Indian Summer-Arthur J. Frankel 2014-02 Under the shadow of the turbulent 1960s, this is my story of a journey through village India as an American Peace Corp Volunteer. I graduated college in 1966 with no idea of what I wanted to do in life. I asked the Peace Corps to send me to a place that was more different than anything I had ever known. I got what I asked for. India unfolded into a kaleidoscope of fascinating people and unforgettable scenes in a culture that never failed to amaze me. The sights, smells, and sounds of village India offer the backdrop of what happened, some stories quite incredible, but all true. After two years, I was infused with the spiritual and mystical quality that was, and still is, India--something that is almost beyond explaining. It cannot be found by touring India or even visiting an ashram, but only by living there, learning the local language, and being with Indians in their homes and work. Forty-four years after leaving the Peace Corps I returned to village India. Surprisingly, very little had

changed. All of the profits from the sale of this book will be donated to the Vishwa Bharati non-profit village school in Anavatti, India; and to the School of Social Work at the University of North Carolina Wilmington, to support students and faculty in visiting India.

Operas in English-Margaret Ross Griffel

2012-12-21 Although many opera dictionaries and encyclopedias are available, very few are devoted exclusively to operas in a single language. In this revised and expanded edition of

Operas in English: A Dictionary, Margaret Ross Griffel brings up to date her original work on operas written specifically to an English text (including works both originally prepared in English, as well as English translations). Since its original publication in 1999, Griffel has added nearly 800 entries to the 4,300 from the original volume, covering the world of opera in the English language from 1634 through 2011. Listed alphabetically by letter, each opera entry includes alternative titles, if any; a full, descriptive title; the number of acts; the composer's name; the librettist's name, the original language of the libretto, and the original source of the text, with the source title; the date, place, and cast of the first performance; the date of composition, if it occurred substantially earlier than the premiere date; similar information for the first U.S. (including colonial) and British (i.e., in England, Scotland, or Wales) performances, where applicable; a brief plot summary; the main characters (names and vocal ranges, where known); some of the especially noteworthy numbers cited by name; comments on special

musical problems, techniques, or other significant aspects; and other settings of the text, including non-English ones, and/or other operas involving the same story or characters (cross references are indicated by asterisks). Entries also include such information as first and critical editions of the score and libretto; a bibliography, ranging from scholarly studies to more informal journal articles and reviews; a discography; and information on video recordings. Griffel also includes four appendixes, a selective bibliography, and two indexes. The first appendix lists composers, their places and years of birth and death, and their operas included in the text as entries; the second does the same for librettists; the third records authors whose works inspired or were adapted for the librettos; and the fourth comprises a chronological listing of the A-Z entries, including as well as the date of first performance, the city of the premiere, the short title of the opera, and the composer. Griffel also include a main character index and an index of singers, conductors, producers, and other key figures.

Encyclopedia of Post-Colonial Literatures in English-Eugene Benson 2004-11-10 Post-Colonial Literatures in English, together with English Literature and American Literature, form one of the three major groupings of literature in English, and, as such, are widely studied around the world. Their significance derives from the richness and variety of experience which they reflect. In three volumes, this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories. In more than 1,600 entries written by more than 600 internationally recognized scholars, it explores the effect of the colonial and post-colonial experience on literatures in English worldwide.

The Summer of Kim Novak-Haakan Nesser 2020-06-02 "Nesser is one of the foremost Swedish crime authors." THE TIMES Sweden in the '60s. Erik and his friend Edmund spend their vacation by a forest lake daydreaming about Ewa, a young substitute teacher with an uncanny resemblance to the actress Kim Novak. The boys are having the time of their lives until a shocking discovery disrupts their world. Twenty-five years later, Erik comes across a newspaper article about unsolved crimes and is overwhelmed by memories and questions from that summer of his youth. What actually happened back then? The Summer of Kim Novak has all the tension and mystery of Nesser's world-famous thrillers, combined with a coming-of-age tale of remarkable psychological precision. "Nesser has a penetrating eye for the skull beneath the skin." The New York Times "Nesser is one of the best of the Nordic Noir writers, unafraid of moral ambiguity and excellent at building a brooding atmosphere." The Guardian "Not only a brilliant thriller, but also a sensitive and atmospheric portrayal of a coming-of-age adventure."

Lingering Touch-Cassandra Chandler 2016-08-02

The memory of his touch has never left her heart...or her body. The Summer Park Psychics, Book 3 Finn Connelly can see the past by touching objects, even read people's thoughts. This power allows him to be the best private investigator in Summer Park. Until his abilities spiral out of control, leaving his thoughts and emotions inextricably entangled with those of others. The only one who can help him regain control is the last person he trusts. Jazz Zhou, the woman who broke his heart. Jazz is still reeling from nearly losing her closest friends to a serial killer--a man she brought into their lives. When she learns Finn is psychically bound to the ghost of one of the killer's victims, she grabs the chance to atone for past mistakes. As their investigation takes them to the killer's hometown, they realize the threat to Jazz's friends isn't over--and neither is their relationship. But the more Finn uses his powers, the more he loses himself. And soon even Jazz's touch might not be enough to help him claw his way out of a murderer's memories. Warning: Contains a heroine with a take-no-prisoners

attitude and a hunky private eye with a touch that will leave you begging for more. And alligators. Lots of alligators.
