Les grands cols et la route des Grandes Alpes- Martine Gonthier 2002 Passages naturels entre les montagnes, faiblesses des lignes frontières, voies de communication entre les vallées, les grands cols alpins ont toujours été très fréquentés. Troupes armées, voyageurs, marchands, pèlerins, colporteurs ou contrebandiers ont cédé la place aux touristes. Automobilistes, motards, cyclistes ou promeneurs, ces cols voient défiler aujourd'hui des milliers de personnes chaque été. Voie ancestrale, choix stratégique ou volonté de développement touristique, ces chemins d'exception ont chacun leur histoire. De l'époque romaine à nos jours, les hommes ont modelé ces passages à la pelle et à la pioche, avant de disposer de moyens techniques plus sophistiqués. Aujourd'hui encore, ils entretiennent, réparent, sécurisent et déneigent ces rubans gris qui se faufilent dans une montagne parfois hostile. Emprunter la Route des Grandes Alpes et les autres grands cols est certainement la meilleure façon de visiter les Alpes. Points de vue incomparables et contrastes entre les versants s'ajoutent à la découverte des villages et des vallées que ces cols relient par le chemin le plus spectaculaire. En voiture, et encore plus à vélo, Martine Gonthier et Jean-Marc Lamory les ont escaladés pour mieux s'en imprégner. Ils nous convient à un formidable voyage,

photographique, historique et touristique. Un ouvrage qui vaut le détour... Grâce au cahier pratique en fin d'ouvrage, vous disposerez de toutes les informations pour découvrir les Alpes de col en col, en voiture, en camping-car, à moto ou à vélo, ainsi que de nombreuses suggestions de balades alentour.

Routes des grandes Alpes, un voyage par les Alpes françaises-Juergen Feuerer 2016-09-21 La "Route des Grandes Alpes" est l'une des routes les plus pittoresques des Alpes et mène du lac Léman à la pittoresque ville de Menton sur la Méditerranée. Le calendrier suit cette route du nord au sud et montre quelques-uns des faits saillants de ce voyage enrichissant et de cet itinéraire. Les calendriers Calvendo sont des produits haut de gamme - avec ces plus qui font la différence : nos calendriers présentent bien toute l'année grâce à leur papier de qualité supérieure et leur reliure à spirales pour une manipulation des pages plus aisée et une tenue parfaitement droite contre le mur. Un film plastique transparent protège la couverture de ces calendriers toujours plus solides, qui se déclinent désormais en cinq langues. Offrez-vous un calendrier Calvendo qui reste beau tout au long de l'année.

Adventure Guide to the Alps-Krista Dana 2004-03 Annotation Switzerland, Germany, Italy, France, Austria -- the Alps extend through them all and this guide shows you how to experience their excitement and beauty. A native of the German Alps, the author explores the history, flora, fauna, people and culture, foods, festivals, adventures. Cortina, St. Moritz, Innsbruck, Chamonix, Milan, Zermatt, Intertaken and Venice are just a few of the magical spots you will visit. The Alps-Krista Dana 2007 This book is a great general guide to all the skiing areas in the Alps. Better than any other book I looked at. One bone to pick: It doesn't include Verbier, Switzerland. The authors had to cut the book off somewhere, I guess. The book is paperback and small -- easy to carry with you while you travel. Since I was unfamiliar with the Alps, I referred to it often on my ski trip to Switzerland and France. It gave the

perfect amount of background info to each location and then had good, concise sections re: where to eat, where to party and where to stay. Bravo to the authors for obviously putting effort into creating an easy-to-read, concise and informative resource. -- Rahmit Olsen (Amazon reviewer). An avid skier and hiker, the author has explored terrain ranging from Switzerland's Matterhorn to South Korea's Muju Mountain. The author of more than 800 travel features, hotel reviews and destination guides, she shares her vast knowledge of ski and adventure travel in the Alps and Europe. --Ingram Advance Magazine. As portable as they are helpful and heavily illustrated as well, the volumes in this series remain very reliable in making certain that adventure is a major ingredient of your trip. -- Booklist. Designed to be used while you're on the go, Hunter's Pocket Adventures fit in your pocket with ease and make the perfect take-along reference. They contain all the practical travel information you need - places to stay and eat, tourist information resources, travel advice, emergency contacts and more - plus condensed sections on history and geography that give you good background knowledge of the destination. The authors are fascinated with the destination and their passion comes across in the text, which is lively, revealing and a pleasure to read. Sidebars highlight unusual facts and tell of local legends, adding to your travel experience. Detailed town and regional maps make planning day-trips or city tours easy. Adventures covered range from town sightseeing tours and nature watching to sea kayaking and organized jungle excursions. Travelers looking for a more relaxed vacation may want to sign up for language classes or take a course on traditional regional cooking - these cultural adventures will introduce you to the people and afford you a truly unique travel experience. Maps and photos throughout.

Driving in Europe 101-Curley Bowman 2006 Bowman provides clear explanations of how easily a fledgling American tourist may drive the streets of Europe, get the best deals on rental cars and airfare, and find some of the most romantic destinations on the continent.

100 Greatest Cycling Climbs of the Tour de France-Simon Warren 2014-05-22 From the Col du Tourmalet to Alpe d'Huez, from Mont Ventoux to Luz Ardiden, these climbs are the beating heart of the Tour de France. Technology may advance, training and diet may evolve, but these mountains are constant. They have witnessed triumph and despair, courage and heartache, they are where champions are made and where

dreams are shattered. And yes, the greatest arenas of the world's greatest race are open 365 days a year for every one of us to ride. So take up the challenge, emulate your heroes and make your mark on the 100 greatest cycling climbs of the Tour de France. For each of the 100 climbs this guide includes: A detailed description of the climb with an accompanying photograph A map detailing the start and end of the climb with directions to help you find it. A factfile with altitude, height gain, average gradient, it's tour debut and category A difficulty rating Simon Warren is the author of 100 Greatest Cycling Climbs, Hellingen: A Road Cyclist's Guide to Belgium's Greatest Cycling Climbs and Another 100 Greatest Cycling Climbs

France de Demain- 1960

Sport Tourism and Local Sustainable Development-Claude Sobry 2016-01-15 The present publication gathers communications from the Lille symposium selected for their quality and originality. Seventeen countries were represented, among which the United States, China, Australia, Qatar and numerous countries from Central and Eastern Europe. Aside from the conferences, many ideas and opinions were shared, a recurrent question being the very definition of sport tourism. This book will be of great interest to everyone interested by sport tourism and local sustainable development studied with a multidisciplinary approach.

The Drive-Teresa Bruce 2017-06-13 The Drive follows Teresa Bruce on her 2003 road trip through Mexico and onto the Pan American Highway, in a rickety camper with her old dog and new husband in tow. Bruce first set off on the exact same route in 1973, her parents at the helm and their two young daughters in tow, as a reaction to the accidental death of their youngest child, Bruce's brother John John. Her attempt to follow the route, using her mother's travel journal as an anecdotal guide, is as much about her need for exploration as it is about trying to understand her parents and their pain, and to finally begin to heal her own wounds over the accident. Bruce is immensely talented in bringing scenery of Central and South America to life—countries from Mexico and Guatemala to Bolivia and Argentina are detailed with her innate attention to detail and sense of storytelling. The Drive details a really incredible journey through these beautiful, at times corrupt and war-torn countries, across roads that are as likely to be barricaded by guerrillas or washed out by floods as they are to be passable. The Drive is travel writing at its best, combining

moments of deep heartbreak with unimaginable joy over a panoply of unforgettable settings.

Frommer's ... France- 2008

Les couleurs de la Côte d'Azur-Béatrice Charpentier 2001

Paris-Côte D'Azur-France. Ministère des travaux publics 1963

French Alps-Michelin Travel Publications (Firm) 2001 Whether travelling for business or pleasure, for your annual holiday or just a weekend, take The Green Guide with you and discover for yourself the delights of this region. Principal Sights Map, showing all the places of interest at a glance. Practical Information, lots of suggestions to help you plan a successful trip : travel information, driving tours, sport and leisure activities, popular shows and events.

Introduction, an illustrated insight into the local culture and lifestyle. Selected Sights, description of the region with colour illustrations : details of selected towns and sights in alphabetical order, Michelin star ratings highlighting the principal sights : highly recommended, recommended interesting, a selection of hotels and restaurants, carefully chosen by our team, - essential maps and plans. The majestic French Alps are best qualified by superlatives : the most nature parks in the Alpine range, the highest peak in Europe, the most popular ski resorts. From the Banks of Lake Geneva, bathed in a nearly Mediterranean climate, to the vertiginous ridge tops of the Grand Canyon du Verdon, this region is a succession of contrasts and a symphony of colours : magie of the lakes of Savoy, ultra-modern ski resorts, humble chapels with extravagant Baroque frescoes, dizzying roads through the Vercors forest, spectacular railways at la Mure and Montenvers, the lonesome valleys of Queyras, where the light heralds the southern climes of the Midi, vast fields of sweet lavender in Haute Provence and hilltop villages merrily adorned with campaniles. Visit the Alps and fall in love with this mountain range where nature still rules. From the north, where the steep-sided valleys have an end-of-the-earth look about them, to the south, where the colours and customs of Provence invite a more languorous attitude, you will surely meet your heart's desire.

France - Frommer's Travel Guides-Arthur Frommer 1998-09 Provides information on shopping, accommodations, restaurants, sights, events, and sports activities.

France-Michelin Travel Publications (Firm) 2000 This newly revised title describes the "best of France" in one volume. Features descriptions of over 800 attractions; four summary maps

highlighting the principal sights, regional specialties, main tourist routes, and main festivals and resorts; and over 35 detailed local maps, town and site plans. 200 color photos and drawings.

France-Collectif 1997

France 1998-Darwin Porter 1997 France has never lost its charm for travelers. Frommer's covers all the highlights, from Paris to the provinces--great restaurants, wineries, chateaux, biking trips, charming villages, and more. Also, the guide shows how to make dollars-into-francs go further. This year a dozen new interior maps have been added along with expanded coverage of shopping throughout the country. Glossary.

Travelers to the beautiful French countryside can go prepared, with the information provided in this handy and comprehensive guide.

Frommer's France 2002-Darwin Porter 2001 "Offers surprisingly candid and occasionally cantakerous assessments of hotels and restaurants. A good choice for cost-conscious travelers who like to be well informed before selecting a place to stay or eat." —National Geographic Traveler You'll never fall into the tourist traps when you travel with Frommer's. It's like having a friend show you around, taking you to the places locals like best. Our expert authors have already gone everywhere you might go-they've done the legwork for you, and they're not afraid to tell it like it is, saving you time and money. No other series offers candid reviews of so many hotels and restaurants in all price ranges. Every Frommer's Travel Guide is up-to-date, with exact prices for everything, dozens of color maps, and exciting coverage of sports, shopping, and nightlife. You'd be lost without us! Completely updated every year (unlike most of the competition), Frommer's France features gorgeous color photos of the chateaux, cathedrals, vineyards, villages, and gorgeous countryside vistas that await you. Much more detailed and comprehensive than the major competition, this is simply the most reliable and in-depth guide you can buy. It's personally researched and full of candid opinions. Our authors have chosen the very best places to stay, from the grand hotels of Paris and the chic beach resorts of the Riviera to charming and affordable

guesthouses in every provincial town. And of course, we'll make sure that you dine memorably throughout France, whether you're splurging on a world-class restaurant in Paris or looking for a little-known neighborhood bistro that serves all the classics. Wherever you go, you'll rely on Frommer's for authoritative but fun-to-use coverage of all the historic, artistic, and cultural treasures. You'll get a complete shopper's guide, the latest trip-planning advice on everything from bargain airfares to rail passes, and a complete shopper's guide. Frommer's France even features a free color fold-out map and an online directory that makes trip-planning a snap!

The GR5 Trail-Paddy Dillon 2016-01-19 An essential guidebook for walking the GR5, one of the world's most spectacular long-distance trails. The GR5 makes its way through the Alps from the shores of Lac Léman at Geneva to the Mediterranean at Nice. A route of 674km (420 miles), it can be trekked in a month, or split over a series of summer trips. The GR5 is well within the reach of fit and moderately experienced walkers and backpackers. There is good signposting and waymarking, and accommodation, food and drink are all available at regular intervals. The paths and tracks are generally well graded, while steep climbs are tackled on zigzag paths, so the overall gradient is not so severe. Every summer, thousands of walkers embark on this trek. This guidebook also describes some scenic variant routes, including the stunning GR55 through the Vanoise National Park and the delightful GR52 that crosses the Mercantour National Park. Full descriptions and maps are provided for these alternatives. The book includes daily stages, timings, ascents and descents, full-colour mapping and gradient

profiles, alongside information about facilities and services along the route. The result is an ideal companion to planning and completing your trek. Two further Cicerone guidebooks cover the remaining sections of the GR5; 'The GR5 Trail - Vosges and Jura', and 'The GR5 Trail - Benelux and Lorraine' which together cover the route from Lac Léman to the Hoek Van Holland.

French Riviera Green Guide-Michelin Travel Publications (Firm) 1997 Discusses the sights, attractions and activities of the French Riviera.
