The Companionship of Books and Other Papers-Frederic Rowland Marvin 1905 The author of The Companionship of Books and Other Papers makes this explanation with regard to the book he now presents to the reading public. The sentences and paragraphs and, in some instances, more lengthy articles which compose this work were written at various times, and many of them have been published in magazines and literary periodicals. To those already published have been added a number that here for the first time make their appearance in print. They sustain little or no relation to each other, and, therefore, admit of only a very general arrangement. The last page in the collection was finished two years ago, but the author did not feel that the work was completed, and could not bring himself to deliver the manuscript into the hands of his publisher. The generous reception, however, given to his Last Words of Distinguished Men and Women, and his Flowers of Song from Many Lands has encouraged him to place this book upon the list of his published works. Its preparation furnished to him many delightful hours in the library, and he now sends it forth with the hope that it may bring to others both pleasure and profit.

The Sense and Non-Sense of Revolt-Julia Kristeva 2001-12-26 Linguist, psychoanalyst, and cultural theorist, Julia Kristeva is one of the most influential and prolific writers of our time. Her writings have broken new ground in the study of the self, the mind, and the ways in which we communicate through language. Her work is unique in that it skillfully brings together psychoanalytic theory and clinical practice, literature, linguistics, and philosophy. In her latest book on the powers and limits of psychoanalysis, Kristeva focuses on an intriguing new dilemma. Freud and psychoanalysis taught us that rebellion is what guarantees our independence and our creative abilities. But in our contemporary "entertainment" culture, is rebellion still a viable option? Is it still possible to build and embrace a counterculture? For whom—and against what—and under what forms? Kristeva illustrates the advances and impasses of rebel culture through the experiences of three twentieth-century writers: the existentialist John Paul Sartre, the surrealist Louis Aragon, and the theorist Roland Barthes. For Kristeva the rebellions championed by these figures—especially the political and seemingly dogmatic political commitments of Aragon and Sartre—strike the post-Cold War reader with a mixture of fascination and rejection. These theorists, according to Kristeva, are involved in a revolution against accepted notions of identity—of one's relation to others. Kristeva places their accomplishments in the context of other revolutionary movements in art, literature, and politics. The book also offers an illuminating discussion of Freud's groundbreaking work on rebellion, focusing on the symbolic function of patricide in his Totem and Taboo and discussing his often neglected vision of language, and underscoring its complex connection to the revolutionary drive.

Media Bias-Thomas Streissguth 2007 “Discusses bias in the American media, including its historical development and the effects of new technologies. Includes discussions of different types of bias, government regulations, politics, and public relations, and how they shape the media.”-Provided by publisher. The Cultural Labyrinth of Maria de Zayas-Marina Scordilis Brownlee 2000 A seventeenth-century writer of sensationalist short stories, Mara de Zayas was a bestselling author, steeped in the novella traditions of Italy and France as well as her native Spain. At the same time, she was an important player in the tabloid craze sweeping over the Europe of her day. Marina S. Brownlee recontextualizes Mara de Zayas and provides a reading of Zayas's work from the double perspective of narratology and feminism. In doing so Brownlee explores the complexities of human subjectivity and its representation in the writings of Zayas, who offers provocative assessments of the modern subject and its relationship to gender, and of the woman writer's negotiations with authority and authorship. Zayas's stories question the validity of hegemonic discourses pertaining to public expectations for the citizen, to his or her intimate life, and to the intricacies resulting from any attempt to reconcile the two. Her writing is both daring and original as it reflects developments in contemporary fiction elsewhere in Europe. Brownlee shows that Zayas exploits existing fiction models in highly literary ways and in ways that cash in on the new phenomenon of tabloid publishing, arguing that Zayas is keenly aware of the new readership that resulted from the mass-production revolution in the printing industry and of the private readers' taste for scandal. Finally, Zayas dramatizes the rethinking of the Renaissance exemplum, replacing easy interpretations with Baroque excess-in a text which, like society itself, is an intricate labyrinth that resists easy solutions and limited forms of literary and cultural representation.

Breath of Scandal-Sandra Brown 2013-02-26 AVAILABLE AS AN EBOOK FOR THE FIRST TIME! On a rainy Southern night, Jade Sperry endured a young woman's worst nightmare at the hands of three local hell-raisers. Robbed of her youthful ideals and at the center of scandal and tragedy, Jade ran as far and as fast as she could. But she never forgot the sleepy "company town" where every man, woman, and child was dependent on one wealthy family. And she never forgot their spoiled son, who, with his two friends, changed her life forever. Someday, somehow, she'd return, exact a just revenge -- and free herself from fear, and the powerful family that could destroy her.
