The Panic Virus-Seth Mnookin 2012-01-03 A searing account of how vaccine opponents have used the media to spread their message of panic, despite no scientific evidence to support them.  
Judicial Review, Socio-Economic Rights and the Human Rights Act-Ellie Palmer 2007-08-31 In the United Kingdom during the past decade, individuals and groups have increasingly tested the extent to which principles of English administrative law can be used to gain entitlements to health and welfare services and priority for the needs of vulnerable and disadvantaged groups. One of the primary

purposes of this book is to demonstrate the extent to which established boundaries of judicial intervention in socio-economic disputes have been altered by the extension of judicial powers in sections 3 and 6 of the Human Rights Act 1998, and through the development of a jurisprudence of positive obligations in the European Convention on Human Rights 1950. Thus, the substantive focus of the book is on developments in the constitutional law of the United Kingdom. However, the book also addresses key issues of theoretical human rights, international and comparative constitutional law. Issues of justiciability in English administrative law have therefore been explored against a background of two factors: a growing acceptance of the need for balance in the protection in modern constitutional arrangements afforded to civil and political rights on the one hand and socio-economic rights on the other hand; and controversy as to whether courts could make a more effective contribution to the protection of socio-economic rights with the assistance of appropriately tailored constitutional provisions.

Works of Lancelot Andrewes, Sometime Bishop of Winchester: Sermons-Lancelot Andrewes 1967  
Sermons-Lancelot Andrewes 1967
