Stomping the Blues-Albert Murray 2017-10-17 In this classic work of American music writing, renowned critic Albert Murray argues beautifully and authoritatively that “the blues as such are synonymous with low spirits. Not only is its express purpose to make people feel good, which is to say in high spirits, but in the process of doing so it is actually expected to generate a disposition that is both elegantly playful and heroic in its nonchalance.” In Stomping the Blues Murray explores its history, influences, development, and meaning as only he can. More than two hundred vintage photographs capture the ambience Murray evokes in lyrical prose. Only the sounds are missing from this lyrical, sensual tribute to the blues.

Darby’s Rangers-William O. Darby 2007-12-18 The exciting true story of a legendary leader and the men who fought by his side in World War II, told in his own words From the moment they hit the beaches in North Africa to their last desperate struggle at Anzio, Darby’s Rangers asked for only one thing in World War II—the chance to fight. Experts at amphibious landings, night attacks, and close combat, the Rangers were the spearhead advancing U.S. forces. And at their helm was William O. Darby, a forceful, charismatic man who inspired, and was inspired by, his troops. Against overwhelming odds in Tunisia, through the concentrated hell at Gela, on to the final kill at Messina and the Italian mainland, Darby and his Rangers led the way. Darby’s Rangers is an authentic war story, as vivid as the action itself. “Proud reading . . . of value to a new generation of military historians and ‘battle buffs.’”—Military Affairs Magazine

Crossings-Jon Kerstetter 2017-09-05 A searing, beautifully told memoir by a Native American doctor on the trials of being a doctor-soldier in the Iraq War, and then, after suffering a stroke that left his life irrevocably changed, his struggles to overcome the new limits of his body, mind, and identity. Every juncture in Jon Kerstetter’s life has been marked by a crossing from one world into another: from civilian to doctor to soldier; between healing and waging war; and between compassion and hatred of the enemy. When an injury led to a stroke that ended his careers as a doctor and a soldier, he faced the most difficult crossing of all, a recovery that proved as shattering as war itself. Crossings is a memoir of an improbable, powerfully drawn life, one that began in poverty on the Oneida Reservation in Wisconsin but grew by force of will to encompass a remarkable medical practice. Trained as an emergency physician, Kerstetter’s thirst for intensity led him to volunteer in war-torn Rwanda, Kosovo, and Bosnia, and to join the Army National Guard. His three tours in the Iraq War marked the height of the American struggle there. The story of his work in theater, which involved everything from saving soldiers’ lives to organizing the joint U.S.–Iraqi forensics team tasked with identifying the bodies of Saddam Hussein’s sons, is a bracing, unprecedented evocation of a doctor’s life at war. But war was only the start of Kerstetter’s struggle. The stroke he suffered upon returning from Iraq led to serious cognitive and physical disabilities. His years-long recovery, impeded by near-unbearable pain and complicated by PTSD, meant overcoming the perceived limits of his body and mind and reimagining his own capacity for renewal and change. It led him not only to writing as a vocation but to a deeper understanding of how healing means accepting a new identity, and how that acceptance must be fought for with as much tenacity as any battlefield victory.

Jane Anonymous-Laurie Faria Stolarz 2020-01-07 Bestselling author Laurie Faria Stolarz’s thrilling novel Jane Anonymous is a revelatory confessional of a seventeen-year-old girl’s fight to escape a kidnapper—and her struggles to connect with loved ones and a life that no longer exists. Seven months. That’s how long I was kept captive. Locked in a room with a bed, refrigerator, and adjoining bathroom, I was instructed to eat, bathe, and behave. I received meals, laundered clothes, and toiletries through a cat door, never knowing if it was day or night. The last time I saw the face of my abductor was when he dragged me fighting from the trunk of his car. And when I finally escaped, I prayed I’d never see him again. Now that I’m home, my parents and friends want everything to be like it was before I left. But they don’t understand that dining out and shopping trips can’t heal what’s broken inside me. I barely leave my bedroom. Therapists are clueless and condescending. So I start my own form of therapy—but writing about my experience awakens uncomfortable memories, ones that should’ve stayed buried. How far will I have to go to uncover the truth of what happened—and will it break me forever?
