Necessary Lies-Diane Chamberlain 2013-09-03 Bestselling author Diane Chamberlain delivers a breakout book about a small southern town fifty years ago, and the darkest—and most hopeful—places in the human heart After losing her parents, fifteen-year-old Ivy Hart is left to care for her grandmother, older sister and nephew as tenants on a small tobacco farm. As she struggles with her grandmother's aging, her sister's mental illness and her own epilepsy, she realizes they might need more than she can give. When Jane Forrester takes a position as Grace County's newest social worker, she doesn't realize just how much her help is needed. She quickly becomes emotionally invested in her clients' lives, causing tension with her boss and her new husband. But as Jane is drawn in by the Hart women, she begins to discover the secrets of the small farm—secrets much darker than she would have guessed. Soon, she must decide whether to take drastic action to help them, or risk losing the battle against everything she believes is wrong. Set in rural Grace County, North Carolina in a time of state-mandated sterilizations and racial tension, Necessary Lies tells the story of these two young women, seemingly worlds apart, but both haunted by tragedy. Jane and Ivy are thrown together and must ask themselves: how can you know what you believe is right, when everyone is telling you it's wrong?

Sheikh Without a Heart-Sandra Marton 2012-04-01 Dressed only in a skimpy sequin-studded bikini is not the way Rachel Donnelly wants to meet Sheikh Karim al Safir. Especially when he is so devastatingly handsome—and fully clothed! Karim is horrified that this is the mother of his newly discovered nephew. His raging pulse at the sight of Rachel's barely dressed body belies his reputation as the sheikh with no heart, but he'll live up to it to ensure that the heir to the throne is raised in Alcantar!

Russian Imperialism from Ivan the Great to the Revolution-Taras Hunczak 2000 This collection of essays explores the history of Russian imperialism, an especially pertinent topic in light of the newly democratic country's entrance into the geopolitical forum-the country's tenuous relationship with Europe was anticipated by Russian historian Nicholas Danilevskii. Some may argue conflicts such as Chechnya are remnants of the imperial thirst for dominance, and that the ever-evolving nation is still fighting old wars over her image as an empire. The works contained in this book trace some of these encounters, and in turn, provide a backdrop for those of today.

Unified Design of Steel Structures-Louis F. Geschwindner 2011-12-20 Geschwindner's 2nd edition of Unified Design of Steel Structures provides an understanding that structural analysis and design are two integrated processes as well as the necessary skills and knowledge in investigating, designing, and detailing steel structures utilizing the latest design methods according to the AISC Code. The goal is to prepare readers to work in design offices as designers and in the field as inspectors. This new edition is compatible with the 2011 AISC code as well as marginal references to the AISC manual for design examples and illustrations, which was seen as a real advantage by the survey respondents. Furthermore, new sections have been added on: Direct Analysis, Torsional and flexural-torsional buckling of columns, Filled HSS columns, and Composite column interaction. More real-world examples are included in addition to new use of three-dimensional illustrations in the book and in the image gallery; an increased number of homework problems; and media approach Solutions Manual, Image Gallery. Summer Ball-Mike Lupica 2007-05-15 The sequel to the #1 New York Times bestseller Travel Team! When you're

the smallest kid playing a big man's game, the challenges never stop—especially when your name is Danny Walker. Leading your travel team to the national championship may seem like a dream come true, but for Danny, being at the top just means the competition tries that much harder to knock him off. Now Danny's leaving Middletown for the summer and heading to Right Way basketball camp, where he's out of his element and maybe out of his league. The country's best ballers are in attendance, and Danny will need to raise his game if he wants to match up. But it won't be easy. Old rivals and new battles leave Danny wondering if he really has what it takes to stand tall. "Lupica is at his best when he puts the reader right in the center of the action on the court. His game descriptions are fast, accurate, and exciting. Young sports-fiction fans will eat this up." -Booklist "Sports fans will relish the on-court action, expertly rendered in Lupica's taut prose. This worthy sequel to Travel Team should earn a wide audience." -School Library Journal "Lupica knows his basketball and knows how to spin a page-turner of a story. Those who enjoyed the first installment of Danny's story will be thrilled to read a sequel, and even those middle school readers who are not huge sports fans will want to cheer for Danny Walker, who proves that determination can be a whole lot bigger than height." -VOYA

A Bride for the Taking-Sandra Marton 2018-07-01 Read this classic romance by bestselling author Sandra Marton, now available for the first time in e-book! Married to a Stranger! Dorian Oliver had a job to do and Jake Prince was not going to stop her! But then Dorian found herself in a situation with only one solution: she had to become Jake's wife! Jake made it clear that he was more than willing to make love to her, but Dorian wanted more, much more, than a few nights of bliss in his arms. Even though they both knew their marriage was a sham, Dorian found herself wishing that pretense could become reality. Now all she had to do was convince Jake that marriage to a stranger could last for a lifetime...! Originally published in 1992.

Gods of Money-William Engdahl 2010-05 The dollar financial system of Wall Street was born not at a conference in Bretton Woods New Hampshire in 1944. It was born in the first days of August, 1945 with the dropping of the atomic bomb on Hiroshima and Nagasaki. After that point the world was in no doubt who was the power to reckon with. This book is no ordinary book about money and finance. Rather it traces the history of money as an instrument of power; it traces the evolution of that power in the hands of a tiny elite that regards themselves as, quite literally, gods-The Gods of Money. How these gods abused their power and how they systematically set out to control the entire world is the subject.

A Heartbeat Away-Michael Palmer 2011-02-15 The New York Times bestselling author and master of suspense delivers another novel at the crossroads of politics and medicine in this shocker of a thriller On the night of the State of the Union address, President James Allaire expects to give the speech of his career. But no one anticipates the terrifying turn of events that forces him to quarantine everyone in the Capitol building. A terrorist group calling itself "Genesis" has unleashed WRX3883, a deadly, highly contagious virus, into the building. No one fully knows the deadly effect of the germ except for the team responsible for its development—a team headed by Allaire, himself. The only one who might be able to help is virologist Griffin Rhodes, currently in solitary confinement in a maximum security federal prison for alleged terrorist acts, including the attempted theft of WRX3883 from the lab where he worked. Rhodes has no idea why he has been arrested, but when Allaire offers to free him in exchange for his help combating the virus, he reluctantly agrees to do what he can to support the government that has imprisoned him without apparent cause. Meanwhile, every single person in line for presidential succession is trapped inside the Capitol—every person except one: the Director of Homeland Security, who is safely at home in Minnesota, having been selected as the "Designated Survivor" for this event. With enemies both named and unnamed closing in, and the security of the nation at stake, Griff must unravel the mysteries of WRX3883 without violating his pledge as a scientist to use no animal testing in his experiments...and time is running out. Tense, thrilling, and entirely plausible, A Heartbeat Away will make you reflect, wonder, and be truly afraid.

Mechanics of Fibrous Composites-Carl T. Herakovich 1997-11-27 Comprehensive coverage of micro and macro mechanics of composite materials. * Case studies on designing composite materials and laminates. * Uses both SI and U.S. Customary units throughout. * This is the only book that covers laminated tubes and damage mechanics and the only one that presents an extensive array of actual experimental results for the nonlinear, inelastic response of polymeric and metallic matrix composites.

Mind on Statistics-Jessica M. Utts 2004 Emphasizing the conceptual development of statistical ideas, MIND ON STATISTICS actively engages students and explains topics in the context of excellent examples and case studies. This text balances the spirit of statistical literacy with statistical methodology taught in the introductory statistics course. Jessica Utts and Robert Heckard built the book on two learning premises: (1) New material is much easier to learn and remember if it is related to something interesting or previously known; (2) New material is easier to learn if you actively ask questions and answer them for yourself. More than any other text available, MIND ON STATISTICS motivates students to develop their statistical intuition by focusing on analyzing data and interpreting results as opposed to focusing on mathematical formulation. The new edition of this exciting text, enhanced with new material and features, appeals to a wide array of students and instructors alike.

Behind His Eyes Consequences-Aleatha Romig 2014-01-14 What was Tony thinking? A Consequences reading companion for Consequences. From New York Times and USA Today bestselling author Aleatha Romig comes the much-anticipated first companion to the suspenseful thriller about secrets and deception, passion and love, and choices and consequences. What was Tony thinking? Control? Acquisition? Domination? Love? BEHIND HIS EYES CONSEQUENCES explores significant scenes as well as behind-the-scenes moments from the first book of the Consequences series. Not a total re-write, this companion explores the mind of the man who thought he set the rules and delivered the consequences. From the beginning. Anthony Rawlings has the perfect world: money, influence, and power. Everything in his life is and has always been planned, executed, and predicted...until Claire. How long can he deny what is right before him? Experience the rare opportunity to see this esteemed man's world change, from behind his eyes. It is always darkest before the light. Through significant scenes, experience the

dark journey into the mind of the man who believes that he controls everything yet controls nothing. Share his thoughts as glitches are overcome and accidents are survived. For the avid reader of the Consequences series, it is recommended that this companion be read after Consequences, Truth, Convicted, Revealed and Beyond the Consequences for more insight into the man who: "Once upon a time, signed a napkin that he knew was a contract. As an esteemed businessman, he forgot one very important rule. He forgot to read the fine print. It wasn't an acquisition to own another person as he'd previously assumed. It was an agreement to acquire a soul." —Aleatha Romig, CONVICTED

Biology: The Essentials—Mariëlle Hoefnagels 2015-01-09 THE HOEFNAGELS STORY... The second edition of Biology: The Essentials epitomizes what the market has come to recognize as Mariëlle Hoefnagels' distinct and student-friendly writing-style. Mariëlle presents up-to-date information through "What's the Point?", "Why We Care", and "Burning Questions"—pedagogical tools designed to demonstrate to readers, and her own students, that biology is everywhere. Biology: The Essentials, 2nd Edition offers a broader and more conceptual

introduction to biology, simplifying the more complex biological content to the essential elements that students need to act as framework for the details. Mariëlle Hoefnagels is dedicated to helping students find the relevancy of biology and science in their everyday lives. A recipient of the University of Oklahoma General Education Teaching Award and the Longmire Prize (the Teaching Scholars Award from the College of Arts and Sciences), Mariëlle has been engaging, educating, and inspiring students since 1997. She believes that the right tools can make all of the difference in reaching non-majors students. Because of this, the content in this textbook is deeply integrated with the digital tools in Connect and Mariëlle has worked hard to create Connect questions and activities that go beyond simply memorizing vocabulary and facts. Static images are brought to life through animated tutorials, specifically designed to guide students through tough topics. Whether in class or at home, Biology: The Essentials, 2nd Edition with Connect Plus provides all of the resources a student needs to succeed in biology.
