Security, Defense Discourse  
and Identity in NATO and  
Europe-Falk Ostermann  
2018-08-06 Analyzing changes  
in the role and place of NATO,  
European integration, and  
Franco-American relations in  
foreign policy discourse under  
Presidents Jacques Chirac and

Nicolas Sarkozy, this book  
provides an original  
perspective on French foreign  
policy and its identity  
construction. The book  
employs a novel research  
design for the analysis of  
foreign policies, which can be  
used beyond the case of  
France, by combining the  
discourse theory of the Essex  
School with Interpretive  
Policy Analysis to examine  
political ideas and how they  
are organized into a foreign  
policy identity. On these  
grounds, the volume  
undertakes a comparative  
analysis of parliamentary and  
executive discourse of  
President Chirac's failed  
attempt at NATO  
reintegration in the 1990s,  
Sarkozy's successful attempt  
in the 2000s, and the Libyan  
War. Ostermann depicts  
French foreign policy and  
identity as turning away from  
the European Union,  
atlanticizing, and losing its  
American nemesis. As a  
result, France uses a much  
more pragmatic, de-unionized,  
and pro-American strategy to  
implement foreign policy  
objectives than before.  
Offering a new and innovative  
explanation for a major

Alexandre Et Nicolas-Jean-Henri Schnitzler 1854

Annuaire Europeen  
2000/European Yearbook  
2000-Francis Rosensteil

2001-07-01 The year 2000's most significant international event was, almost certainly, neither political nor military, but scientific - the announcement, in June, that the human genome had been almost totally decoded. Future generations may well see this as a major turning point, opening the way to radical

changes in diagnosis, prognosis, and medical treatment. Often compared with the space programme, this vast enterprise still generates misgivings: this new power, which human beings now have, to modify the genetic heritage of living creatures raises fundamentally new ethical questions - and society as a whole will have to find the answers. In fact, the accelerating pace of scientific and technical progress seems to be reviving atavistic anxieties, some rational, others less so. Recent public-health crises, including the mad cow disease' scare, which lasted into 2000, have fuelled these fears. The public's rejection of GMOs (Genetically Modified Organisms) - verging on a crusade in some countries - tells its own story. As regards conflict, 2000 saw the Middle East peace process grind to a halt, and the Intifada resume. In Europe, the situation in Kosovo and Chechnya, both the scenes of fighting in 1999, stayed precarious. Peace and democracy did score some successes, however, particularly in Europe: the

centre-left's victory in Croatia, sweeping former President Tudjman's party off the scene, the democratic party's triumph in Bosnia, and the fall of the Milosevic regime in Serbia.

La Russie face à l'Europe- Marie-Pierre Rey  
2016-02-10T00:00:00+01:00  
La Russie est-elle européenne ? Qu'est-ce qu'être russe ?  
Depuis le xvie siècle, la Russie entretient un lien complexe et ambigu avec l'Europe occidentale. À la tête d'un véritable État-continent s'étendant de l'Europe à l'Asie, les tsars de Russie puis les leaders soviétiques n'ont cessé de s'interroger sur l'identité de leur pays et les relations à nouer avec l'Europe, tour à tour perçue comme modèle de modernité et d'efficacité ou comme source de danger et de subversion. D'Ivan le Terrible à Vladimir Poutine, les décideurs russes ont été confrontés à ce « dilemme » : fallait-il imiter l'Europe pour mieux la dépasser, ou bien s'en protéger ? D'une plume

alerte, en s'appuyant sur un vaste ensemble documentaire, Marie-Pierre Rey explore les tourments de l'identité russe, à la croisée de l'histoire des relations internationales et de l'histoire des représentations. Inductions historiques touchant les affaires de la Turquie, par M.S. de M.....-M S de M 1828  
Annuaire Européen  
1999/European Yearbook  
1999-Francis Rosenstiel  
2001-08-01 The "European Yearbook" promotes the scientific study of nineteen European supranational organisations and the Organisation for Economic Co-operation and Development (OECD). Each volume contains a detailed survey of the history, structure and yearly activities of each organisation and an up-to-date chart providing a clear overview of the member states of each organisation. Each volume contains a comprehensive bibliography covering the year's relevant publications. This is an indispensable work of reference for anyone dealing with the European institutions.
