this, people are often fascinated and engrossed by stories of homicide and killers. This book provides a fascinating exploration of murder, providing an insight into what leads people to kill and what effect this has on society as a whole. This book is organized into five chapters that each answer a specific question on murder: What is Murder? Who Commits Murder? Why Commit Murder? Why is Murder Devastating? Why is

Democratic Orators from JFK to Barack Obama- Andrew S. Crines 2016-03-10 How do leading Democratic Party figures strive to communicate with and influence their audience? Why have some proven more successful than others in advancing their ideological arguments? How do orators seek to connect with different audiences in different settings such as the Senate, conventions and through the media? This thoroughly researched and highly readable collection comprehensively evaluates these questions as well as providing an extensive interrogation of the political and intellectual significance of oratory and rhetoric in the Democratic Party. Using the Aristotelian modes of persuasion ethos, pathos and logos it draws out commonalties and differences in how the rhetoric of Democratic Party politics has shifted since the 1960s. More broadly it evaluates the impact of leading orators upon American politics and argues that effective oratory remains a vital party of American political discourse.

A Dish of Tea with Dr Johnson-Russell Barr

2011-02-22 Out of Joint Presents: A Dish of Tea With Dr Johnson Irritable, generous, seriously depressed yet a great wit: meet Samuel Johnson - poet, essayist and lexicographer. This evening

of stories and conversation brings to life some of the most colourful figures of the eighteenth century. The host of characters bringing detail to this fascinating portrait includes biographer James Boswell, painter Joshua Reynolds, King George III, Bonnie Prince Charlie's saviour Lady Flora MacDonald, and Mrs Thrale, the society hostess who was Johnson's final, unrequited love. 'With A Dish of Tea with Dr Johnson we return to the fascinating world of the great Dr Johnson. Until the middle of the 19th Century only the two patent houses, Drury Lane and Covent Garden, were permitted to present drama. So when Samuel Foote, Johnson's contemporary, presented his evening of comic impersonations and vignettes it was billed as An Invitation to a Dish of Chocolate with Samuel Foote. From him we have purloined our title.' - Max Stafford-Clark Bin Laden in the Suburbs-Scott Poynting 2004 Argues that we are witnessing the emergence of the 'Arab Other' as the pre-eminent 'folk devil' of our time. This Arab Other functions in the national imaginary to prop up the project for national belonging. It has little to do with the

lived experiences of Arab or Muslim Australians and everything to do with a host of anxieties.

Bird-Adam Morris 2020-01-28 Bird follows Carson, a young, cerebral Aboriginal man who traverses his way in and out of the prison system in Western Australia. The story is told through the multiple white characters Carson encounters along his journey. The novel is similar stylistically and thematically to Irvine Welsh's Trainspotting or some of the early writings of John Dos Passos, painting a picture of a world which is simultaneously bleak, comic and harrowing. This is a gruelling book, much of it set in a prison, full of horror, madness and dark humour. You will learn about people who live in the hell that is society's underbelly, home to folk you have never met and pray you never do. Adam Morris does not spare the reader, and neither should he, because we are all complicit - the rot at our core is a collective responsibility. Bird is a must read. - Jon Doust Australian fiction needs more stories like this; honest and fierce and intensely human. - David Whish-Wilson I found this novel deeply,

deeply unsettling, confronting and outrightly difficult to deal with, it is a work of great significance for the Reconciliation process and for Australian literature. - Van Ikin This is confronting, brutal and honest storytelling. The tension through every page is tightly wound and no word is wasted. Bird is a gripping and thought provoking read for those who like their tales gritty, well researched and true, it is an important work. - Deborah Crabtree, Books and Publishing
