 1991 I was a normal kid. I did normal things. I had friends and a mother who loved me. I was just like you. Until the day my life was stolen. For eighteen years I was a prisoner. I was an object for someone to use and abuse. For eighteen years I was not allowed to speak my own name. I became a mother and was forced to be a sister. For eighteen years I survived an impossible situation. On August 26, 2009, I took my name back. My name is Jaycee Lee Dugard. I don't think of myself as a victim. I survived. A Stolen Life is my story—in my own words, in my own way, exactly as I remember it. --- The pine cone is a symbol that represents the seed of a new beginning for me. To help facilitate new beginnings, with the support of animal-assisted therapy, the J A Y C Foundation provides support and services for the timely treatment of families recovering from abduction and the aftermath of traumatic experiences—families like my own who need to learn how to heal. In addition, the J A Y C Foundation hopes to facilitate awareness in schools about the important need to care for one another. Our motto is "Just Ask Yourself to . . . Care!" A portion of my proceeds from this memoir will be donated to The J A Y C Foundation Inc. www.thejaycfoundation.org A Stolen Life-Jaycee Dugard 2011-07-12 A raw and powerful memoir of Jaycee Lee Dugard's own story of being kidnapped as an 11-year-old and held captive for over 18 years On 10 June 1991, eleven-year-old Jaycee Dugard was abducted from a school bus stop within sight of her home in Tahoe, California. It was the last her family and friends saw of her for over eighteen years. On 26 August 2009, Dugard, her daughters, and Phillip Craig Garrido appeared in the office of her kidnapper's parole officer in California. Their unusual behaviour sparked an investigation that led to the positive identification of Jaycee Lee Dugard, living in a tent behind Garrido's home. During her time in captivity, at the age of fourteen and seventeen, she gave birth to two daughters, both fathered by Garrido. Dugard's memoir is written by the 30-year-old herself and covers the period from the time of her abduction in 1991 up until the present. In her stark, utterly honest and unflinching narrative, Jaycee opens up about what she experienced, including how she feels now, a year after being found. Garrido and his wife Nancy have since pleaded guilty to their crimes. A Stolen Life-Jaycee Dugard 2011-07-12 The woman abducted at age 11 by a man and woman who subsequently held her hostage and sexually abused her for 18 years discusses her life.

Freedom-Jaycee Dugard 2017-07-11 In the follow-up to her #1 bestselling memoir, A Stolen Life, Jaycee Dugard tells the story of her first experiences after years in captivity: the joys that accompanied her newfound freedom and the challenges of adjusting to life on her own. When Jaycee Dugard was eleven years old, she was abducted from a school bus stop within sight of her home in South Lake Tahoe, California. She was missing for more than eighteen years, held captive by Philip and Nancy Garrido, and gave birth to two daughters during her imprisonment. In A Stolen Life Jaycee told the story of her life from her abduction in 1991 through her reappearance in 2009. Freedom: My Book of Firsts is about everything that happened next. "How do you rebuild a life?" Jaycee asks. In these pages, she describes the life she never thought she would live to see: from her first sight of her mother to her first time meeting her grownup sister, her first trip to the dentist to her daughters' first day of school, her first taste of champagne to her first hangover, her first time behind the wheel to her first speeding ticket, and her first dance at a friend's wedding to her first thoughts about the possibility of a future relationship. This raw and inspiring book will remind you that there is, as Jaycee writes, "life after something tragic happens...Somehow, I still believe that we each hold the key to our own happiness and you have to grab it where you can in whatever form it might take." Freedom is an awe-inspiring memoir about the power we all hold within ourselves.

Stolen Life-Rudy Wiebe 2012-07-31 "Written with primal intensity, touched with redeeming compassion, Rudy Wiebe--has explored our history, our roots and the secrets of our hearts with moral seriousness and great feeling." - Governor General's Award for Fiction Citation, 1994 A powerful, major work of non-fiction, beautifully written, with the impact of Mikal Gilmore's Shot in the Heart, from the twice winner of the Governor General's Award for Fiction and the great-great-granddaughter of Big Bear. This is a story about justice, and terrible injustices, a story about a murder, and a courtroom drama as compelling as any thriller as it unravels the events that put Yvonne Johnson behind bars for life, first in Kingston's Federal Prison for Women until the riot that closed it, and presently in the Okimaw Ochi Healing Lodge in the Cypress Hills. But above all it is the unforgettable true story of the life of a Native woman who has decided to speak out and break the silence, written with the redeeming compassion that marks all Rudy Wiebe's writing, and informed throughout by Yvonne Johnson's own intelligence and poetic eloquence. Characters and events spring to life with the vividness of fiction. The story is told sometimes in the first person by Rudy Wiebe, sometimes by Yvonne herself. He tracks down the details of Yvonne's early life in Butte, Montana, as a child with a double-cleft palate, unable to speak until the kindness of one man provided the necessary operations; the murder of her beloved brother while in police custody; her life of sexual abuse at the hands of another brother, grandfather and others; her escape to Canada - to Winnipeg and Wetaskiwin; the traumas of her life that led to alcoholism, and her slow descent into hell despite the love she found with her husband and three children. He reveals how she participated, with three others, in the murder of the man she believed to be a child abuser; he unravels the police story, taking us step by step, with jail-taped transcripts, through the police attempts to set one member of the group against the others in their search for a conviction - and the courtroom drama that followed. And Yvonne openly examines her life and, through her grandmother, comes to understand the legacy she has inherited from her ancestor Big Bear; having been led through pain to wisdom, she brings us with her to the point where she finds spiritual strength in passing on the lessons and understandings of her life. How the great-great-granddaughter of Big Bear reached out to the author of The Temptations of Big Bear to help her tell her story is itself an extraordinary tale. The co-authoring between one of Canada's foremost writers and the only Native woman in Canada serving life imprisonment for murder has produced a deeply moving, raw and honest book that speaks to all of us, and gives us new insight into the society we live in, while offering a deeply moving affirmation of spiritual healing. From the Hardcover edition.

Stolen-Richard Bell 2020-12-01 This "superbly researched and engaging" (The Wall Street Journal) true story about five boys who were kidnapped in the North and smuggled into slavery in the Deep South—and their daring attempt to escape and bring their captors to justice belongs "alongside the work of Harriet Beecher Stowe, Edward P. Jones, and Toni Morrison" (Jane Kamensky, Professor of American History at Harvard University). Philadelphia, 1825: five young, free black boys fall into the clutches of the most fearsome gang of kidnappers and slavers in the United States. Lured onto a small ship with the promise of food and pay, they are instead met with blindfolds, ropes, and knives. Over four long months, their kidnappers drive them overland into the Cotton Kingdom to be sold as slaves. Determined to resist, the boys form a tight brotherhood as they struggle to free themselves and find their way home. Their ordeal—an odyssey that takes them from the Philadelphia waterfront to the marshes of Mississippi and then onward still—shines a glaring spotlight on the Reverse Underground Railroad, a black market network of human traffickers and slave traders who stole away thousands of legally free African Americans from their families in order to fuel slavery's rapid expansion in the decades before the Civil War. "Rigorously researched, heartfelt, and dramatically concise, Bell's investigation illuminates the role slavery played in the systemic inequalities that still confront Black Americans" (Booklist).

Finding Me-Michelle Knight 2014-05-06 The #1 New York Times Bestseller and inspirational memoir by Michelle Knight, whose survival story gripped the world and continues to inspire and offer hope. Their escape on May 6, 2013, made headlines around the world. Barely out of her own tumultuous childhood, Michelle was estranged from her family and fighting for custody of her young son when she disappeared. Castro tormented her with these facts, reminding her that no one was looking for her, that the outside world had forgotten her. But Michelle would not be broken. In Finding Me, Michelle will reveal the heartbreaking details of her story, including the thoughts and prayers that helped her find courage to endure her unimaginable circumstances and now build a life worth living. By sharing both her past and her efforts to create a future, Michelle becomes a voice for the voiceless and a powerful symbol of hope for the thousands of children and young adults who go missing every year.

Stolen Life-Fred Moten 2018-07-26 "Taken as a trilogy, consent not to be a single being is a monumental accomplishment: a brilliant theoretical intervention that might be best described as a powerful case for blackness as a category of analysis."—Brent Hayes Edwards, author of Epistrophies: Jazz and the Literary Imagination In

Stolen Life—the second volume in his landmark trilogy consent not to be a single being—Fred Moten undertakes an expansive exploration of blackness as it relates to black life and the collective refusal of social death. The essays resist categorization, moving from Moten’s opening meditation on Kant, Olaudah Equiano, and the conditions of black thought through discussions of academic freedom, writing and pedagogy, non-neurotypicality, and uncritical notions of freedom. Moten also models black study as a form of social life through an engagement with Fanon, Hartman, and Spillers and plumbs the distinction between blackness and black people in readings of Du Bois and Nahum Chandler. The force and creativity of Moten’s criticism resonate throughout, reminding us not only of his importance as a thinker, but of the continued necessity of interrogating blackness as a form of sociality.

The Less People Know About Us-Axton Betz-Hamilton 2019-10-15 In a powerful memoir, identity theft expert Axton Betz-Hamilton tells the shocking and unsettling story of her family, betrayal, and deceit. Axton Betz-Hamilton grew up in small-town Indiana in the early '90s. When she was 11 years old, her parents both had their identities stolen. Their credit ratings were ruined, and they were constantly fighting over money. This was before the age of the Internet, when identity theft became more commonplace, so authorities and banks were clueless and reluctant to help Axton's parents. Axton's family switched PO Boxes, changed all of their personal information, and moved to different addresses, but the identity thief followed them wherever they went. Convinced that the thief had to be someone they knew, Axton and her parents completely cut off the outside world, isolating themselves from friends and family. Axton learned not to let anyone into the house without explicit permission, and once went as far as chasing a plumber off their property with a knife. She had panic attacks throughout her formative years and often became physically sick with anxiety and quarantined behind the closed curtains in her childhood home. She began starving herself at a young age in an effort to blend in—her clothes, hair, makeup, and weight could be nothing short of perfect or she would be scolded by her mother, who had become paranoid and consumed by how others perceived the family. Years later, her parents marriage still shaken from the theft, Axton discovered that she, too, had fallen prey to the identity thief, but by the time she realized, she was already thousands of dollars in debt and her credit was ruined. THE LESS PEOPLE KNOW ABOUT US is Axton's attempt to untangle an intricate web of lies, and to understand why and how a loved one could have inflicted such pain. Axton will present a candid, shocking, and redemptive story and reveal her courageous effort to grapple with someone close that broke the unwritten rules of love, protection, and family.

Then Owen wakes up in a real-life mystery with a memory that's been erased and too many questions. How did Kiel Gnomenfoot lose all of his magic? Where is Bethany? And who's the annoying guy wearing the question mark mask and Sherlock Holmes hat, taunting Owen and Kiel that Bethany is in grave danger? Carry-Toni Jensen 2020 "A powerful, poetic memoir about what it means to exist as an indigenous woman in America, told in snapshots of the author's encounters with gun violence—for readers of Jesmyn Ward and Terese Marie Mailhot. Toni Jensen grew up in the Midwest around guns: As a girl, she learned how to shoot birds with her father, a card-carrying member of the NRA. As an adult, she's had guns waved in her face in the fracklands around Standing Rock, and felt their silent threat on the concealed-carry campus where she teaches. And she has always known she is not alone. As a Métis woman, she is no stranger to the violence enacted on the bodies of indigenous women, on indigenous land, and the ways it is hidden, ignored, forgotten. In Carry, Jensen maps her personal experience onto the historical, exploring how history is lived in the body and redefining the language we use to speak about violence in America. In the title chapter, Jensen recalls the discrimination she faced in college as a Native American student from her roommate to her faculty adviser. "The Worry Line" explores the gun and gang violence in her neighborhood the year her daughter was born. "At the Workshop" focuses on her graduate school years, during which a classmate repeatedly wrote stories in which he killed thinly veiled versions of her. In "Women in the Fracklands," Jensen takes the reader inside Standing Rock during the Dakota Access pipeline protests, as well as the peril faced by women, in regions overcome by the fracking boom. In prose at once forensic and deeply emotional, Toni Jensen shows herself to be a brave new voice and a fearless witness to her own difficult history—as well as to the violent cultural landscape in which she finds her coordinates as a Native American woman. With each chapter, Carry reminds us that surviving in one's country is not the same as surviving one's country."--

I Choose to Live-Sabine Dardenne 2006-01-16 I lived through the Dutroux affair from the inside, and all these years I have kept silent about it - about my 'personal' Dutroux Affair, my time in the company of the most hated psychopath in Belgium. I need to write this book for three reasons: so that people stop giving me strange looks and treating me like a curiosity; so that no one ever asks me any more questions ever again; and so that the judicial system never again frees a paedophile for 'good behaviour'. 'The Dutroux Affair' shook the whole of Europe. In the middle of the immense machinery of investigation and justice there was Sabine Dardenne herself, Dutroux's last victim. She was held captive for eighty days - and survived. Far from sensationalising the horror, her story, dignified and restrained, is ultimately uplifting. Says Sabine Dardenne, 'I choose to live'.

Heavy-Kiese Laymon 2018-10-16 *Named a Best Book of 2018 by the New York Times, Publishers Weekly, NPR, Broadly, Buzzfeed (Nonfiction), The Undeclared, Library Journal (Biography/Memoirs), The Washington Post (Nonfiction), Southern Living (Southern), Entertainment Weekly, and The New York Times Critics* In this powerful, provocative, and universally lauded memoir—winner of the Andrew Carnegie Medal and finalist for the Kirkus Prize—genre-bending essayist and novelist Kiese Laymon “provocatively meditates on his trauma growing up as a black man, and in turn crafts an essential polemic against American moral rot” (Entertainment Weekly). In Heavy, Laymon writes eloquently and honestly about growing up a hard-headed black son to a complicated and brilliant black mother in Jackson, Mississippi. From his early experiences of sexual violence, to his suspension from college, to time in New York as a college professor, Laymon charts his complex relationship with his mother, grandmother, anorexia, obesity, sex, writing, and ultimately gambling. Heavy is a “gorgeous, gutting...generous” (The New York Times) memoir that combines personal stories with piercing intellect to reflect both on the strife of American society and on Laymon's experiences with abuse. By attempting to name secrets and lies he and his mother spent a lifetime avoiding, he asks us to confront the terrifying possibility that few in this nation actually know how to responsibly love, and even fewer want to live under the weight of actually becoming free. “A book for people who appreciated Roxane Gay's memoir Hunger” (Milwaukee Journal Sentinel), Heavy is defiant yet vulnerable, an insightful, often comical exploration of weight, identity, art, friendship, and family through years of haunting impressions and long reverberations. “You won't be able to put [this memoir] down...It is packed with reminders of how black dreams get skewed and deferred, yet are also pregnant with the possibility that a kind of redemption may lie in intimate grappling with black realities” (The Atlantic).

Fairest-Meredith Talusan 2020-05-26 A singular, beautifully written coming-of-age memoir of a Filipino boy with albinism whose story travels from an immigrant childhood to Harvard to a gender transition and illuminates the illusions of race, disability, and gender Fairest is a memoir about a precocious boy with albinism, a "sun child" from a rural Philippine village, who would grow up to become a woman in America. Coping with the strain of parental neglect and the elusive promise of U.S. citizenship, Talusan found childhood comfort from her devoted grandmother, a grounding force as she was treated by others with special preference or public curiosity. As an immigrant to the United States, Talusan came to be perceived as white. An academic scholarship to Harvard provided access to elite circles of privilege but required Talusan to navigate through the complex spheres of race, class, sexuality, and her place within the gay community. She emerged as an artist and an activist questioning the boundaries of gender. Talusan realized she did not want to be confined to a prescribed role as a man, and transitioned to become a woman, despite the risk of losing a man she deeply loved. Throughout her journey, Talusan shares poignant and powerful episodes of desirability and love that will remind readers of works such as Calling Me By Your Name and Giovanni's Room. Her evocative reflections will shift our own perceptions of love, identity, gender, and the fairness of life.

The Mysterious Island-Jules Verne 2010-10-01 Although The Mysterious Island is technically a sequel to Verne's enormously popular Twenty Thousand Leagues Under the Sea, this novel offers a vastly different take on similar thematic motifs. As with all of Verne's best-known works, The Mysterious Island is a masterpiece of the action-adventure genre, with a heaping dash of science fiction influence thrown in for good measure.
