In his sixth journal, The Relic Murders, Roger Shallot must race against time to find the Orb of Charlemagne... and to save his own neck. His master, Benjamin Daunbey, has been sent to Italy on a diplomatic mission, leaving him in charge of their manor outside Ipswich. Shallot, forbidden both to practise the art of medicine and to approach the beautiful Miranda, takes to reading. Discovering the potential wealth which can be accrued by the finding and selling of true relics, he goes in search of his own. Almost immediately he is in trouble - and in prison. Rescued by the return of his master and the influence of Cardinal Wolsey, Shallot finds himself at court, where he is ordered by the King and Cardinal to break the law - to steal back for the crown the Orb of Charlemagne, now under close guard at the priory at Clerkenwell. The Eternal Child-Clive Bromhall 2003 Clive Bromhall's ground breaking book is the story of a single evolutionary process which has shaped the human species. The process, known as neoteny, has been massively underestimated by scientists until now. It explains everything from our hairless skin to our upright stance and, argues Bromhall, unlocks the key to human nature and to the future of homo sapiens. The human species, says Bromhall - radically but convincingly has anatomically and behaviourally regressed into a state of permanent childhood. Humans are not in fact mature primates, but rather over grown baby apes. In essence, in order to survive our environment, in order to create a social species and allow our brains to develop, our species has been completely infantilised. With this key Clive Bromhall proceeds to unlock many of the mysteries of human behaviour and forces us to reassess our thinking on human nature, and the power of the child within. The result of years of research, The Eternal Child is thought provoking and highly readable and will explain mysteries such as why some of us are homosexual, the differences between races, the need for religion and the dynamic of male/female relationships. Each decade produces one seminal, challenging and opinion-changing popular science title. This decade it will be The Eternal Child.

 A Tangled Web-Leslie Rule 2020-04-28 In the  
 tradition of her acclaimed mother, Ann Rule,  
 author of The Stranger Beside Me, bestselling  
 author Leslie Rule delivers a riveting true story  
 for our time—as she exposes the years-long trail  
 of a sadistic sociopath, identity thief, and killer at  
 the dark heart of a real-life fatal attraction . . . It  
 was a bleak November in 2012 when Cari Lea  
 Farver vanished from Omaha, Nebraska. Cari,  
 thirty-seven, was a devoted mother, reliable  
 employee, and loyal friend—not the type to shirk  
 responsibilities, abandon her son, and run off on  
 an adventure while her dying father took his last  
 breaths. Yet, the many texts from her phone  
 indicated she had done just that. It appeared that  
 Cari had dumped her new boyfriend, quit her job,  
 and relinquished custody of her son to her  
 mother—all by text. While Cari's boyfriend, Dave  
 Kroupa, and her supervisor were bewildered by  
 her abrupt disappearance, they accepted the  
 texts at face value. Her mother, Nancy Raney,  
 however, was alarmed and reported Cari  
 missing. Police were skeptical of her claims that  
 a cyber impostor had commandeered her  
 daughter's phone and online identity. While  
 Nancy was afraid for Cari, Dave Kroupa was  
 growing afraid of her, for he believed Cari was  
 stalking him. Never seen or heard, the stalker

was aware of his every move and seemed obsessed with his casual girlfriend, Shanna "Liz" Golyar, often calling her "a fat whore" in the twelve thousand emails and texts he received in a disturbing three-year deluge. How did the stalker know Dave's phone numbers immediately after he changed them, the names of his lady friends, even what he wore as he watched TV? He and Liz reported death threats, vandalism, and burglaries, but the stalker remained at large. The threats were vicious, vile and often obscene, sent mostly via text and always in Cari's name. There was some truth in the messages, but all of them contained one big lie. The culprit was not Cari, but had killed and planned to kill again. With mesmerizing detail and compelling narrative skill, Leslie Rule tracks every step of the heart-pounding path to long-awaited justice—from a sociopath's twisted past to the deadly deception and the high-tech forensics that condemned the killer to prison.

Gödel, Escher, Bach-Douglas R. Hofstadter 2000  
'What is a self and how can a self come out of inanimate matter?' This is the riddle that drove Douglas Hofstadter to write this extraordinary book. In order to impart his original and personal

view on the core mystery of human existence - our intangible sensation of 'I-ness' - Hofstadter defines the playful yet seemingly paradoxical notion of 'strange loop', and explicates this idea using analogies from many disciplines.  
Belladonna-Fiona Paul 2013-07-16 When nothing is as it seems, the truth may be the deadliest poison of all. A CHARMING BUT WILD ARTIST ran off with her heart. HER STRONG, STEADY FIANCÉ appears to be keeping secrets. ARRESTED IN THE DEAD OF NIGHT, her fiancé is imprisoned on false charges. To free him Cass must journey to Florence, a city haunted by rumors, secret soirees, clandestine meetings, and home to the eerily stunning leader of the Order of the Eternal Rose, the Belladonna herself. Cass can prove Luca's innocence, but can she trust her heart to lead her to the truth? DANGEROUS, SEDUCTIVE AND ALLURING this edge-of-your-seat romantic thriller will leave readers wondering not only whom Cass will choose—Luca or Falco—but whether or not all three of them will survive. This breathtaking sequel to *Venom* is perfect for fans of Philippa Gregory's *The Other Boleyn Girl*, Anna Godbersen's *The Luxe*, Libba Bray's *A Great and Terrible Beauty* and Cecily Von Ziegesar's *Gossip Girl*.
