Law and Long-Term Economic Change-Debin Ma 2011-06-06 Recently, a growing body of work on "law and finance" and "legal origins" has highlighted the role of formal legal institutions in shaping financial institutions. However, these writings have focused largely on Europe, neglecting important non-Western traditions that prevail in a large part of the world. Law and Long-Term Economic Change brings together a group of leading scholars from economics, economic history, law, and area studies to develop a unique, global and, long-term perspective on the linkage between law and economic change. Covering the regions of Western Europe, East and South Asia, and the Middle East, the chapters explore major themes regarding the nature and evolution of different legal regimes; their relationship with the state or organized religion; the definition and interpretation of ownership and property rights; the functioning of courts, and other mechanisms for dispute resolution and contract enforcement; and the complex dynamics of legal transplantations through processes such as colonization. The text makes clear that the development of legal traditions and institutions—as embodiments of cultural values and norms—exerts a strong effect on long-term economic change. And it demonstrates that a good understanding of legal origins around the world enriches any debate about Great Divergence in the early modern era, as well as development and underdevelopment in 19th-20th century Eurasia.
La Sainte Bible francoise, selon la vulgaire latine revue par le commandement du pape Sixte V. Et imprimmée de l'authorité de Clement VIII. Mercados en común-Maria-Aparecida Lopes 2016-07-29 Desde fines de los años 1980, a raíz de la firma de tratados de comercio en diversas partes del mundo, los temas relativos a la globalización y sus efectos han estado presentes en periódicos y publicaciones académicas, así como en los debates de políticos, gobernantes y de la sociedad civil. Si procesos de globalización han tenido lugar en diferentes momentos históricos entre las más diversas regiones y países, el libro que el lector tiene en sus manos es una invitación a acercarse a los que se efectuaron en el siglo XX, teniendo como punto de partida el continente americano.
