The Relationship Between State and Individual Responsibility for International Crimes-Beatrice Bonafè 2009-02-23 This book offers a unique comparison between state and individual responsibility for international crimes and examines the theories that can explain the relationship between these two regimes. The study provides a comprehensive and systematic analysis of the relevant international practice from the standpoint of both international criminal law, and in particular the case law of international criminal tribunals, and state responsibility. The author shows the various connections and issues arising from the parallel establishment of state and individual responsibility for the commission of the same international crimes. These connections indicate a growing need to better co-ordinate these regimes of international responsibility. The author maintains that a general conception, according to which state and individual responsibility are two separate sets of secondary rules attached to the breach of the same primary norms, can help to solve the various issues relating to this dual responsibility. This conception of the complementarity between state and individual responsibility justifies co-ordination and consistent application of these two different regimes, each of which aims to foster compliance with the most important obligations owed to the international community as a whole.

Annuaire Europeen 1988 - European Yearbook 1988-P. Drillien 1990-03-26 The European Yearbook has expanded over the years in keeping with the role played by

European institutions compared with national ones. It is an indispensable work of reference for anyone dealing with these institutions, which have become so numerous & varied that no-one can possibly memorise all their acronyms or functions. The European Yearbook provides aids for finding one's way through the labyrinth of these organisations which coordinate a variety of activities in over 20 countries. One of the aids is an 'organisation chart' at the beginning of the documentary section, giving a clear picture of the general situation. A perusal of the many contributions in the volume organisation by organisation, shows the full diversity of the activities which Europe is gradually taking over from national governments, with their consent & financial support. Written in both of the Council of Europe's official languages, English & French, the European Yearbook also contains a general index by subject & name which constitutes a very valuable list of articles & provides direct access to the work's subject matter, regardless of the particular organisation concerned, offering a kind of cross-section of the activities of European organisations.

De Rome à Lisbonne: les juridictions de l'Union européenne à la croisée des chemins-Maria Teresa D' Alessio 2013-08-29 Les diverses contributions, divisées selon les trois parties clés de l'ouvrage, abordent des thématiques d'actualité du droit de l'Union européenne, dans les domaines chers à Paolo Mengozzi durant sa carrière d'universitaire ainsi que de magistrat au Tribunal de l'Union européenne puis à la Cour de justice de l'Union européenne. Ces thématiques sont : - les relations entre le droit de l'Union européenne et le droit international ; - le droit de la concurrence dans l'Union européenne et la protection des consommateurs ; - la protection des droits fondamentaux dans l'Union européenne. Les diverses contributions sont rédigées par des membres et anciens membres des deux juridictions mentionnées, des universitaires ainsi que des collaborateurs de Paolo Mengozzi, spécialisés dans le droit de l'Union européenne. Les juridictions de l'Union européenne sont au cœur de l'évolution du droit de celle-ci, qu'il s'agisse, par exemple, des rapports qu'il entretient avec le droit international ou de la protection des droits qu'il confère aux particuliers. Depuis l'entrée en vigueur du Traité de Lisbonne en décembre 2009 et la crise financière en Europe, ces juridictions sont aussi confrontées à une série de questions nouvelles, souvent d'ordre constitutionnel. Parallèlement, la Cour de justice et le Tribunal de l'Union européenne doivent poursuivre leur dialogue avec les juridictions nationales et internationales. Les vingt-cinq contributions réunies dans les Mélanges en l'honneur de l'avocat général Paolo Mengozzi, à l'occasion de son soixante-quatrième anniversaire, illustrent à quel point les juridictions de l'Union européenne se trouvent ainsi à la croisée des chemins. Ces contributions examinent, en particulier, la jurisprudence relative au statut du droit international, à la Charte des droits fondamentaux, aux droits de la concurrence et des consommateurs, thématiques auxquelles tant dans sa carrière universitaire qu'au sein de la Cour de justice de l'Union européenne, l'apport de Paolo Mengozzi a été et demeure riche et important.
