Last Scene Alive-Charlaine Harris 2002-08-03 In the first installment of Charlaine Harris's Aurora Teagarden series, Real Murders, the small town of Lawrenceton, Georgia, was beset by a series of horrific murders. Librarian Aurora "Roe" Teagarden teamed up with true crime writer Robin Crusoe to catch the killer, and the results of their investigation have gone down in Lawrenceton history. Now, in Last Scene Alive, Robin is back in town, set to begin filming the movie version of the terrible events of so many years ago. Of course he's not alone-he brings with him a cast and crew the size of which nearly overwhelms the tiny excitement-starved town. Roe is disturbed to discover that the film's crew includes her stepson, who despises her, as well as an actress set to play her in the film. Everyone in Lawrenceton suddenly goes movie crazy, mentally composing awards-acceptance speeches while prancing around the fringes of the set awaiting discovery. Roe's not so crazy about the whole thing...and neither is a secret, vicious murderer. When bodies start dropping, it's up to Roe to reprise her role as amateur sleuth and stop the carnage before it gets out of hand. It's no problem for the beloved small-town librarian in this wonderfully cozy installment in the adored Aurora Teagarden mystery series.

PRAISE FOR THE BUILDERS "A living, breathing world of vivid, winsome characters hellbent on their blaze of glory and as unforgiving as a runaway train carrying all your friends over a cliff. Studying the Yānomamō-Napoleon A. Chagnon 1974 "Napoleon Chagnon's well-known case study, *Yānomamō: the Fierce People*, begins with a first chapter on doing fieldwork among them. It is one of the features of this case study that makes it one of the most widely used in this series. Ever since *The Fierce People* appeared in 1968 readers have expressed their strong interest in a more complete account of Chagnon's experiences and methods of research with the Yānomamō. The present study is a response to this wish, and as the reader will discover, a very satisfying one. Studying the Yānomamō is satisfying because in it Chagnon explains not only how he went about the collection of data, why he considered it important, and how he organized it analytically, but also because his personal experience is described in vivid detail. Much of what he describes is pure adventure of the kind that most field anthropologists encounter in some degree, but rarely in quite this dramatic a context, for there are few people remaining in this world like the Yānomamō"--Page vi.

Sorrow Built a Bridge-Daniel Berrigan 2009-04-07 Sorrow Built a Bridge: Friendship and AIDS chronicles Daniel Berrigan's work with people with AIDS during the 1980s at St. Vincent's Hospital in New York City. For decades Berrigan protested war and nuclear weapons. Then in the early 1980s he also began to minister to those dying of cancer. When AIDS exploded in New York, he offered to accompany the dying at St. Vincent's, one of the first and best care facilities in the nation for people with AIDS. This account tells of the suffering of those with AIDS, an epidemic which now afflicts millions around the globe. It also shows a compassionate Christian response to such suffering. In the process, Berrigan once again teaches us how to make peace. "I list myself among the many admirers of Father Daniel Berrigan. His writings are always poetic and inspirational, his message ever timely and beneficial. Sorrow Built a Bridge is no exception. Father Dan has put a human face on AIDS, the malady which has reached epidemic proportions. He recounts here his own personal journey and ministry with fourteen specific persons for whom 'death was given a royal welcome.' He does not dwell on the causes of AIDS nor does he pass judgment on its victims doomed to 'atrocious suffering.' Father Dan gives meaning to his own experience by choosing and reflecting on selected scripture passages. He also connects his encounters with the deaths of those who were once 'young and vigorous' with his own peacemaking. In both cases, 'dreams turn into nightmares,' 'old hatreds don new fatigues' and 'immunity systems break down both in a person and in a nation.' This book is a special gift to those committed to compassionate care for persons with AIDS." Bishop Walter F. Sullivan (from the Foreword)

Considered as nothing more than cannon fodder by their superiors, they try desperately to survive. Partly as an act of defiance in the face of hardship, partly as the ultimate irony, the soldiers nickname their regiment after the famous Parisian cabaret club 'Folies Bergère'. They laugh and joke, they write, they draw, they fight, they die in appalling circumstances, they kill themselves, they lose their minds. And then one of their number is sentenced to death by firing squad... and miraculously survives...
