A Texas State of Mind-Fernando Chacon Gomez 2011 To our students, that they know upon whose shoulders they stand; To our faculty, that they may see the lives they have shaped; To our alumni, that they may remember fondly and smile; To our employees and donors, for their many valued contributions; To our host communities, long-time partners in a noble enterprise; To the people of Texas, that they may value their Great Legacy! This book about Texas and its oldest university system is set in communities traversing the State from the Sabine River, to the Piney Woods, to the Hill Country, to the Rio Grande. It is a story of colleges established with a limited mission—to train white teachers—that, in the course of a century, produced a president, world renowned journalists, entertainers, poets, musicians, writers, and alumni representing the ethnic and cultural diversity of Texas. The story is told by some of the best writers in the State and chronicled by one of the most celebrated artistic photographers in the country.

A Texas State of Mind-Ann DeFee 2015-03-03 Police Chief Lolly LaTullipe's professional life runs amuck when dead drug dealers start floating up on the beach. Port Serenity, Texas is known for bird watchers and bikini clad co-eds-not murder and mayhem. Lolly's situation becomes even more complicated when a sexy undercover narcotics cop shows up eliciting thoughts of rumpled sheets and hot summer nights. This single mom of two is afraid she's in way over her head. Christian Delacroix is jaded from years in drug enforcement and the appealing police chief has him reassessing his priorities and future. Is he ready for this small town with its cast of eccentric characters. And is he prepared for Lolly LaTulippe with her white-picket-fence life complete with a close-knit family and circle of friends? Not to mention her big shaggy dog and all the complications of life with a teenager. Are diapers, PTA meetings and football games in this cop's future?

State of Minds-Don Graham 2011-03-29 John Steinbeck once famously wrote that "Texas is a state of mind." For those who know it well, however, the Lone Star State is more than one mind-set, more than a collection of clichés, more than a static stereotype. There are minds in Texas, Don Graham asserts, and some of the most important are the writers and filmmakers whose words and images have helped define the state to the nation, the world, and the people of Texas themselves. For many years, Graham has been critiquing Texas writers and films in the pages of Texas Monthly and other publications. In State of Minds, he brings together and updates essays he published between 1999 and 2009 to paint a unique, critical picture of Texas culture. In a strong personal voice—wry, humorous, and ironic—Graham offers his take on Texas literary giants ranging from J. Frank Dobie to Larry McMurtry and Cormac McCarthy and on films such as The Alamo, The Last Picture Show, and Brokeback Mountain. He locates the works he discusses in relation to time and place, showing how they sprang (or not) from the soil of Texas and thereby helped to define Texas culture for generations of readers and viewers—including his own younger self growing up on a farm in Collin County. Never shying from controversy and never dull, Graham's essays in State of Minds demolish the notion that "Texas culture" is an oxymoron.

Texas-Julio Garcia Lourdes 1986 A look at Texas and its many aspects.

Sudoku Genius Mind Exercises Volume 1-Houston Texas State of Mind Collection 2019-11-08 Sudoku Genius Mind Exercises, Volume 1: Houston, Texas State of Mind Collection Description: 5x8 expertly bound book with 106 pages of simple to extreme Sudoku puzzles (solutions included!). All Book covers are designed by Coco Piracci -- they're collectable editions. Great for you or as a gift. Kids, teens, adults and seniors all love doing Sudoku. In Volume 1 of Sudoku Genius Mind Exercises: Houston, Texas State of Mind Collection, you have enough Sudoku puzzles for a whole month - one Sudoku a day! When you're done, get Volume 2. Once you start doing Sudoku puzzles, you'll never want to stop. And there's a good reason why! Just like physical exercise, your mind requires training too! Here are the marvelous advantages of playing Sudoku: Improves your memory: Your memory and logic are fully activated when you are playing Sudoku. We use our memory to remember numbers we are

considering, and we use logic to figure out the potential answer in the next blank. Stimulates your mind: Playing Sudoku trains your logical thinking processing. It also helps you improve your numeracy skills. Reduces your chances of developing neurodegenerative diseases: Playing Sudoku keeps your brain stimulated. Improves your decision-making skills: Not only is playing Sudoku exciting, but it helps you learn how to make a decision and take action with less hesitation. Increases your concentration skills: Sudoku requires players to evaluate strategically and solve obstacles creatively. If you get interrupted in the middle of solving a puzzle, you'll have to restart the whole thinking process again, which helps you to develop your concentration and re-focusing skills. Feel Satisfied! Sudoku gives you a sense of fulfillment when you can solve a puzzle, especially if the puzzle is a difficult one. By playing Sudoku daily, you'll learn how to solve puzzles faster and eventually advance to harder levels. Exercise your mind, and you will become more content and smarter too! From now on, play Sudoku every day. Note: We specialize in local publishing. We have many Sudoku Genius volumes available and other great books too! As Texas Goes...: How the Lone Star State Hijacked the American Agenda-Gail Collins 2012-06-04 "Gail Collins is the funniest serious political commentator in America. Reading As Texas Goes... is pure pleasure from page one." —Rachel Maddow As Texas Goes . . . provides a trenchant yet often hilarious look into American politics and the disproportional influence of Texas, which has become the model for not just the Tea Party but also the Republican Party. Now with an expanded introduction and a new concluding chapter that will assess the influence of the Texas way of thinking on the 2012 election, Collins shows how the presidential race devolved into a clash between the so-called "empty places" and the crowded places that became a central theme in her book. The expanded edition will also feature more examples of the Texas style, such as Governor Rick Perry's nearsighted refusal to accept federal Medicaid funding as well as the proposed ban on teaching "critical thinking" in the classroom. As Texas Goes . . . will prove to be even more relevant to American politics by the dawn of a new political era in January 2013.

Being Texan-Jeff Carroll 2009 Being Texan uses more than 140 period images and modern illustrations through 110 stories of the lives of individual Texans to narrate the history of Texas and the development of Texas culture from 1500 to the present. While the stories are excellent for popular reading, they also provide, along with instructional appendices, bibliography, and index, a supplemental resource for teaching required and elective Texas history and culture diversity courses. Revised, expanded and fully illustrated edition.

Lone Star Mind-Ty Cashion 2018-11-01 There is the story the Lone Star State likes to tell about itself—and then there is the reality, a Texas past that bears little resemblance to the manly Anglo myth of Texas exceptionalism that maintains a firm grip on the state's historical imagination. Lone Star Mind takes aim at this traditional narrative, holding both academic and lay historians accountable for the ways in which they craft the state's story. A clear-sighted, far-reaching work of intellectual history, this book marshals a wide array of pertinent scholarship, analysis, and original ideas to point the way toward a new "usable past" that twenty-first-century Texans will find relevant. Ty Cashion fixes T. R. Fehrenbach's Lone Star: A History of Texas and the Texans in his crosshairs in particular, laying bare the conceptual deficiencies of the romantic and mythic narrative the book has served to codify since its first publication in 1968. At the same time, Cashion explores the reasons why the collective efforts of university-trained scholars have failed to diminish the appeal of the state's iconic popular culture, despite the fuller and more accurate record these historians have produced. Framing the search for a collective Texan identity in the context of a post-Christian age and the end of Anglo-male hegemony, Lone Star Mind illuminates

the many historiographical issues besetting the study of American history that will resonate with scholars in other fields as well. Cashion proposes that a cultural history approach focusing on the self-interests of all Texans is capable of telling a more complete story—a story that captures present-day realities.

Social Movement to Address Climate Change-Danielle Endres 2009 "Deniers of climate change have benefited from political strategies developed by conservative think tanks and public relations experts paid handsomely by the energy industry. With this book, environmental activists can benefit from some scholarly attention turned to their efforts. This book exhibits the best that public scholarship has to offer. Its authors utilize sophisticated rhetorical theory and criticism to uncover the intentional constraints and possibilities for participants at various sites of the Step-It-Up day of climate activism. What makes this book especially valuable is that it is not only directed to fellow communication scholars, but is written in a clear and accessible style to bring the insights of an academic field to a broader public of activists committed to building an environmental social movement." - Prof. Leah Ceccarelli, University of Washington "This is an unusually interesting volume grounded in a sustained and coordinated analysis of the Step It Up campaign. Generating a multifaceted and shared archive for analyzing the SIU campaign on global warming, the volume's multiple authors critically examine intersecting dimensions of the SIU campaign-its persuasive strategies, organizational dynamics, and political practices for everyday citizens-with an eye on implications for enhancing the larger environmental movement. Readers with a practical and theoretical interest in social and political movements will find this book engaging and leavened with heuristic value." - Professor Robert L. Ivie, Indiana University, Bloomington

Shooting a Texas Tease-Robert Kearney 2001-06-01 West Texas is a white hot cauldron boiling over with a lust for money and power. Trapped in the flames of passion searing the Permian Basin, KPER television news reporters Erin McCartney and Sean Ryan battle to survive while exposing the drug smuggling, political corruption and sinful scandals rocking the city of Midessa, Texas. They are caught in a deadly crossfire between the crime and the corruption and their news director Scott Sangsue who demands total obedience and unquestioning loyalty. Just how far will the men and women of KPER-TV go to save their jobs and satisfy Sangsue's hunger to be number one? How much are they willing to sacrifice—their lives, their morals, their principles? When rookie television journalist Sean Ryan enters KPER-TV, he is swallowed by the cut-throat competition of television news. Suddenly, everything he knows and believes is being challenged by a world turned upside down. Will he succumb to the sexual temptations of Amer Chienne and Celeste? Will he be killed by the criminals or the cops in their drug war? Will he abandon his journalistic principles to save his job? In the end is he any better than Sangsue?

Travels with Charley-John Steinbeck 1997 Steinbeck records his emotions and experiences during a journey of rediscovery in his native land

L Is for Lone Star-Carol Crane 2010-10-08 There are enough special people, wildlife, and natural wonders in the Lone Star State to fill several alphabet books, and Sleeping Bear Press has picked out the finest to represent Texas in L is for Lone Star: A Texas Alphabet. Author Carol Crane has worked for twenty-five years reviewing, lecturing and enjoying children's literature. She is a respected national educational presenter, speaking at state and regional reading conventions across the United States. As a historian, Carol loves to read all historical markers. She is still stopping and reading them across Texas. Illustrator Alan Stacy is a self-taught artist, but his first practical art lessons came at age 6 from his mother, Jeanne, who is a fine artist. His father Fearl, an Air Force pilot and officer, took the family to Germany, Virginia, Alaska and New Mexico before settling in Texas in 1975. The time they spent outdoors site-seeing, camping and hiking in the American West and Pacific Northwest instilled within Alan a profound love of animals and nature, which is reflected in his art. With poems to engage younger readers and text to give further details for older students, Lone Star is a fantastic tool for sharing Texan pride with the ones you love. So lasso a copy of L is for Lone Star and get ready for a very special ride through the alphabet!

Sayles' Annotated Civil Statutes of the State of Texas-Texas 1900

The Code of Criminal Procedure of the State of Texas, Adopted at the Regular Session of the Twenty-third Legislature-Texas 1893

Beyond Texas Through Time-Walter Louis Buenger 2011 In 1991 Walter L. Buenger and the late Robert A. Calvert compiled a pioneering work in Texas historiography: Texas Through Time, a seminal survey and critique of the field of Texas history from its inception through the end of the 1980s. Now, Buenger and Arnolde De León have assembled an important new collection that assesses the current state of Texas historiography, building on the many changes in understanding and interpretation that have developed in the nearly twenty years since the publication of the original volume. This new work, Beyond Texas Through Time, departs from the earlier volume's emphasis on the dichotomy between traditionalism and revisionism as they applied to various eras. Instead, the

studies in this book consider the topical and thematic understandings of Texas historiography embraced by a new generation of Texas historians as they reflect analytically on the work of the past two decades. The resulting approaches thus offer the potential of informing the study of themes and topics other than those specifically introduced in this volume, extending its usefulness well beyond a review of the literature. In addition, the volume editors' introduction proposes the application of cultural constructionism as an important third perspective on the thematic and topical analyses provided by the other contributors. Beyond Texas Through Time offers both a vantage point and a benchmark, serving as an important reference for scholars and advanced students of history and historiography, even beyond the borders of Texas.

I Hate the Dallas Cowboys-Bert Sugar 1997-09-15 Gathers essays by sportswriters and former players discussing the reasons why the Dallas Cowboys football team is so disliked

The Cotton Candy Catastrophe at the Texas State Fair-Enderle, Dotti When Jake arrives at the fair, he heads straight for the cotton candy, but the machine gets stuck and Jake unknowingly trails pink, sticky strands behind him, eventually blanketing the entire fairgrounds.

Empire State of Mind-Zack O'Malley Greenburg 2011-03-17 "I'm not a businessman-I'm a business, man." --Jay-Z Some people think Jay-Z is just another rapper. Others see him as just another celebrity/mega-star. The reality is, no matter what you think Jay-Z is, he first and foremost a business. And as much as Martha Stewart or Oprah, he has turned himself into a lifestyle. You can wake up to the local radio station playing Jay-Z's latest hit, spritz yourself with his 9IX cologne, slip on a pair of his Rocawear jeans, lace up your Reebok S. Carter sneakers, catch a Nets basketball game in the afternoon, and grab dinner at The Spotted Pig before heading to an evening performance of the Jay-Z-backed Broadway musical Fela! and a nightcap at his 40/40 Club. He'll profit at every turn of your day. But despite Jay-Z's success, there are still many Americans whose impressions of him are foggy, outdated, or downright incorrect. Surprisingly to many, he honed his business philosophy not at a fancy B school, but on the streets of Brooklyn, New York and beyond as a drug dealer in the 1980s. Empire State of Mind tells the story behind Jay-Z's rise to the top as told by the people who lived it with him- from classmates at Brooklyn's George Westinghouse High School; to the childhood friend who got him into the drug trade; to the DJ who convinced him to stop dealing and focus on music. This book explains just how Jay-Z propelled himself from the bleak streets of Brooklyn to the heights of the business world. Zack O'Malley Greenburg draws on his one-on-one interviews with hip-hop luminaries such as DJ Clark Kent, Questlove of The Roots, Damon Dash, Fred "Fab 5 Freddy" Brathwaite, MC Serch; NBA stars Jamal Crawford and Sebastian Telfair; and recording industry executives including Craig Kallman, CEO of Atlantic Records. He also includes new information on Jay-Z's various business dealings, such as: \*The feature movie about Jay-Z and his first basketball team that was filmed by Fab 5 Freddy in 2003 but never released. \*The Jay-Z branded Jeep that was scrapped just before going into production. \*The real story behind his association with Armand de Brignac champagne. \*The financial ramifications of his marriage to Beyonce. Jay-Z's tale is compelling not just because of his celebrity, but because it embodies the rags-to-riches American dream and is a model for any entrepreneur looking to build a commercial empire.

Twelve Mighty Orphans-Jim Dent 2007-09-04 Jim Dent, author of the New York Times bestselling The Junction Boys, returns with his most powerful story of human courage and determination. More than a century ago, a school was constructed in Fort Worth, Texas, for the purpose of housing and educating the orphans of Texas Freemasons. It was a humble project that for years existed quietly on a hillside east of town. Life at the Masonic Home was about to change, though, with the arrival of a lean, bespectacled coach by the name of Rusty Russell. Here was a man who could bring rain in the midst of a drought. Here was a man who, in virtually no time at all, brought the orphans' story into the homes of millions of Americans. In the 1930s and 1940s, there was nothing bigger in Texas high school football than the Masonic Home Mighty Mites—a group of orphans bound together by hardship and death. These youngsters, in spite of being outweighed by at least thirty pounds per man, were the toughest football team around. They began with nothing—not even a football—yet in a few years were playing for the state championship on the highest level of Texas football. This is a winning tribute to a courageous band of underdogs from a time when America desperately needed fresh hope and big dreams. The Mighty Mites remain a notable moment in the long history of American sports. Just as significant is the depth of the inspirational message. This is a profound lesson in fighting back and clinging to faith. The real winners in Texas high school football were not the kids from the biggest schools, or the ones wearing the most expensive uniforms. They were the scrawny kids from a tiny orphanage who wore scarred helmets and faded jerseys that did not match, kids coached by a devoted man who lived on peanuts and drove them around in a smoke-belching old truck. In writing a story of unforgettable characters and great football, Jim Dent has come forward to reclaim his place as one of the top sports authors in America today. A remarkable and inspirational story of an orphanage and the man who created one of the greatest football teams Texas has ever known . . . this is their story—the original Friday Night

Lights. "This just might be the best sports book ever written. Jim Dent has crafted a story that will go down as one of the most artistic, one of the most unforgettable, and one of the most inspirational ever. Twelve Mighty Orphans will challenge Hoosiers as the feel-good sports story of our lifetime. Naturally, being from Texas, I am biased. Hooray for the Mighty Mites." —Verne Lundquist, CBS Sports "Coach Rusty Russell and the Mighty Mites will steal your heart as they overcome every obstacle imaginable to become a respected football team. Take an orphanage, the Depression, and mix it with Texas high school football, and Jim Dent has authored another winner, this one about the ultimate underdog." —Brent Musburger, ABC Sports/ESPN "No state has a roll call of legendary high school football stories like we do in Texas, and, admittedly, some of those stories have been 'expanded' over the years when it comes to the truth. But let Jim Dent tell you about the Mighty Mites of Masonic Home, the pride of Fort Worth in the dark days of the Depression. Read this book. You will think it's fiction. You will think it's a Hollywood script. But Twelve Mighty Orphans is the truth, and nothing but. It is powerful stuff. Some eighty years later, the Mighty Mites' story remains so sacred, not even a Texan would dare tamper with these facts. And Jim Dent tells it like it was." — Randy Galloway, columnist, Fort-Worth Star Telegram

The Texas Criminal Reports-Texas. Court of Criminal Appeals 1923

Whiskey River (Take My Mind)-Johnny Bush 2017-05-24 When it comes to Texas honky-tonk, nobody knows the music or the scene better than Johnny Bush. Author of Willie Nelson's classic concert anthem "Whiskey River," and singer of hits such as "You Gave Me a Mountain," "Undo the Right," "Jim, Jack and Rose," and "I'll Be There," Johnny Bush is a legend in country music, a singer-songwriter who has lived the cheatin', hurtin', hard-drinkin' life and recorded some of the most heart-wrenching songs about it. He has one of the purest honky-tonk voices ever to come out of Texas. And Bush's career has been just as dramatic as his songs—on the verge of achieving superstardom in the early 1970s, he was sidelined by a rare vocal disorder that he combated for thirty years. But, survivor that he is, Bush is once again filling dance halls across Texas and inspiring a new generation of musicians who crave the authenticity—the "pure D" country—that Johnny Bush has always had and that Nashville country music has lost. In Whiskey River (Take My Mind), Johnny Bush tells the twin stories of his life and of Texas honky-tonk music. He recalls growing up poor in Houston's Kashmere Gardens neighborhood and learning his chops in honky-tonks around Houston and San Antonio—places where chicken wire protected the bandstand and deadly fights broke out regularly. Bush vividly describes life on the road in the 1960s as a band member for Ray Price and Willie Nelson, including the booze, drugs, and one-night stands that fueled his songs but destroyed his first three marriages. He remembers the time in the early 1970s when he was hotter than Willie and on the fast track to superstardom—until spasmodic dysphonia forced his career into the slow lane. Bush describes his agonizing, but ultimately successful struggle to keep performing and rebuild his fan base, as well as the hard-won happiness he has found in his personal life. Woven throughout Bush's autobiography is the never-before-told story of Texas honky-tonk music, from Bob Wills and Floyd Tillman to Junior Brown and Pat Green. Johnny Bush has known almost all the great musicians, past and present, and he has wonderful stories to tell. Likewise, he offers shrewd observations on how the music business has changed since he started performing in the 1950s—and pulls no punches in saying how Nashville music has lost its country soul. For everyone who loves genuine country music, Johnny Bush, Willie Nelson, and stories of triumph against all odds, Whiskey River (Take My Mind) is a must-read. America's Lone Star Constitution-Lucas A. Powe Jr. 2018-04-27 Texas has created more constitutional law than any other state. In any classroom nationwide, any basic constitutional law course can be taught using nothing but

Texas cases. That, however, understates the history and politics behind the cases. Beyond representing all doctrinal areas of constitutional law, Texas cases deal with the major issues of the nation. Leading legal scholar and Supreme Court historian Lucas A. Powe, Jr., charts the rich and pervasive development of Texas-inspired constitutional law. From voting rights to railroad regulations, school finance to capital punishment, poverty to civil liberties, this wide-ranging and eminently readable book provides a window into the relationship between constitutional litigation and ordinary politics at the Supreme Court, illuminating how all of the fiercest national divides over what the Constitution means took shape in Texas.

Senior Moments-Willard Spiegelman 2016-09-13 A moving collection of essays on aging and happiness Drawing on more than six decades' worth of lessons from his storied career as a writer and professor, Willard Spiegelman reflects with candid humor and sophistication on growing old. Senior Moments is a series of discrete essays that, when taken together, constitute the life of a man who, despite Western cultural notions of aging as something to be denied, overcome, and resisted, has continued to relish the simplest of pleasures: reading, looking at art, talking, and indulging in occasional fits of nostalgia while also welcoming what inevitably lies ahead. Spiegelman's expertly crafted book considers, with wisdom and elegance, how to be alert to the joys that brim from unexpected places even as death draws near. Senior Moments is a foray into the felicity and follies that age brings; a consideration of how and what one reads or rereads in late adulthood; the eagerness for, and disappointment in, long-awaited reunions, at which the past comes alive in the present. A clear-eyed book of memories, written in eight searching and courageously honest essays, Senior Moments is guaranteed to stimulate, stir, and restore. A Summer Place-Ann DeFee 2020-07-15 The summer of 1973 is magical for Jazzy and Charlie. It's a time to prepare for college while celebrating the end of high school. Jazzy has secretly loved Charlie for years, and now her dreams have come true-it's young love at its most innocent. Everything changes when Charlie accidentally discovers that his high school girlfriend is pregnant and her parents have sent her away. The rumor mill in that small South Texas town is alive and well, and Charlie is being treated like a pariah. The only bright spot in his life is Jazzy. They love each other and she's willing to defy society, but then her dad steps in?It's the summer of 1993 and a high school reunion looms on the horizon. Jazzy has a successful career in California and is engaged to her business partner, but she's never forgotten that magical summer. When she bumps into Charlie in the airport she realizes that she's never stopped loving him.Can these star-crossed lovers finally get it right? Not quite yet.The summer of 2003 finds Jazzy testing the theory that you can go home again-her marriage is over and her teenager doesn't want to leave California. Can Jazzy and Charlie finally realize their destiny? Of course, this time it'll be forever.
